Behind Frenemy Lines Amber Tichenor, 2021-11-30 Females are the recipients of rivalrous behaviors from other women, consistently. It's what people frequently call a "cat-fight," or "women being dramatic" it isn't pretty. It can be raw, ugly, confusing, and very painful. Female rivalry is boundless. As a result, there is a hunger for this topic, to better understand it, to curb the behavior, to dive into the misconceptions and reality that it's not just a cat-fight. It's much more than that. It's a silent epidemic. Women who are recipients of this type of behavior often don't speak about their experience until it is behind them, or near to being over. Silent in the fact that there is often awareness by others about the behavior, but traditionally it's not dealt with until after the fact, if ever. *Behind Frenemy Lines* is a practical guide to help women find their peace, explore how they trust, establish true connections and know they are not alone when they are experiencing these types of behaviors. By sharing personal and relatable stories, *Behind Frenemy Lines* addresses the raw ugliness of female rivalry head on. It offers tips with structure to educate and help women connect with one another about the seriousness of the phenomenon so that they can forge relationships that help them be unstoppable, together.

Summary of Morgan Harper Nichols's Peace Is a Practice Everest Media, 2022-03-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I learned about the slave trade that brought my ancestors to America, and I grew up hearing about the Atlantic Ocean as a symbol of sorrow, while the Negro spirituals I sang as a child were a symbol of freedom and peace. #2 I believe that finding peace is important because, more and more, I feel the tension rising. We are thirsty for the river and hungry for the fruit that grows around it, but all we see are floodwaters. Everything seems to tremble with chaos. #3 Peace is a practice that we can carry out each day. It is not a passive state, but a constant flow of sacred truth. It is an invitation to breathe deep, right here in the uncertainty. #4 Peace is a river that the soul longs for. It is a practice that is available to us right here, in everyday life.

Save Me from the Waves Jessica Hepburn, 2024-03-05 An adventure story - with a difference. From sea to summit. Fully soundtracked. 'A breathtaking adventure of a truly inspirational woman' - Maxine Peake Jessica Hepburn is an unlikely athlete - she was labelled the 'arty' not the 'sporty' one in school. She hates exercise and believes the only reason to do it is for food, booze and box-sets on the sofa. However, in her forties, following a succession of hard and sad life experiences she started to try and exercise her way out of heartbreak. She has now become one of the world's most extraordinary endurance

athletes. The first and only woman (currently) on the planet to have completed the 'Sea, Street, Summit Challenge' - which is to swim the English Channel, run the London Marathon and climb Mount Everest (which she calls Chomolungma - the mountain's original Sherpa name). And possibly the only woman (although this can't be officially certified) to have listened to eighty years and over 3,000 episodes of her favourite radio programme - Desert Island Discs. Save Me from the Waves is an inspirational story of physical and mental endurance which starts on the streets of London and culminates on top of the world, fuelled by song. It explores the redemptive power of music and mountains. How family and friends can be lost and found in the most unusual places. And encourages everyone to live big and bravely when life doesn't go to plan. Because sometimes we all need saving from the waves. And whether it's high and far away or closer to home and in your head, an adventure will always change your life for the better.

All it takes is practice. If you feel overwhelmed with anxiety about the future, you're far from alone. For many of us, when we're not worrying about what is to come, we find ourselves wrestling with things from the past. Where does that leave us today? Morgan Harper Nichols has learned the answer to this question. She has examined stories from her own life and the lives of people around the world and noticed a common thread: we all long for peace. We're all seeking light and life. But these things don't happen passively. *Peace Is a Practice* invites you to become an active peacemaker in your own life, starting right where you are, and in some of the most unexpected places. How to Get a Free Boob Job Penny Casselman, 2020-10-22 Boobs are arguably the defining feature of a woman. But what happens when, seemingly out of nowhere, they forcefully demand every minute of your attention? As author Penny Casselman planned her forty-fifth birthday, she was only thinking of three things: friends, craft cocktails, and, of course, which pair of strappy high heels best complemented her new skinny jeans. What wasn't in her birthday plans? Cancer. So, imagine her surprise when a routine mammogram resulted in the radiologist saying, "We'll be with you every step of the way." According to the American Cancer Society, one in eight women will develop breast cancer sometime in their life.

