**Love Lyrics of Ancient Egypt**, 1994 Ancient Egypt is often thought of as a gloomy society obsessed with death. But a collection of papyri, dating to the latter half of the New Kingdom (ca. 1305-1080 B.C.), presents us with delicate love lyrics that dispel any such illusion. These vibrant love poems, purported to be by boys and girls perhaps as young as thirteen or fourteen years of age, are remarkable for their innocent sensuousness. Combining her notable skills as a translator and a poet, Barbara Fowler provides the first accurate translation of these love lyrics into modern English-language poetry. Her renderings are both elegant and correct. They preserve the charm of a long-lost civilization, while making it possible for readers to appreciate one aspect of that culture in our time and through our language. Originally published in 1994. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

**Sappho's Poetry and Ancient Egyptian Love Poems** Amanda-Alice Maravelia, 2001

*Love Poems of Ancient Egypt* Ezra Pound, 2003-01

*A History of Ancient Egypt, Volume 3* John Romer, 2023-05-25 The final chapter in the definitive, three-volume history of the world's first known state Archaeologist John Romer has spent a lifetime chronicling the history of Ancient Egypt, and here he tells the epic story of an era dominated by titans of the popular imagination: the radical iconoclast Akhenaten, the boy-king Tutankhamun and the all-conquering Ramesses II. But 'heroes' do not forge history by themselves. This was also a time of international trade, cultural exchange and sophisticated art, even in the face of violent change. Alongside his visionary new history of this, the most famous period in the long history of Ancient Egypt, Romer turns a critical eye on Egyptology itself. Paying close attention to the evidence, he corrects prevailing narratives which cast the New Kingdom as an imperial state power in the European mould. Instead, he reveals - through broken artefacts in ruined workshops, or preserved letters between a tomb-builder and his son - a culture more beautiful and beguiling than we could have imagined. Romer carefully reconstructs the real story of the New Kingdom as evidenced in the archaeological record, and the result - the final volume of a life long project - secures his status as Ancient Egypt's finest chronicler.

*Love and Poetry in the Middle East* Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East, from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East, including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love, and the sensibilities, styles and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture.

**My Perfect One** Jonathan Kaplan, 2015-09-01 Most studies of the history of interpretation of Song of Songs focus on its interpretation from late antiquity to modernity. In *My Perfect One*, Jonathan Kaplan examines earlier rabbinic interpretation of this work by investigating an underappreciated collection of works of rabbinic literature from the first few centuries of the Common Era, known as the tannaitic midrashim. In a departure from earlier scholarship that too quickly classified rabbinic interpretation of Song of Songs as allegorical, Kaplan advocates a more nuanced reading of the approach of the early sages, who read Song of Songs through a mode of typological interpretation concerned with the correspondence between Scripture and ideal events in Israel's history. Throughout the book Kaplan explores ways in which this portrayal helped shape a model vision of rabbinic piety as well as of an idealized vision of their beloved, God, in the wake of the destruction, dislocation, and loss the Jewish community experienced in the first two centuries of the Common Era. The archetypal and idealized language of Song of Songs provided, as Kaplan argues, a textual landscape in which to imagine an idyllic construction of Israel's relationship to her beloved, marked by mutual devotion and fidelity. Through this approach to Song of Songs, the Tannaim helped lay the foundations for later Jewish thought of a robust theology of intimacy in God's relationship with the Jewish people.

*Bending the Bow* Frank M Chipasula, 2009-08-05 From the ancient Egyptian inventors of the love lyric to contemporary poets, *Bending the Bow: An Anthology of African Love Poetry* gathers together both written and sung love poetry from Africa. This anthology is a work of literary archaeology that lays bare a genre of African poetry that has been overshadowed by political poetry. Frank Chipasula has assembled a historically and geographically comprehensive wealth of African love poetry that spans more than three thousand years. By collecting a continent's celebrations and explorations of the nature of

love, he expands African literature into the sublime territory of the heart. *Bending the Bow* traces the development of African love poetry from antiquity to modernity while establishing a cross-millennial dialogue. The anonymously written love poems from Pharaonic Egypt that open the anthology both predate Biblical love poetry and reveal the longevity of written love poetry in Africa. The middle section is devoted to sung love poetry from all regions of the continent. These great works serve as the foundation for modern poetry and testify to love poetry's omnipresence in Africa. The final section, showcasing forty-eight modern African poets, celebrates the genre's continuing vitality. Among those represented are Muyaka bin Hajji and Shaaban Robert, two major Swahili poets; Gabriel Okara, the innovative though underrated Nigerian poet; Léopold Sédar Senghor, the first president of Senegal and a founder of the Negritude Movement in francophone African literature; Rashidah Ismaili from Benin; Flavien Ranaivo from Madagascar; and Gabeba Baderoon from South Africa. Ranging from the subtly suggestive to the openly erotic, this collection highlights love's endurance in a world too often riven by contention. *Bending the Bow* bears testimony to poetry's role as conciliator while opening up a new area of study for scholars and students.

