The Nefelibata Courtney C Trowman, 2017-04-04 The *Nefelibata* tells the story, or rather many stories, through prose, free verse poetry and haiku of someone who does not obey the conventions of society, literature or art. It asks you to live in the clouds of your own imagination... to rebel against societal expectations... to feel the earth through your bare feet and soul ... to travel and leave life behind for a while to let the spirit of the landscape and architecture move you... to appropriately mourn the endings of things ... and most importantly allow yourself to change your mind, your heart, and your life in the continual effort of expansion and standing tall in your authenticity. It is about evolution ... the evolution through love.

Black Iris Leah Raeder, 2015-04-28 The next dark and sexy romantic suspense novel from the USA TODAY bestselling author of *Unteachable*, praised for its “lush, haunting prose, deft storytelling, and scorching sensuality” (M. Pierce, bestselling author of the *Night Owl* trilogy), and called “one of the best forbidden romances” (Lauren Blakely, New York Times bestselling author). Love is not a thing that we create. It's an undoing. It only took one moment of weakness for Laney Keating's world to fall apart. One stupid gesture for a hopeless crush. Then the rumors began. Slut, they called her. Queer. Psycho. Mentally ill, messed up, so messed up even her own mother decided she wasn't worth sticking around for. If Laney could erase that whole year, she would. College is her chance to start with a clean slate. She's not looking for new friends, but they find her: charming, handsome Armin, the only guy patient enough to work through her thorny defenses—and fiery, filterless Blythe, the bad girl and partner in crime who has thorns of her own. But Laney knows nothing good ever lasts. When a ghost from her past resurfaces—the bully who broke her down completely—she decides it's time to live up to her own legend. And Armin and Blythe are going to help. Which was the plan all along. Because the rumors are true. Every single one. And Laney is going to show them just how true. She's going to show them all.

Despite her betrothal to their laird, Lady Sara Macdonald has no love for the MacLeod clan. But when her treacherous father

Saving them means turning traitor to her clan and becoming an enemy to her own blood...left to the mercy of her greatest enemy. Now her intended husband lies somewhere between life and death, and Sara's only ally is his younger brother: the fierce MacLeod warrior she's forbidden to want. And as hunger blazes to life between Rory and Sara—unbidden, untamed, and hotter than the fires of Beltane—they quickly find themselves caught between honor and a love that will turn blood against blood. The Five Dynamics of Creative Development Johannes Ziskoven, Ad van Vugt, 2020-09-30 *The Five Dynamics of Creative Development* proposes a framework for exploring and better understanding the complex and beautiful process of development and growth. This creative process takes on many forms, however always following the structure of underlying dynamics. The work is focused on recognising the dynamics and creating the right environment and conditions for growth to occur naturally. At its root lies the assumed reality that love is the true force behind positive growth, and that every human being has this basic capacity. Based on 45 years of experience working in mental health institutions, it is written by a young explorer of Art Therapy, who will guide you through a journey of positive and playful learning. It is a book full of recognition and useful tips for anyone who is personally interested in growth, creativity and change, as well as for parents, therapists, teachers and other professionals. Ad van Vugt worked in psychiatry for over forty years both clinically and on an out-patient

basis. Early on he came to the conclusion that mere talking was not enough and that the felt experience through creativity was at the basis of change. Creative activities would be an important tool to support this change. He started developing programmes with the help of colleagues and clients. The core question that occupied him was about which dynamics are actually responsible for change and development, and which conditions stimulate these dynamics in a natural way. He moved away from problem-oriented thinking and into development-oriented thinking. The theory that he developed is described in this book. Johannes Ziskoven decided in 2015 to stop his philosophy course and travelled to Spain to assist his father, participate in the courses and in return write the book about his father's work. For three years he followed him, did and assisted in workshops, tried out the different creative techniques and had almost daily conversations and interviews with his father. The result was this book. It is not only a fitting rendering of his father's work, but also a clear expression of his own creative process. He now studies in the Netherlands to become an art therapist himself.

Water Shaper Laura Williams McCaffrey, 2006 Margot is the daughter of a king, but she is beloved by neither his court nor his kingdom. She has water in her blood," a trait associated with magic and looked upon with distaste and suspicion. When she meets Orrin, a foreign king who is respectful, not scornful, of her affinity for water, she flees with him to his castle by the sea, though she soon realizes he is not as benevolent as she first thought. Intertwined with Margot's story is that of Bird, a storyteller who must tell stories for Orrin, though he can barely stand him. When Orrin steals the Book of the Sea, a magical gift given to Margot by her mother, Margot knows she must run away once again, and the threads of the two stories begin to intertwine. A convincing and beautifully realized world, a strong-minded female protagonist, and elements of Celtic folklore mark this rich, multilayered fantasy. Author's note.

Magic's Child Justine Larbalestier, 2007 Reason Cansino must uncover the secret of the magic in her family's background to save the lives of her friends Tom and Jay-tee.
