

Ten Myths About Israel

Rachel Raskin-Zrihen, Rachel Rae Moncharsh-Lessem, Shoshana Deutscher-Nurik

Ten Myths About Israel Ilan Pappé, 2017-04-04 In this groundbreaking book, the outspoken and radical Israeli historian Ilan Pappé examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. This has been updated with a new afterword on the 2023 invasion of Gaza. 1. Palestine was an Empty Land 2. The Jews were a people without a land 3. Zionism is Judaism 4. Zionism is not Colonialism 5. The Palestinians Voluntarily Left their Homelands in 1948 6. The June 1967 War was a war of 'No Choice' 7. Israel is the only democracy in the Middle East 8. The Myths about the Oslo Agreement 9. The Lies we tell about Gaza 10. The two state solution is the only way forward

Ten Myths About Israel Ilan Pappé, 2024-09-17 The myths and reality behind the state of Israel and the Israeli-Palestinian conflict—from “the most eloquent writer on Palestinian history” (New Statesman) The outspoken and radical Israeli historian Ilan Pappé examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. The “ten myths”—repeated endlessly in the media, enforced by the military, and accepted without question by the world’s governments—reinforce the regional status quo and include: • Palestine was an empty land at the time of the Balfour Declaration. • The Jews were a people without a land. • There is no difference between Zionism and Judaism. • Zionism is not a colonial project of occupation. • The Palestinians left their Homeland voluntarily in 1948. • The June 1967 War was a war of ‘No Choice’. • Israel is the only Democracy in the Middle East. • The Oslo Mythologies • The Gaza Mythologies • The Two-State Solution For students, activists, and anyone interested in better understanding the news, *Ten Myths About Israel* is another groundbreaking study of the Israel-Palestine conflict from the author of *The Ethnic Cleansing of Palestine*.

Ten Myths About the Jews Maria Luiza Tucci Carneiro, 2020-02-21 *Ten Myths about the Jews* analyzes the complex facets of anti-Semitism and anti-Judaism in an accessible and easy-to-read format. Based on wide research, Brazilian historian Maria Luiza Tucci Carneiro examines different manifestations against Jews and their faith through history and political culture along the centuries. Ten omnipresent accusations were configured by anti-Semites in axioms that became myths: Myth 1: The Jews killed Christ. Myth 2: The Jews are a secret entity. Myth 3: The Jews control the world economy. Myth 4: There are no poor Jews. Myth 5: The Jews are greedy. Myth 6: The Jews have no homeland. Myth 7: The Jews are racists. Myth 8: The Jews are parasites. Myth 9: The Jews control the media. Myth 10: The Jews manipulate the United States. Tucci Carneiro unmasks the roots of anti-Semitism and exposes contemporary prejudices. Her book is an invitation to reflect upon current realities

marked by racism and shows how the main myths about the Jews have been vested of a verisimilitude that has persisted for the last 2000 years, all over the world, by means of hatred of the other, political/religious opportunism and economic deceit. The myths are kept alive by means of constant repetition and re-elaboration of a particular narrative, invariably seductive. The author proves each of the ten myths in terms of their historical record, their origins and purposes. Even though Jews are fully integrated into western society in multiple ways (entrepreneurship, medicine, literature, philosophy, the arts), racist myths against the community have been particularly resilient; they attempt to override common sense and their continuous circulation and rehashing through scapegoating and caricature has had profound negative repercussions for society as a whole. *Ten Myths*, now published in five languages, is an essential tool in the struggle against the discourse of racist hatred.

