

Bruja Antagonista De La Sirenita

Elena Bandrés Goldáraz,Rocío Diez Ros,Tasia Aránguez Sánchez

Feminismos aplicados. Un enfoque desde la educación, género, violencia estructural y los movimientos sociales. Elena Bandrés Goldáraz,Rocío Diez Ros,Tasia Aránguez Sánchez,2022-06-28 En el momento actual el feminismo Se ha convertido en uno de los campos de conocimiento más fecundos, con más producción científica y desarrollos más originales, pues sus trabajos se incardinan en toda una corriente que proviene de múltiples sectores, una fuerza viva, como atestiguan las grandes protestas de mujeres que han tenido lugar en la última década. Los resultados de las investigaciones feministas suscitan indudable interés social, pues estos estudios nacen de la necesidad generada por la pervivencia de la discriminación estructural, el androcentrismo cultural y la violencia machista que no cesa. Los últimos años han estado marcados por el deterioro de las condiciones económicas, el intento de retroceso de los servicios públicos y el aislamiento a causa de la pandemia de Covid-19. Dicha situación ha acrecentado todas las formas de discriminación, violencia y subordinación experimentadas por las mujeres. Todo ello acredita la actualidad de este libro que desarrolla un análisis feminista de la sociedad y la cultura.

¿Princesas de carne y hueso? Carla María Maeda González,2021-12-15 Partiendo de la importancia que tiene conocer qué tipo de mensajes transmiten a través de los medios de comunicación tanto tradicionales como digitales, y la manera en que las audiencias decodifican y reconfiguran estos significados, el presente libro propone un acercamiento a las audiencias infantiles, tomando como base los contenidos producidos por el conglomerado mediático más importante a nivel mundial, y que, además, tiene desde sus inicios a los niños como principal público meta. Así, a través de estas páginas se detalla una investigación estructurada y sistemática de las audiencias infantiles mexicanas y su relación con un producto mediático bien conocido por el público en general, y que ha permanecido en el gusto de los espectadores a través de distintas generaciones, las Princesas Disney. En este libro el lector podrá encontrar, en primer lugar, información importante acerca de The Walt Disney Company, el gigante mediático responsable de estas producciones, y posteriormente algunos estudios científicos que se han realizado en torno a esta compañía. Posteriormente, se encontrarán los resultados del estudio realizado con niñas mexicanas en torno a los 11 personajes de Princesas Disney: Blanca nieves, Cenicienta, Aurora, Ariel, Bella, Jasmine, Pocahontas, Mulán, Tiana, Rapunzel y Mérida. Esta obra puede resultar de interés tanto para los estudiosos de la comunicación como para padres y educadores e incluso para cualquier persona que haya estado o esté en contacto con los

contenidos Disney.

Ideologías animadas Juan Sklar, 2019-12-03 Cada vez que en la radio hablo de cine infantil, su filosofía y la influencia que tiene en las personas, escucho una versión de este comentario: Es entretenimiento, están hechas para ganar plata. No tienen mensaje. Es verdad. Son comerciales. Pero ganan millones de dólares porque tienen contenido filosófico. Muchos de los valores con los que se criticaba a Disney en los 70 fueron absorbidos por toda la industria de entretenimiento infantil. Hoy los protagonistas blancos y cristianos comparten cartel con una larga lista de etnias y nacionalidades. Las princesas están empoderadas. Hasta la diversidad sexual aparece: Mulan es la historia de una chica travestida, bisexual, incluso queer. Las tres grandes sagas de Dreamworks (Shrek, Kung fu panda y Cómo entrenar a tu dragón) tienen héroes feos, gordos y con discapacidad. Incluso la idea del bien y del mal está cambiando: cada vez hay menos films con villanos que son esencialmente malvados. Pero un conflicto sigue siendo invisible: la desigualdad de clase. No me sorprendería si en los próximos años se impusiera esta visión de mundo. Un capitalismo feminista, multiétnico, sexualmente diverso e inclusivo con todas las minorías, pero profundamente desigual en lo económico. Los chicos están frente a la maquinaria ideológica más potente de nuestro tiempo. Porque en Disney, en Pixar, en Dreamworks y en Ilumination se reflejan y se instalan los valores de nuestra civilización.

