Lima, siglo XX Aldo Panfichi,Carlos Aguirre,2014-07-01 Este libro es una recopilación de ensayos, en los que se rompe dicotomías analíticas (como centro-periferia, por ejemplo) que impiden ver la ciudad como un todo y enfatiza las conexiones entre procesos históricos y las interrelaciones entre agentes sociales en la urbe. Al centrar su atención en los dispersos espacios públicos que se han ido formando a lo largo de la historia de Lima, este libro deja de lado la idea de una ciudad laberíntica y la entiende como una ciudad archipiélago. En ella, los espacios públicos y los barrios —entendidos como microsociedades— se despliegan en forma desordenada y dispersa, pero al mismo tiempo se conectan por una variedad de prácticas, algunas de las cuales provienen de los distintos momentos del desarrollo de la ciudad, mientras otras se presentan como islotes de modernidad global. Los ensayos reunidos en este libro enriquecen nuestra comprensión sobre las formas cambiantes de ser limeño e iluminan aspectos poco frecuentados por las ciencias sociales en sus intentos por capturar las experiencias concretas de los habitantes de la ciudad. Desde una perspectiva novedosa, estos ensayos contribuyen a los debates sobre el pasado, el presente y el futuro de Lima, una urbe que a todos nos apasiona como ciudadanos y como académicos, y que constituye un desafío para quienes queremos comprenderla mejor.

**Anthropomorphic Images in Rock Art Paintings and Rock Carvings** Terence Meaden,Herman Bender,2020-02-27 In rock art, humanlike images appear widely throughout the ages. The artworks discussed in this book range from paintings, engravings or scratchings on cave walls and rock shelters, images pecked into rocky surfaces or upon standing stones, and major sacred sites, in which exists the possibility of recovering the meanings intended by the artists.

*Ritual Violence in the Ancient Andes* Haagen D. Klaus J. Marla Toyne,2016-07-26 Traditions of sacrifice exist in almost every human culture and often embody a society's most meaningful religious and symbolic acts. Ritual violence was particularly varied and enduring in the prehistoric South American Andes, where human lives, animals, and material objects were sacrificed in secular rites or as offerings to the divine. Spectacular discoveries of sacrificial sites containing the victims of violent rituals have drawn ever-increasing attention to ritual sacrifice within Andean archaeology. Responding to this

interest, this volume provides the first regional overview of ritual killing on the pre-Hispanic north coast of Peru, where distinct forms and diverse trajectories of ritual violence developed during the final 1,800 years of prehistory. Presenting original research that blends empirical approaches, iconographic interpretations, and contextual analyses, the contributors address four linked themes—the historical development and regional variation of north coast sacrifice from the early first millennium AD to the European conquest; a continuum of ritual violence that spans people, animals, and objects; the broader ritual world of sacrifice, including rites both before and after violent offering; and the use of diverse scientific tools, archaeological information, and theoretical interpretations to study sacrifice. This research proposes a wide range of new questions that will shape the research agenda in the coming decades, while fostering a nuanced, scientific, and humanized approach to the archaeology of ritual violence that is applicable to archaeological contexts around the world.

**The Worlds of the Moche on the North Coast of Peru** Elizabeth P. Benson, 2012-07-15 The Moche, or Mochica, created an extraordinary civilization on the north coast of Peru for most of the first millennium AD. Although they had no written language with which to record their history and beliefs, the Moche built enormous ceremonial edifices and embellished them with mural paintings depicting supernatural figures and rituals. Highly skilled Moche artisans crafted remarkable ceramic vessels, which they painted with figures and scenes or modeled like sculpture, and mastered metallurgy in gold, silver, and copper to make impressive symbolic ornaments. They also wove textiles that were complex in execution and design. A senior scholar renowned for her discoveries about the Moche, Elizabeth P. Benson published the first English-language monograph on the subject in 1972. Now in this volume, she draws on decades of knowledge, as well as the findings of other researchers, to offer a grand overview of all that is currently known about the Moche. Touching on all significant aspects of Moche culture, she covers such topics as their worldview and ritual life, ceremonial architecture and murals, art and craft, supernatural beings, government and warfare, and burial and the afterlife. She demonstrates that the Moche expressed, with symbolic language in metal and clay, what cultures in other parts of the world presented in writing. Indeed, Benson asserts that the accomplishments of the Moche are comparable to those of their Mesoamerica contemporaries, the Maya, which makes them one of the most advanced civilizations of pre-Columbian America.