Traces of Racial Exception Ronit Lentin, 2018-08-09 Positioning race front and centre, this book theorizes that political violence, in the form of a socio-political process that differentiates between human and less-than-human populations, is used by the state of Israel in racializing and ruling the citizens of occupied Palestine. Lentin argues that Israel's rule over Palestine is an example of Agamben's state of exception, Goldberg's racial state and Wolfe's settler colony; the Israeli racial settler colony employs its laws to rule besieged Palestine, while excluding itself and its Jewish citizen-colonists from legal instruments and governmental technologies. Governing through emergency legislation and through practices of exception, emergency, necessity and security, Israel positions itself outside domestic and international law. Deconstructing Agamben's Eurocentric theoretical position Lentin shows that it occludes colonialism, settler colonialism and anti-colonialism and fails to specifically foreground race; instead she combines the work of Wolfe, who proposes race as a trace of settler colonialism, and Weheliye, who argues that Agamben's western-centric understanding of exception fail to speak from explicitly racialized and gendered standpoints. Employing existing media, activist, and academic accounts of racialization this book deliberately breaks from white, Western theorizations of biopolitics, exception, and bare life, and instead foregrounds race and gender in analysing settler colonial conditions in Israel.

Israel's Armor Walter L. Hixson, 2019-04-11 Israel's Armor provides a foundational history of the Israel lobby and its influence on American foreign policy.

An Introduction to the Israeli-Palestinian Conflict Akan Malici, 2025-02-04 As one of the most enduring and bitter struggles we have seen in over 100 years, the Israeli-Palestinian conflict is a powder keg, always on the verge of exploding and drawing in the wider region, the international community at large, and, in particular, the U.S. Although the conflict is of far-reaching importance, among college students and the general public there is a dearth of knowledge about it. Many of the conversations in these audiences are animated by ongoing myths and problematic talking points. This book fills in the gaps of understanding while puncturing false dichotomies and tearing down walls of ideology or indifference. It addresses perennial questions including: When and why did the conflict start? What exactly are the claims of the contending sides? Why does

peace seem unattainable? What is a likely long-term outcome and how can it be brought about in a peaceful way, doing justice to both sides? Finally, this book maintains that historic Palestine, the land between the Mediterranean and the Jordan River, must become a home for both Palestinians and Jews, with equal standings for both and without exclusive claims for either. For students, scholars, and citizens of the world, this book provides a concise and level-headed way to understand one of the most complex and vexing conflicts of our time.

Reporting Palestine-Israel in British Newspapers Nadia R. Sirhan, 2021-08-28 This book examines the portrayal of the Palestinian-Israeli 'conflict' by looking at the language used in its reporting and how this can, in turn, influence public opinion. The book explores how language use helps frame an event to elicit a particular interpretation from the reader and how this can be manipulated to introduce bias. Sirhan begins the book by examining the history of the 'conflict', and the many persistent myths that surround it. She analyses how five events in the 'conflict' (two in which the Palestinians are victims, two in which the Israelis are victims, and Operation Cast Lead) are reported in five British newspapers: The Daily Mail, The Guardian, The Independent, The Daily Telegraph, and The Times. By looking at these events across a range of newspapers, the book investigates differences in the way that the media report each side, before exploring what factors motivate these differences – including issues of bias, censorship, lobbying, and propaganda.

Christ in the Rubble Munther Isaac, 2025-03-27 A cry from the heart and a call to action from a Palestinian Christian pastor and theologian In this impassioned and incisive book, Munther Isaac challenges mainstream Christians' uncritical embrace of the modern State of Israel. Speaking from his unique vantage point as a prominent Palestinian Christian pastor and theologian, he proclaims a truth that is rarely acknowledged in Christian circles: Israel's campaign to eliminate the Palestinian people did not begin after October 7, 2023. Rather, the campaign is a continuation of a colonial project with nineteenth-century roots that has, since 1948, established systems of entrenched discrimination and segregation worse than South Africa's apartheid regime. Writing from Bethlehem with close-up knowledge of conditions on the ground, and rooted in a commitment to nonviolence and just peace, Isaac urges readers to recognize that support for Zionism's genocidal project entails a failure to bring a properly Christian theological criticism to bear upon colonialism, racism, and empire. He calls on Christians to repent of their complicity in the destruction of the Palestinian people. And he challenges them to realign their beliefs and actions with Christ—who can be found not among perpetrators of violence, but with victims buried under the rubble of war.

