Material Koinai in the Greek Early Iron Age and Archaic Period Anastasia Gadolou, Søren Handberg, 2017-02-01 The ancient Greek word koine was used to describe the new common language dialect that became widespread in the ancient Greek world after the conquests of Alexander the Great. Modern scholars have increasingly used the word to conceptualise regional homogeneities in the material culture of the ancient Mediterranean. In this volume, twenty scholars from various disciplines present case studies that focus on the fundamental question of how to perceive and the social and cultural mechanisms that led to the spread and consumption of material culture in the Greek early Iron Age. Combined the chapters provide a critical examination of the use of the koine concept as a heuristic tool in historical research and discuss to what degree similarities in material culture reflect cultural connections. The volume will be of interest scholars interested in archaeological theory and method, the social significance of material culture, and the history of the ancient Greek world in the first half of the first millennium BC.

The Iconography of Humiliation in New Kingdom Egypt Mark D. Janzen,2024-11-26 This volume analyzes the iconography of bound foreigners on New Kingdom monuments and artifacts to better understand Egyptian perspectives on foreigners and their treatment of prisoners of war. Depictions of foreign captives in humiliating or torturous poses are ubiquitous in Egyptian iconography and reflect the celebratory nature of royal ideology, in this case by degrading enemies. Egyptologists have scrutinized these scenes for details regarding various military matters, but existing scholarly literature offers few studies focused on enemy captives and the sheer physical brutality of the depictions of their bindings. Janzen examines the bound foreigner motif in New Kingdom sources, demonstrating that these prisoners of war played vital roles in Egyptian ideology and religion. Their depictions in bizarre or torturous poses served to reinforce ideological underpinnings of pharaoh's right to rule, perpetually ritualizing their defeat and/or punishment through the presence of this iconography on ceremonial objects used primarily by the king and on temple walls and monuments. The subjugation of foreigners also constituted an important economic function, as incorporating prisoners of war into the Egyptian workforce was crucial for economic prosperity and growth in New Kingdom Egypt. The volume also explores cross-cultural and anthropological parallels, placing Egyptian treatment of foreign prisoners in its ancient context. The book provides a fascinating study of the subject suitable for scholars and students of Egyptology and ancient history, particularly that of New Kingdom Egypt, as well as those working on power, warfare, and violence in the ancient world more broadly.

**Drakon** Daniel Ogden,2013-02-28 This volume explores the dragon or the supernatural serpent in Graeco-Roman myth and religion. It incorporates analyses, with comprehensive accounts of the rich literary and iconographic sources, for the principal dragons of myth, and discusses matters of cult and the paradoxical association of dragons and serpents with the most benign of deities.

**Current Research in Egyptology 2017** Ilaria Incordino,Stefania Mainieri,Elena D'Itria,Maria Diletta Pubblico,Francesco Michele Rega,2018-06-30 Presents selected papers from the 18th Current Research in Egyptology meeting, held in Naples, 2017. Subjects discussed included Graeco-Roman and Byzantine Egypt, Nubian Studies, Language/Texts, Art/Architecture, Religion/Cult, Field Projects, Museums/Archives, Material Culture, Mummies/Coffins, Society, Technologies, Environment.

*Mummies, magic and medicine in ancient Egypt* Campbell Price,Roger Forshaw,Andrew Chamberlain,Paul Nicholson,2016-06-17 This volume, published in honour of Egyptologist Professor Rosalie David OBE, presents the latest research on three of the most important aspects of ancient Egyptian civilisation: mummies, magic and medical practice. Drawing on recent archaeological fieldwork, new research on human remains, reassessments of ancient texts and modern experimental archaeology, it attempts to answer some of Egyptology's biggest questions: how did Tutankhamun die? How

were the Pyramids built? How were mummies made? Leading experts in their fields combine traditional Egyptology and innovative scientific approaches to ancient material. The result is a cutting-edge overview of the discipline, showing how it has developed over the last forty years and yet how many of its big questions remain the same.

*An Archaeology of Greece* Anthony M. Snodgrass, 2023-11-15 Classical archaeology probably enjoys a wider appeal than any other branch of classical or archaeological studies. As an intellectual and academic discipline, however, its esteem has not matched its popularity. Here, Anthony Snodgrass argues that classical archaeology has a rare potential in the whole field of the study of the past to make innovative discoveries and apply modern approaches by widening the aims of the discipline. Classical archaeology probably enjoys a wider appeal than any other branch of classical or archaeological studies. As an intellectual and academic discipline, however, its esteem has not matched its popularity. Here, Anthony Snodgrass argues that classica

### Adopting the Track of Phrase: An Psychological Symphony within **Antikenmuseum Basel Und Sammlung Ludwig**

In some sort of eaten by screens and the ceaseless chatter of instantaneous communication, the melodic elegance and mental symphony developed by the written term usually diminish in to the backdrop, eclipsed by the persistent sound and distractions that permeate our lives. Nevertheless, set within the pages of **Antikenmuseum Basel Und Sammlung Ludwig** a stunning fictional treasure overflowing with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, this interesting masterpiece conducts readers on a mental trip, skillfully unraveling the concealed songs and profound influence resonating within each cautiously crafted phrase. Within the depths of the touching assessment, we will examine the book is central harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
