Oscar Wilde's Aesthetic Education Leanne Grech,2019-04-06 This book focuses on the role that the Oxford classical curriculum has had in shaping Oscar Wilde's aestheticism. It positions Wilde as a classically trained intellectual and outlines the path he took to gain recognition as a writer and promoter of the aesthetic movement. This narrative is conveyed through a broad range of literary sources, including Wilde's travel poetry, American lectures, and canonical works like 'The Critic as Artist', The Soul of Man, The Picture of Dorian Gray and De Profundis. This study proposes that Wilde approached aestheticism as a personalised, self-directed learning experience - a mode of self-culture - which could be used to maintain an intellectual life outside of the university. It also explores Wilde's thoughts on education and considers the significance of male friendship at Oxford, and in Wilde's life and literature.

Oscar Wilde's Chatterton Joseph Bristow,Rebecca N. Mitchell,2015-03-01 This book explores Oscar Wilde's fascination with the eighteenth-century forger Thomas Chatterton, who tragically took his life at the age of seventeen. This innovative study combines a scholarly monograph with a textual edition of the extensive notes that Wilde took on the brilliant forger who inspired not only Coleridge, Wordsworth, and Keats but also Victorian artists and authors. Bristow and Mitchell argue that Wilde's substantial "Chatterton" notebook, which previous scholars have deemed a work of plagiarism, is central to his development as a gifted writer of criticism, drama, fiction, and poetry. This volume reveals that Wilde's research on Chatterton informs his deepest engagements with Romanticism, plagiarism, and forgery, especially in his later works. Grounded in painstaking archival research that draws on previously undiscovered sources, Oscar Wilde's Chatterton explains why, in Wilde's personal canon of great writers, Chatterton stood as an equal in this most distinguished company.