Labour's Antisemitism Crisis David Renton, 2021-08-16 Between 2015 and 2020 the Labour Party was riven by allegations that the party had tolerated antisemitism. For the Labour right, and some in the media, the fact that such allegations could be made was proof of a moral collapse under Jeremy Corbyn's leadership. Sections of the left, meanwhile, sought to resist the accusations by claiming that the numbers of people accused of racism were few, that the allegations were an orchestrated

attack, and that those found guilty were excluded from the party. This important book by one of Britain's leading historians of anti-fascism gives a more detailed account than any yet published of what went wrong in Labour. Renton rejects those on the right who sought to exploit the issue for factional advantage. He also criticises those of his comrades on the left who were ignorant about what most British Jews think and demonstrated a willingness to antagonise them. This book will appeal to anyone who cares about antisemitism or left-wing politics.

Soft Threats to National Security Dana Barnett, Efraim Karsh, 2021-11-29 This book explores the Boycott, Divestment, and Sanctions (BDS) phenomenon - its impact and implications for Israel and the Palestinian-Israeli conflict, as well as the inextricable linkage between its anti-Israeli/anti-Zionist propaganda and antisemitism, unraveled from yet unknown perspectives. The edited volume offers groundbreaking research: While Israeli public diplomacy focused on security, Palestinian diplomacy focused on a fabricated history. The book analyzes the old Russian anti-Zionist propaganda and its application by the BDS. The public space of BDS activity projects a humane façade, yet the covert part harbors antisemitic and violent supporters including terror groups and Iran. Western universities turned into incubators of pro-Palestinian groups that portray Israel as the source of evil. The academic boycott of Israel worked to isolate and stigmatize Jewish scholars in America because of a presumed Jewish occupation of the American academe. Western liberals wish to build bridges with the Muslim world, unable to overcome differences on democracy, secularism, women's rights, etc., they focus on what they agree: animosity towards Israel. So has the UN; the ICC; Bedouin advocacy; and Human Rights Watch. The chapters in this book were originally published as a special issue of the journal *Israel Affairs*.

Defining Israel Simon Rabinovitch, 2018-11-12 *Defining Israel: The Jewish State, Democracy, and the Law* is the first book in any language devoted to the controversial passage of Israel's nation-state law. Israel has no constitution, and though it calls itself the Jewish state there is no agreement among Israelis on how that fact should be reflected in the government's laws or by its courts. Since the 1990s a number of civil society groups and legislators have drafted constitutions and proposed Basic Laws with constitutional standing that would clarify what it means for Israel to be a Jewish and democratic state. Are these bills liberal or chauvinist? Are they a defense of the Knesset or an attack on the independence of the courts? Is their intention democratic or anti-democratic? The fight over the nation-state law - whether to have one and what should be in it - toppled the 19th Knesset's governing coalition and, even after its passage on July 29, 2018, remains a point of contention among Israel's lawmakers and increasingly the Israeli public. *Defining Israel* brings together influential scholars, journalists, and politicians, observers and participants, opponents and proponents, Jews and Arabs, all debating the merits and meaning of Israel's nation-state law. Together with translations of each draft law, the final law, and other key documents, the essays and sources in *Defining Israel* are essential to understand the ongoing debate over what it means for Israel to be a Jewish and democratic state.

Peacemakers in Israel-Palestine Robert Hostetter, 2022-10-04 This book offers an analysis of the major sources of the Israeli-Palestinian conflict and suggests principles and processes for building a peacemaking platform. The primary aim of this book is to analyze the crucial roles and capacities of mid-level, nongovernmental peacemakers as they provide unique approaches to transforming the Israel-Palestinian conflict. It also aims to analyze and experience dialogue as the primary mode of peacemaking communication. The two-part format of this book creates a structural dialogue. Part One provides an academic introduction to the Israeli-Palestinian conflict, why it matters, the role of identities, and strategies for transforming the conflict based on international law and human rights. Part Two is presented in a dialogue format, providing further conflict analysis through storytelling and dialogues with peacemakers. This book will be of great interest to anyone engaged with peace and conflict transformation, ethnography, social justice, communication studies, and Middle Eastern studies, human rights and international law.