Whether that someone is you, a family member, or a friend, *How To Get A Free Boob Job* provides insights, new perspectives, and heaping scoops of gratitude for the little things we take for granted—all covered with sprinkles of humor. Casselman brings you along on her adventure of a lifetime and gives you a peek under her shirt of what it's like to navigate the wild unknown of a genetically driven breast cancer diagnosis.

Missing Peaces Hayley E. Barnes, 2019-02-21 Have you ever been stuck and wondered if there is more God wants for you? I have. Have you been stuck in fear of taking the next step toward, facing your past, or even embracing your journey as it is? I have. Perhaps you have made mistakes or blamed yourself for things that weren't meant for you to carry. I have. This book isn't meant to be a step-by-step guide on how to get from your personal Egypt to the Promised Land, but I hope this book encourages you or one person to step out in the faith that God wants to heal you and use you. Believe that the past is something we may try to hold on to yet we must let go of in order to move ahead and trust that the journey out of Egypt is worth it. I pray for whoever reads this book that your journey brings you peace and closer to God.

Black Liturgies Cole Arthur Riley, 2024-01-16 NEW YORK TIMES BESTSELLER • A collection of prayer, poetry, and spiritual practice centering the Black interior world, from the author of *This Here Flesh* and creator of *Black Liturgies* "A true spiritual balm for our troubled times."—Michael Eric Dyson, author of *What Truth Sounds Like* For years, Cole Arthur Riley was desperate for a spirituality she could trust. Amid ongoing national racial violence, the isolation of the pandemic, and a surge of anti-Black rhetoric in many Christian spaces, she began dreaming of a more human, more liberating expression of faith. She went on to create *Black Liturgies*, a digital project that connects spiritual practice with Black emotion, Black memory, and the Black body. In this book, she brings together hundreds of new prayers, along with letters,

poems, meditation questions, breath practices, scriptures, and the writings of Black literary ancestors to offer forty-three liturgies that can be practiced individually or as a community. Inviting readers to reflect on their shared experiences of wonder, rest, rage, and repair, and creating rituals for holidays like Lent and Juneteenth, Arthur Riley writes with a poet's touch and a sensitivity that has made her one of the most important spiritual voices at work today. For anyone healing from communities that were more violent than loving; for anyone who has escaped the trauma of white Christian nationalism, religious homophobia, or transphobia; for anyone asking what it means to be human in a world of both beauty and terror, *Black Liturgies* is a work of healing and empowerment, and a vision for what might be.

Believing Scientists Quotes Fernando José Walsh, 2021-02-13 The main exponents of science are or have been profound believers in God, the Creator of the universe. In this work the reader will find hundreds of phrases emitted by many of them that speak of their faith convictions; and of the relationship between faith and its science. They are mostly recognized scientists who believe not only in one God, but expressly in the God of the Bible. With this book the author continues with the task begun in *The Lord of the two books* to revive an old, but current idea, that the Creator communicates with human beings through two books of His authorship: Nature (general revelation) and the Bible (special revelation). "The Creator has given two books to the mankind. In one has shown His majesty, in another - His will ... The two books together inform us not only about the existence of God, but also about His indescribable blessings for us. It is a sin to sow among them weeds and discontent". Mikhail Lomonosov (1711-1765), father of Russian science.

Storyteller Morgan Harper Nichols,2017-12-05 For over a decade, many of the stories and poems I have written eventually turned into songs, and for that, I am grateful. Over the past year, much of what I have written has turned into letters: letters to people, their stories, and the seasons they are in. Even though I suppose, technically, what you will find in this book is considered poetry, I hope they read as letters: letters for people, places, things, seasons, years-letters for the story and for the storyteller. There are one hundred poem letters in this book. I share them with you because I believe you have a story to tell, and I hope these poem letters encourage you to keep telling it. -Morgan Harper Nichols Writer, Artist, Musician