**Current Research in Egyptology 2012** Luke McGarrity, Carl Graves, Emily Millward, Marsia Sfakianou Bealby, Gabrielle Heffernan, 2013-03-19 The thirteenth Current Research in Egyptology (CRE) conference was held from the 27th - 30th March 2012 at the University of Birmingham and once again provided a platform for postgraduates and early career Egyptologists, as well as independent researchers, to present their research. These proceedings for CREXIII represent the wide-range of themes that were offered by delegates during the conference, and cover all periods of Egyptian history; from Predynastic skeletal analysis through to Egyptology during the Islamic Middle Ages. These twelve papers include gender studies, analysis of Egyptian festivals, revisiting of chronological models, archaeological reanalysis of ancient landscapes, as well as social, historical and linguistic studies allowing a new appraisal of many aspects of Egyptian culture and history.

Egyptian Mythology Lewis Spence, 2023-12-16 In *Egyptian Mythology*, Lewis Spence delves into the rich tapestry of ancient Egyptian beliefs and deities, unraveling the complexities of a civilization steeped in religious fervor and mythic narrative. This meticulously researched volume presents a blend of historical analysis and literary exploration, employing a lucid and engaging style that invites readers to traverse both the cosmic and terrestrial realms of ancient Egypt. Spence contextualizes myth within the broader framework of Egyptian culture, from its origins to its persisting influence on contemporary thought, thus positioning the myths not merely as artifacts of the past, but as living narratives that shaped a civilization's ethos. Lewis Spence was a prominent Scottish writer and historian, and his passion for ancient civilizations and mythological studies is evident in this work. His scholarly background, coupled with an extensive travel experience in Egypt, provided him with unique insights into the cultural and religious significance of Egyptian mythology. Spence's belief in the interconnectedness of myth and psychology propelled him to compile this comprehensive account, making the esoteric accessible to a broader audience. *Egyptian Mythology* serves as an indispensable resource for students, scholars, and any

enthusiasts of ancient cultures. Spence's vivid narrative not only educates but also ignites a deep appreciation for the intricate web of stories that define the ancient Egyptian worldview, making this book a must-read for those seeking to understand humanity's enduring fascination with myth.

**Romantic Love in Cultural Contexts** Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. **Song of Songs: An Introduction and Study Guide** J. Cheryl Exum, 2022-07-14 The Song of Songs, also known as the Song of Solomon, is an unusual book to find in the Bible. As the Bible's only love poem, the Song offers a unique picture of relations between the sexes in biblical times. Unlike other biblical books, it consists entirely of dialogue. It looks at love from

both a woman's and a man's point of view, and shows the reader what love is like exclusively through what lovers say about it. There are few issues in Song of Songs interpretation that are not open to debate, which makes it a fascinating book to study. In this Guide, Cheryl Exum provides a concise survey of the principal questions encountered in Song of Songs scholarship. She also takes the discussion beyond the traditional research questions to introduce readers to new and ongoing areas in Song of Songs research. Bibliographies and suggestions for further reading at the end of each chapter provide additional resources for readers interested in pursuing specific topics and exploring new directions in the study of the Song of Songs.

**The Adventurous Life of Amelia B. Edwards** Margaret C. Jones, 2022-07-14 In Victorian England, Amelia B. Edwards was an iconic cultural figure, admired by Trollope and Browning for her best-selling fiction and by the wider public for her witty, thought-provoking travel writing. In later life, she became a celebrated historian, bringing fresh understanding of the world of Ancient Egypt to a fascinated public and founding the Egyptian Exploration Fund (Society). This new biography uses previously overlooked sources to tell the story of her fascinating and unconventional life - her travels, travails and feminist activism - as well as touching on her occasionally problematic views on race. In appreciation of a figure ahead of her time, it examines her involvement in suffrage and animal rights societies as well as revealing new insights into Edwards' loving same-sex relationships with Ellen Rice Byrne and Lucy Renshaw. In doing so, it reveals a versatile, creative, witty, independent woman, and a true pioneer of her time.