Friends of Israel Hilary Frances Aked, 2023-04-18 Is there such a thing as “the Israel lobby,” and how powerful is it really? Friends of Israel provides a forensically researched account of the activities of Israel’s advocates in Britain, showing how they contribute to maintaining Israeli apartheid. The book traces the history and changing fortunes of key actors within the British Zionist movement in the context of the Israeli government’s contemporary efforts to repress a rising tide of solidarity with Palestinians expressed through the Boycott Divestment and Sanctions (BDS) movement. Offering a nuanced and politically relevant account of pro-Israel actors’ strategies, tactics, and varying levels of success in key arenas of society, it draws parallels with the similar anti-boycott campaign waged by supporters of the erstwhile apartheid regime in South Africa. By demystifying the actors involved in the Zionist movement, the book provides an anti-racist analysis of the pro-Israel lobby which robustly rebuffs anti-Semitic conspiracies. Sensitively and accessibly written, it emphasises the complicity of British actors - both those in government and in civil society. Drawing on a range of sources including interviews with leading pro-Israel activists and Palestinian rights activists, documents obtained through Freedom of Information requests and archival material, Friends of Israel is a much-needed contribution to Israel/Palestine-related scholarship and a useful resource for the Palestine solidarity movement.

Analysing the Israel Effect in Canada Peter Eglin, 2024-05-21 What is the life of a Palestinian worth to intellectuals in Canadian universities and news media? Analyzing the Israel Effect documents and analyzes the discursive and organizational methods by which public criticism of Israel’s oppression of the Palestinians is silenced in Canada, as experienced through ten episodes in the life of the author over a thirty-year period from 1990-2020 in interaction with his university and local and national Canadian news media. As a sociological work the book is a critical autoethnography. But it is also an atrocity tale, a horror story of institutional self-censorship amounting to the abrogation of intellectual responsibility by those specifically charged with upholding it. In the end, the book is a crossover between academic treatise and journalistic exposé, “a historical

narrative written by an academic from the standpoint of a political participant-observer” (Rajan Philips). The Israel Effect itself is analyzed as a three-tier propaganda industry. Hasbara is produced in Israel (Tier 1), disseminated to Israel Lobby groups around the world (Tier 2) and independently re-produced, actively and passively, by the “intellectual” institutions – universities and news media (Tier 3). This book is about the non-Jewish, non-Zionist institutions of Tier 3, the onlookers to war crimes, ethnic cleansing and, arguably, genocide, as in Gaza in October-November 2023. This work stands as a compelling testament to the importance of preserving freedom of expression, and the vital role intellectuals play in challenging injustice and promoting transparency. It is ideal for scholars, activists, and anyone seeking to understand the complexities of political activism and the power dynamics behind public discourse.

Social Justice and Israel/Palestine Aaron J. Hahn Tapper, Mira Sucharov, 2019-06-24 This book critically assesses a series of complex and topical debates helping readers to make sense of the politics surrounding the Israeli-Palestinian relationship. Each chapter considers one topic, represented by two or three essays offered in conversation with one another. Together, these essays advance different perspectives; in some cases they are complementary and in others they are oppositional. Topics include scholarly and activist interpretations of narratives in the context of Israel/Palestine; the concept of self-determination for Jewish Israelis and Palestinians; the debate over settler-colonialism as an appropriate framework for interpreting the history of Israel/Palestine; and questions surrounding Jewish and Palestinian refugees and the impact of displacement, among others. Through these foundational and contemporary topics, readers will be challenged to critically examine the strengths and weaknesses of each position in light of scholarly debates rooted in social justice and helped to gain a deeper understanding of the relationship between Israelis and Palestinians in order to see a path forward toward justice for all.

