*Just Doing My Job* James Knight, 2010-11-01 JUST DOING MY JOB is a journey into the lives of the men and women behind the uniform – the cops, fires and ambos. It is an exploration of humanity and the human spirit. Imagine what it must be like to attend a fatal accident in which you know the victim; or to pull a baby out of a fire who is dressed in the same style of pyjamas that your child wears; or to have to knock on a stranger's door and tell a wife that her husband has been murdered, while in the background, her children are preparing for a slumber party. You may be called on to deliver a child or to help a family cope with the disappearance of a beloved son. At other times a day at work may find you chasing a naked man through a five-star resort; being escorted through a seedy establishment by a six-foot-four transvestite; or assisting a drunken woman who has somehow fallen into a shopping trolley and become stuck. Every day there is a possibility of being shot at, spat at, punched, verbally abused, or hugged and cheered ... The diversity of situations and emotions is surely as great as any person in any line of work ever experiences. JUST DOING MY JOB tells the stories of the unsung heroes of our emergency services. Those who are just doing their job, protecting us, saving us, serving us. Most of us see nothing more than the uniform. These are snapshots of lives and events that will give the reader a better understanding of the men and women behind the uniform.

**Ned Kelly** Ian Jones, 2010-11-01 'the best Kelly biography by a country mile' - The Australian The definitive biography of Ned Kelly - and a superb description of his times. A bestseller since it was first published, Ned Kelly: A Short Life is acknowledged as being the definitive biography. Ian Jones combines years of research into all the records of the era and exhaustive interviews with living descendants of those involved, to present a vivid and gripping account of one of Australia's most iconic figures. 'It will probably stand as the definitive account of Kelly's life and its meaning...a work of prodigious scholarship, vivid reportage and sharp analysis...the most detailed portrait of the outlaw ever written' - Rod Moran, West Australian 'the definitive biographical work' - Dr John McQuilton, author of The Kelly Outbreak

The Cops Trevor Carroll, 2022-03-01 The Cops - Not Just a Job is not a book for the faint hearted or sensitive reader. However if you want a taste of the day to day life of a cop attempting to deal with people most of us would not like to encounter, this is the book for you. Dealing with everyday events, such as break enters, suicides, drug overdoses, thefts, home invasions, gang rapes and murders. All are seen through the eyes of a first responder and an investigator. The book is

essentially in two parts - reflecting the author's working life. The first deals with time as a general duties officer. Here the events occur rapidly leaving many questions to be asked - who were these people, what were their backgrounds, what happened. However, it reveals that a general duties cop often does not know these answers. He/she just has to deal with the event, on the spot, the best they can. The second part of the book describes the author's life as a detective. Here we begin to be able to understand the background to the crimes and what happened after the initial event. It is where we meet some very undesirable people - a group of teenagers who gang rape a woman. The experience, so horrific, that she hoped that she would quickly die during the ordeal; a man who kidnapped his partner who was attempting to leave him. He shot her and, as she was dying, raped her; an escapee, who was determined not to return to goal, attempts to knife the author. Fortunately, for the reader, humorous incidents intersperse these crimes to give the reader some relief. The Cops - Not Just a Job gives an insight into a side of life most of us do not experience. It raises many issues - ethical, practical and psychological - which would be helpful for both serving and prospective police officers to discuss.

*Bent Uncensored* Susanna Lobez, 2016-10-31 The sensational murder convictions this winter of former NSW detectives Roger Rogerson and Glen McNamara for the killing of drug dealer Jamie Gao has meant that previously suppressed material in Bent can at last be read. James Morton and Susanna Lobez have illustrated, in several Gangland books, that Australia almost certainly has out-ganged other countries. Now their spotlight is turned on corruption within the police services and identifying which state wins the bent cop handicap. Morton and Lobez examine the problems that started with the First Fleet and spread through to the present day, looking at the trouble caused by greed, power, drink, sex, money and, most recently, drugs. They compare the experience in Australia with corruption in America, England and Hong Kong, concentrating in particular on organised corruption at the highest levels, including judges, lawyers and politicians, through to the petty criminals who work our streets. Which state has the shadiest cops? The answer will surprise you.