*Señores del pasado* Raúl H. Asensio, 2019-02-20 Con lenguaje claro y preciso, a partir de fuentes inéditas, prensa y entrevistas, Raúl H. Asensio recorre la historia de la puesta en valor de los monumentos prehispánicos peruanos desde el siglo XIX hasta la actualidad. Lejos de las historias tradicionales de la arqueología, el autor nos lleva de las salas de conferencias y los salones de los museos a las agotadoras jornadas de excavación, en un esfuerzo por presentar nuevas perspectivas sobre el trabajo de los arqueólogos. Conoceremos así los éxitos y las decepciones, las controversias y rivalidades, la competencia con otras ciencias sociales y los conflictos que suscita la presencia de los arqueólogos en las poblaciones rurales. Y, por encima de todo, nos acercaremos a la ambigua relación de los arqueólogos con el otro gran

colectivo que pugna por el control de las ruinas prehispánicas: los huaqueros.

*Comparative Perspectives on the Archaeology of Coastal South America* Robyn E. Cutright, Enrique López-Hurtado, Alexander J. Martín, 2010 Thirteen papers by archaeologists from North and South America on the archaeology of coastal Ecuador, Peru, and Chile. The authors have all emphasized comparative approaches to prehispanic societies along the Pacific coast. They give preference neither to high theory nor to case-specific empirical details, but rather attempt to answer theoretically important research questions with appropriate methodologies and empirical datasets--ones that are amenable to a broad comparative view.

Flower World - Mundo Florido Mark Howell, Matthias Stockli, Arnd Adje Both, 2020-12-31 The bilingual series Flower World - Music Archaeology of the Americas raises the study of ancient music and music-related activities of the pre-Columbian Americas to the next level. For the first time in the history of science, a series offering anthologies featuring scientific investigations in this fascinating multidisciplinary field is available. The series encompasses peer-reviewed studies by renowned scholars on both past and living music traditions from South, Central and North America, and thus constitute a platform for the most up-to-date information on the music archaeology of the continent. It features case studies and the results of research projects in the field, in which a great variety of music-archaeological approaches, such as conventional archaeology - for the interpretation of the find contexts, experimental archaeology - for reconstructive instrument making and playing, ethnohistory and ethnolinguistics - for the interpretation of textual sources, music iconology - for the interpretation of visual sources, organology and acoustics, and ethnomusicology - for the research on contemporary legacies - for the study of the instrument finds, are commonly applied. The title of the series, Flower World, refers to a mythological, even sacred place filled with the sweet scent of flowers, bird calls, pleasant sounds, and dance. It is a place full of happiness and joy, even if it belongs to the realm of the Dead, which sustains the enduring renewal of life on earth.

De la recolección a la agricultura en los andes Tom D. Dillehay, 2023-01-17 La expansión de la producción de cultivos y otras tecnologías, los proyectos laborales basados en el parentesco, la construcción de montículos y el incremento demográfico formaron condiciones siempre cambiantes en los Andes. Por ello, el presente libro propone un nuevo y más complejo modelo para entender la transición de la caza y la recolección al cultivo, argumentando que tales desarrollos evolucionaron regionalmente, fueron fluidos y desiguales y estuvieron sujetos a reversión. Así, la obra presenta una gran cantidad de

evidencia arqueológica, recopilada durante más de treinta años en dos valles en el norte de Perú, para luego colocarla en el contexto de estudios recientes que analizan desarrollos similares en todo el mundo.

*Pilgrimage in Latin America* N. Ross Crumine,Alan Morinis,1991-02-07 In every region of Latin America, there are sacred shrines that draw tens of thousands of pilgrims. At present, most of these pilgrimages are overtly Catholic, but the roots of the contemporary practice are numerous: European Christian, indigenous pre-Columbian, African slave, and other religious traditions have all contributed to Latin American pilgrimage. This book explores the historical development, range of diversity, and the structure and impacts of this widespread religious practice. This volume, among the first to focus on pilgrimage in Latin America in general, creates a general framework for understanding Latin American pilgrimage. Although the contributors' focus is predominantly anthropological, analytical perspectives are drawn from numerous disciplines, including archaeology, geography, and religious and literary history. This diversity reflects the fact that pilgrimage is a multifaceted institution that incorporates geographical, social, cultural, religious, historical, literary, architectural, artistic, and other dimensions. It is this complexity that is responsible for the previous general neglect of the study of pilgrimage by scholars. The interdisciplinary collaboration that characterizes this volume is one of the most sensible ways to investigate pilgrimages. All of the essays in this book treat pilgrims, the pilgrimage center, the ritual performances, and the audience as major components, and examine the interrelationships among these dimensions. This volume will interest anthropologists, sociologists of religion, and others interested in aspects of religious practices.

