Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. [Boost Your STEAM Program with Great Literature and Activities](#) Liz Knowles, Martha Smith, 2018-06-01 You've created a STEAM program in your library, but how do you work literacy into the curriculum? With this collection of resource recommendations, direction for program development, and activities, you'll have students reading proficiently in no time. Many schools and libraries are implementing STEAM programs in the school library makerspace to promote problem solving

by allowing students to create their own solutions to a problem through trial and error. In order to enhance literacy development in the STEAM program, however, they need resources for integrating literature into the curriculum. In this collection of resources for doing just that, veteran education professionals and practiced coauthors Liz Knowles and Martha Smith bring readers over eight hundred recommended and annotated books and web resources, selected based on research on successfully integrating STEAM and literacy programs and organized by the five STEAM areas. Titles are complemented by discussion questions and problem-solving activities that will aid educators in both adding and using the best literature to their STEAM programs for encouraging learning. In addition to promoting literacy, these resources will help to develop creativity, lateral thinking skills, and confidence in students.

The Common Core Approach to Building Literacy in Boys Liz Knowles, Martha Smith, 2014-05-27 Written with a focus on the English Language Arts Common Core Standards, this book provides a complete plan for developing a literacy program that focuses on boys pre-K through grade 12. Despite the fact that reading and literacy among boys has been an area of concern for years, this issue remains unresolved today. Additionally, the emphasis and focus have changed due to the implementation of the English Language Arts Common Core Standards. How can educators best encourage male students to read, and what new technologies and techniques can serve this objective? The Common Core Approach to Building Literacy in Boys is an essential resource and reference for teachers, librarians, and parents seeking to encourage reading in boys from preschool to 12th grade. Providing a wide array of useful, up-to-date information that emphasizes the English Language Arts Common Core Standards, the bibliographies and descriptions of effective strategies in this book will enable you to boost reading interest and performance in boys. The chapters cover 16 different topics of interest to boys, all accompanied by a complete bibliography for each subject area, discussion questions, writing connections, and annotated new and classic nonfiction titles. Information on specific magazines, annotated professional titles, books made into film, websites, and apps that will help you get boys interested in reading is also included.

**A Race to Freedom** David Williams,2018-04-28 Mira Slovak was born in Czechoslovakia and endured both the Nazi occupation and the brutal Russian liberation. He joined the Czech Air force, rising to Captain by the age of 21. When he could no longer tolerate life under the Communists, he hijacked an airliner and flew across the Iron Curtain to freedom. He went to work for the CIA and was eventually sent to the US and given a job as Bill Boeing, Jr's personal pilot. When Boeing began racing Hydroplanes in the late 1950s, Mira was his driver. During his ten year career as a hydroplane driver, he won many races and two national championships. He met Presidents and dated movie starlets. After a serious hydroplane accident, Slovak switched to airplanes where he won another national championship. When he retired from racing he became a stunt pilot and public speaker and talked about the value of freedom and how we should value it above everything else. He outlasted Communism and when it collapsed in 1990 he returned to his home, only to realize that his true home was, and always would, be the United States.