La verdadera historia de los cuentos populares Blanca Álvarez González, 2012-07-04 La verdadera historia de los cuentos populares es un riguroso y bien documentado trabajo sobre los personajes (héroes, heroínas, traidores y demás personajes secundarios), el simbolismo y la función de los cuentos. Dependiendo del origen de los cuentos, los personajes y la propia historia tendrán simbologías diferentes. Pero todas las historias, sobre todo aquellas que nos llegan a través de la tradición oral, están marcadas por las circunstancias sociales del momento, por las necesidades que impulsan al colectivo a volcar en palabras, avisos, angustias, tradiciones... Cuando se realiza a través de la escritura, el modo culto, oficial y privilegiado, se utilizan mitos que simbolizan y fijan con fuerza en la mente infantil y juvenil aquello que sus autores o autoras quisieron reflejar. Sin conocer este origen necesario, la comprensión del relato pierde gran parte de su carga dramática, tornándose, cuando menos incomprendible, ridículo en otros casos, excesivo y cruel en casi todos. De todos los estudios realizados sobre los conocidos, leídos, tergiversados y edulcorados cuentos, apenas se han divulgado nada más que algunas anotaciones de antropología social sobre el mundo en que fueron creadas esas narraciones. Tal vez por ese desconocimiento, o por simple olvido, sea tan difícil comprender algunas de sus claves; tal vez por eso, la interpretación que de ellos se ha hecho no obedezca a la realidad de su tiempo, sino al deseo de nuestra propia realidad. Es decir, los miramos desde un tiempo, el nuestro, que, por fin, ha concedido derechos a la infancia. Por todo eso, hoy tal vez más que en otros momentos históricos, recuperar una lectura diferente de nuestra inmensa tradición oral, resulte más urgente que nunca. Es importante conocer qué querían contar y porqué cuentos como: El flautista de Hamelin, La bella durmiente Pulgarcito,

Caperucita roja, Cenicienta, Barba azul, La Sirenita, Blancanieves, Hansel y Gretel , ...

Galáxia ,2001

Muertes creativas en el cine Joan Marimón,2018-10-02 La muerte es un poderoso elemento dramático, el motor del drama por excelencia, el motivo perfecto para empujar al protagonista a la acción. Sin ella no hay relato, no hay historia, no hay, en definitiva, interés. La masacre en las escaleras de Odesa en El acorazado Potemkin, el gorila King Kong abatido por los aviones, el asesinato en la ducha en Psicosis, la desconexión de la computadora Hal en 2001, los disparos que acaban con la vida de Mary Corleone a la salida de la Ópera en El padrino III, el discurso de Roy cuando agoniza en Blade runner... Podemos afirmar que la mayoría de momentos icónicos del cine están relacionados con la muerte. Sin duda la muerte es, junto con el sexo, el recurso más fácil para atraer la atención del espectador. Pero este solamente guardará en la memoria aquellas secuencias que la presenten con grandes dosis de talento y creatividad. Sobre todo, si hay en ellas una promesa de renacimiento.

DE CUENTO EN CUENTO. MUJERES Y RELATOS DE LARGO RECORRIDO SANFILIPPO , Marina ,ARADRA

SÁNCHEZ, Rosa María ,SOLÁNS GARCÍA, Mariángel ,2023-01-11 Este undécimo volumen de la Colección de Literatura y Mujer explora las variantes de autoría femenina de relatos tradicionales protagonizados por mujeres que, desde hace siglos, forman parte de nuestro ideario colectivo. Estas narraciones de largo recorrido, multiplicadas en épocas y espacios distintos, nos vienen acompañando en sus diversas variantes como instrumentos poderosos de configuración de género. Situadas entre la cultura alta y la cultura popular, entre la escritura y la oralidad, muestran todo un abanico de relaciones humanas y de estrategias de pasividad o resistencia frente al mundo, que las convierten en privilegiada atalaya para leer la realidad. El interés y la diversidad de los trabajos aquí reunidos en torno a la literatura (oral y escrita), pero también al cine, series de televisión, novela gráfica, pintura o fotografía corroboran los ecos, la pervivencia y la actualidad de esta tradición.