El arte desde el pasado fracturado peruano Cynthia E. Milton,2018 La Comisión de Verdad y Reconciliación no solo documentó la violencia política de las décadas del ochenta y noventa, sino que también le dio a los peruanos una oportunidad única para examinar las causas y la naturaleza de esa violencia. En El arte después de un pasado fracturado peruano, académicos y artistas desarrollan el trabajo de la Comisión, argumentando a favor de ampliar la definición del testimonio para incluir diversas formas de producción artística como evidencia documental. Su enfoque innovador en la representación ofrece perspectivas nuevas y convincentes sobre cómo los peruanos experimentaron esos años y cómo han intentado adaptarse a los recuerdos y legados de la violencia. Los análisis abarcan el arte, la memoria y la verdad que resuenan en toda América Latina tras las guerras sucias del último medio siglo. Explorando diversas obras de arte, incluidos monumentos conmemorativos, dibujos, teatro, películas, canciones, retablos y ficción, así como una aclamada novela gráfica, los colaboradores muestran que el arte, no limitado por la verdad literal, puede generar nuevas oportunidades para la comprensión empática y solidaria.

*Volumen 5. La narrativa peruana contemporánea. Cuento y novela (1920-2000)* Jorge Marcone,Alberto Portugal,2023-02-24 Los ensayos reunidos en este volumen se concentran en la producción de narrativa de ficción, novela y cuento, y ofrecen una cobertura amplia de esta producción desde el año 1920 al año 2000. Los ensayos han sido distribuidos en tres secciones. El material de la primera ofrece lo que normalmente entendemos como una forma reconocible de presentar el origen y desarrollo de la narrativa contemporánea en el Perú. Se trata, en gran medida, de asuntos, géneros, obras y autores a partir de los cuales se ha definido el canon de esta narrativa a lo largo de las décadas de 1920 y 1970. La segunda sección propone visiones alternativas: presenta cuatro estudios que retan la integridad de una narrativa pensada dentro de las coordenadas del cauce central. Evidencian la insuficiencia de esa perspectiva al hacer visible una vasta producción que plantea cuestiones y problemas fundamentales, tanto en lo referente a los ámbitos de la representación como a las formas de la experiencia y la imaginación sociales activas a lo largo del siglo XX. Se concentran estos ensayos en aspectos específicos atendiendo a criterios de género o etnia, o enfatizando modos narrativos opacados y redefiniendo el ámbito de representación más allá de la dicotomía costa-sierra. La tercera sección está dedicada a una coyuntura particular, las dos décadas que cierran el siglo XX: las raíces del presente. Aquí podemos observar la compleja articulación de distintas épocas y sensibilidades: vemos la multiplicación de canales y la presencia en escena de una multitud de autores y de agendas narrativas e ideológicas, así como también diferentes entonaciones en el diálogo con la tradición literaria. El propósito de esta estructuración es sugerir posibles lecturas del corpus, y dar cuenta de distintas interpretaciones del origen y desarrollo de la narrativa contemporánea en el Perú.

*Independencia* Natalia Sobrevilla Perea,2021-06-28 En Independencia , la historiadora Natalia Sobrevilla nos invita a

pensarnos como país desde el relato de la gesta emancipadora. La publicación da cuenta de los antecedentes que marcaron el fin del periodo colonial, eventos, personajes y escenarios protagónicos de la independencia del Perú. Cuando se piensa en la Independencia del Perú, se suele poner el foco en la proclamación del general San Martín en Lima, el 28 de julio de 1821. Sin embargo, la complejidad de ese acontecimiento amerita una reflexión que permita comprenderlo más allá del límite celebratorio de las fechas patrias. En Independencia , la historiadora Natalia Sobrevilla nos invita a pensarnos como país desde el relato de la gesta emancipadora, entendida como un hecho de dimensiones tanto nacionales como globales, donde confluyen diversos factores cuyas repercusiones alcanzan nuestro presente. El libro da cuenta de los antecedentes que marcaron el comienzo del fin del periodo colonial, los planes iniciales independentistas, la Expedición Libertadora de Lima, los primeros gobiernos, las maniobras a los puertos llamados intermedios, hasta el desenlace de la batalla final. Además de considerar los eventos, figuras y escenarios protagónicos de la Independencia, la autora ha sabido darles visibilidad a las personas comunes y corrientes, cuyas vidas cambiaron radicalmente al enfrentar las vicisitudes de la guerra. Estas páginas recrean una memoria común y permiten revisar los orígenes de la República en la que vivimos y lo que representa formar parte de ella. Son también un motivo para calibrar, en su justa dimensión, el sentido y el valor del Bicentenario.
