

# Derecho Romano Guillermo Floris Margadant Pdf

**Guillermo A. Hunter**

*Derecho Romano* Guillermo Floris Margadant S.,2010

*Introduction to the Study of Law* Dr. Felipe de Jesús Alvérez Fierro,2018-04-28 In this important work, Dr. Felipe Fierro offers a comprehensive view on the subject of Introduction to the Study of Law, in which he revives the use of Gnoseology, Philosophy, History and Logic as Auxiliary Sciences; and exposes how the abandonment of such has contributed to the exponential growth of Skepticism and Relativism, currently prevailing in the legal world. The above, through extensive experience in teaching Law from the Aristotelian-Thomistic platform, based on the elementary assumption that we must first prove the existence of the object of study, and contrast main legal branches in topics such as: what is Law?, why is Science?, what are Law, Justice, Facultative rights and the Common Good?; supported by extensive and select bibliography. In addition, the being, nature, concept, essence and properties of the sources, fundamentals and classification are described. But important elements such as knowledge, order, principles, Jurisprudence, and Natural law, fundamental legal concepts, the legislative process, the Constitution, interpretation and others are not absent. Morality and Legal Law are obligatory markers, which although considered in their own field, are not excluded, but different as to object and method. Predominantly, Justice is exposed as one of the great values of the Law, and main theories in order to offer future lawyers the basis regarding the current Science of Law and its significance.

**Outsourcing ¿Y los Derechos Humanos del trabajador?** José Manuel Rodríguez Romero,Editorial Digital UNID,2014-07-09 El Derecho del Trabajo es una disciplina jurídica relativamente nueva, a pesar de que el trabajo surgió con el Hombre mismo y se ha desarrollado con él y las relaciones humanas han girado en torno al trabajo y la propiedad de los medios de trabajo. Con el desarrollo de los medios de producción, con diferencias cronológicas a lo largo y ancho del mundo, han evolucionado las relaciones sociales de producción y su aspecto fundamental, el trabajo.

*Sociedad por Acciones Simplificada* Mario Soto Figueroa,2020-04-06 Afortunadamente, recibir a la Sociedad por Acciones Simplificada, en el campo de la vigencia de la legislación empresarial mexicana, es darle la bienvenida a una invitada por muchos años esperada. En la doctrina mexicana se habló durante mucho tiempo de la importancia de contar con la presencia, en nuestro panorama nacional, de una empresa que no necesitara de mayores socios que el propio emprendedor, es por ello que, con el surgimiento de la Sociedad por Acciones Simplificada como realidad, tenemos en

México la ansiada llegada de la persona moral unipersonal o sociedad unipersonal. Indudablemente, la presente obra tiene el propósito de presentar al empresario un panorama simplificado de lo que es la Sociedad por Acciones Simplificada dentro de la legislación mexicana; de igual manera, se podrá encontrar un estudio comparado con el modelo de Colombia.

**Contar verdades. La Saga del INEGI** Instituto Nacional de Estadística y Geografía, 2021-08-19 El libro presenta qué es y cómo se ha desarrollado a través del tiempo, desde su fundación en 1983, el Instituto Nacional de Estadística y Geografía, un organismo del Estado mexicano eminentemente técnico y a la vez autónomo, hoy en día. Más allá de una cronología de eventos, plantea dos necesidades que han marcado su devenir: la primera, medir bien los muchos componentes de la realidad, sean de índole social, económica o de la naturaleza; y la segunda, determinante para la confianza del público y cuya ausencia invalidaría los propósitos de la anterior, preservar la información de cualquier consideración de carácter diferente a las estrictamente profesionales en todas las etapas de su producción y difusión. Transmite su trascendencia como una institución indispensable para el país para responder a la cuestión fundamental, común a todos los seres humanos: conocer la realidad de su entorno.
