53 Quotes to change your perception Prasanna M S, I believe that Life is always ready to teach, it depends on us whether we choose to learn from it or not. I have been guided by this principle and have continuously looked at several ways to acquire knowledge. During pandemic, I was looking for ways to keep the team motivated and engaged. It occurred to me that we can keep the team motivated by regularly bringing some relevant quotes from leaders around the world that can lift the spirits of the team. I started posting a quote on Monday each week, this was well received by the team and I extended this to share with social media on LinkedIn. Looking at an encouraging engagement and reaction to my posts. I continued this practice and that is how I ended up with more than a year worth of motivational quotes that I present to you as part of this journal/book. Initially I posted quotes that were already familiar or famous personalities who have had significant impact to society. Later this led to lot of research and learning on my own part. Here as part of this collection, I present to you what I learnt about the quote, the leaders and the quotes in turn had some meaningful thought provoking learning overall.

Dare to Dream Alice Brown,2020-01-06 Dream seeds are the beginning of finding the things in our life that give us purpose and fulfillment. Excerpts from the book: One of the obstacles to dreaming and fulfilling our destiny is fear. Deep within every person, very deep down inside, is a spark of life crying out to fulfill something for which we were created. Without a life purpose as the compass to guide you, your goals and action plans may not ultimately fulfill you. I believe there is something inside of us that tells us we were made for greatness, and it creates in us a longing to know our purpose.

Social Ethics in the Making Gary Dorrien,2011-04-06 In the early 1880s, proponents of what came to be called “the social gospel” founded what is now known as social ethics. Charts the story of social ethics - the idea that Christianity has a social-ethical mission to transform society - from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy, church, and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self-styled “public intellectuals” through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award

The Spirit of American Liberal Theology Gary Dorrien,2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far-more-accessible summary

of Gary Dorrien's three-volume trilogy, *The Making of American Liberal Theology* (Westminster John Knox Press 2001, 2003, and 2006), Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists, developments into early 2020s, and a robust expression of the author's post-Hegelian liberal-liberationist perspective.

10,000 Dreams Interpreted Pamela Ball, 2006-06-01 Enter the fascinating world of dreams, their mysteries, their meanings: To dream of a bird flying freely represents hopes and aspirations To dream of winter means a time in life that is not fruitful To be visited by someone in a dream can mean that there is information, warmth, or love available To be searching in a dream is an attempt to find an answer to a problem These are just a few of the 10,000 dream images and interpretations contained in this volume, a book that can bring insight, clarification, and guidance.

Palliative Care Harold Y. Vanderpool, 2015-07-02 The long history of medical care for the dying has largely been neglected. It began in 1605 when physicians were challenged to enable persons to die peacefully. Today it includes palliation of oppressive symptoms, emotional and psychological care, and respect for the wishes and cultural backgrounds of patients and families. Especially since the 1990s, it embraces symptom-easing palliation for patients with severe life-limiting and chronic illnesses. Providing a detailed picture of contemporary palliative care, this book chronicles four centuries of the quest for a good death, covering the fight against futile end-of-life treatments, the history of life-extending treatments and technologies, the roles of nurses, the liberation of the dying from isolation in hospitals and hard-won victories to secure patients' right to choose.
