This portable and affordable dictionary is perfect for general reference and student of the language. The vocabularies have been carefully compiled to embrace all words in current use, including many scientific and technical terms which have become a part of the English and Somali languages as spoken or written today. Many new words used in science, radio, automobile, aviation, etc., are included in this dictionary, thus affording the student richer vocabularies than those found in many larger volumes. Completeness, conciseness and accuracy have been the publishers basic aims throughout this volume, Conciseness has been attained by omitting only highly technical terms, rare and self-explaining derivatives, adverbs easily formed from adjectives words not in general use, and the endless array of unimportant and, in most cases, confusing synonyms, usually so common in much bulkier dictionaries.