Unsettled Oren Kroll-Zeldin, 2024-06-11 Examines how young Jewish Americans’ fundamentally Jewish values have led them to organize in solidarity with Palestinians Unsettled digs into the experiences of young Jewish Americans who engage with the Palestine solidarity movement and challenge the staunch pro-Israel stance of mainstream Jewish American institutions. The book explores how these activists address Israeli government policies of occupation and apartheid, and seek to transform American Jewish institutional support for Israel. Author Oren Kroll-Zeldin identifies three key social movement strategies employed by these activists: targeting mainstream Jewish American institutions, participating in co-resistance efforts in Palestine/Israel, and engaging in Boycott, Divestment, and Sanctions (BDS) campaigns. He argues that these young people perceive their commitment to ending the occupation and Israeli apartheid as a Jewish value, deeply rooted in the changing dynamics of Jewish life in the twenty-first century. By associating social justice activism with Jewish traditions and values, these activists establish a connection between their Jewishness and their pursuit of justice for Palestinians. In a time of internal Jewish tensions and uncertainty about peace prospects between Palestine and Israel, the book provides hope that

the efforts of these young Jews in the United States are pushing the political pendulum in a new direction, potentially leading to a more balanced and nuanced conversation.

Like Birds in a Cage David M. Crump, 2021-10-28 When Christians collude in crimes against humanity, they betray their citizenship in the kingdom of God, demonstrating that Christ's Lordship does not rule over every area of their lives. The popular ideology known as Christian Zionism is a prime enabler of such widespread discipleship—failure in western Christianity. As the state of Israel continues to violate international law with colonial settlement in lands captured by warfare, legalized racial discrimination, and the creation of what many have called “the world’s largest open-air prison” in Gaza, Christian Zionists continue their unqualified support for Zionist Israel. Though Israel advertises itself as “the only democracy in the Middle East,” it is actually a rigid ethnocracy—its entire society built on the foundations of Jewish supremacy over a Palestinian underclass. History will eventually judge Christian Zionist support for Israel’s crimes against the Palestinians in the same way people of conscience now condemn the Christian church in the American South for its defense of slavery and hostility towards the civil rights movement. Just as the Southern Baptist church finally repudiated its pro-slavery past, so everyone genuinely devoted to Jesus Christ must repudiate both the ideology and the legacy of Christian Zionism.

A Very Short History of the Israel-Palestine Conflict Ilan Pappé, 2024-10-03 An indispensable guide to understanding the Israel-Palestine conflict, and how we might yet still find a way out of it. 'Ilan Pappé is the most original, radical and hard-hitting of Israel's new historians.' Avi Shlaim, author of *Three Worlds* The devastation of 7 October 2023 and the horrors that followed astounded the world. But the Israel-Palestine conflict didn't start on 7 October. It didn't start in 1967 either, when Israel occupied the West Bank, or in 1948 when the state of Israel was declared. It started in 1882, when the first Zionist settlers arrived in what was then Ottoman Palestine. Ilan Pappé untangles the history of two peoples, now sharing one land. Going back to the founding fathers of Zionism, Pappé expertly takes us through the twists and turns of international policy towards Israel-Palestine, Palestinian resistance to occupation, and the changes taking place in Israel itself.

Comprehending and Confronting Antisemitism Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2019-11-05 This volume provides a compendium of the history of and discourse about antisemitism - both as a unique cultural and religious category. Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew-hatred, which are stored in the cultural and religious memories of the Western and Muslim worlds, migrating freely between Christian, Muslim and other religious symbolic systems.

Jewish Community of Solano County Rachel Raskin-Zrihen, Rachel Rae Moncharsh-Lessem, Shoshana Deutscher-Nurik, 2014-10-27 This book contains images and stories of some of the Jews who have impacted Solano County. It is not a

record of every Jew to pass this way, some of whom may have come intending to shed their Jewish identity by changing their names or converting. Wonderful stories emerged about extraordinary people who made their marks here with few suspecting their Jewish roots, yet they were traceable often because in death they chose to reclaim their heritage. Others came to live as Jews and built an enduring community. The story within these pages travels from the Old World to the edge of Gold Country, where there lives a tenacious, though often invisible, Jewish community.

Ten Myths About Israel Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks.

These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Ten Myths About Israel PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and

effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Ten Myths About Israel PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Ten Myths About Israel free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Ten Myths About Israel Books

1. Where can I buy Ten Myths About Israel books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available?
Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Ten Myths About Israel book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Ten Myths About Israel books?
Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Ten Myths About Israel audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Ten Myths About Israel books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
