Read, Rhyme, and Romp Heather McNeil, 2012-06-26 Designed to promote literacy in young children and to empower parents, educators, and librarians, this guide is filled with simple strategies, creative activities, and detailed instructions that help make reading fun. Encouraging a love of reading in young children can be a source of both great frustration and immense joy. This handy resource provides essential tips, techniques, and strategies for making early literacy development fun and inspiring a lifelong love of reading. *Read, Rhyme, and Romp: Early Literacy Skills and Activities for Librarians, Teachers, and Parents* explores the six basic pre-literacy skills that experts agree are necessary for a young child to be ready to learn to read. Special sections within each chapter are dedicated to the specific needs of preschool teachers, parents, and librarians, making the content relevant to different settings. Recommended book lists, personal anecdotes, and literacy-rich activities combine to create an effective and accessible plan for implementing an early literacy program.

Get Real with Storytime Julie Dietzel-Glair, Marianne Crandall Follis Ph.D., 2015-11-10 This is a complete, year-long programming guide that shows librarians how to integrate nonfiction and poetry into storytime for preschool children in order to build literacy skills and overall knowledge. The right nonfiction titles—ones with colorful photographs and facts that are interesting to young imaginations—give librarians an opportunity to connect with children who are yearning for true stuff. Presenting poetry in storytime encourages a love of language and the chance to play with words. Written by authors with a combined 25 years of experience working with children and books in a library setting, *Get Real With Storytime: 52 Weeks of Early Literacy Programming* goes far beyond the typical storytime resource book by providing books and great ideas for using nonfiction and poetry with preschool children. This book provides a complete, year-long programming guide for librarians who work with preschool children in public libraries and school librarians who run special programs for preschoolers as well as parents, childcare providers, and camp counselors. Each of the 52 broad storytime topics (one for each week of the year) includes a sample storytime featuring an opening poem; a nonfiction title; picture books; songs, rhymes, or fingerplays; and a follow-up activity. Early literacy tips that are based on the authors' extensive experience and the principles of Every Child Ready to Read (ECRR) are presented throughout the book.

Transforming Preschool Storytime Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research, the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly, maintaining interest. Using a selected book in a number of consecutive preschool storytimes, but presenting it differently each time, can help children learn new skill sets. This book presents a new approach to storytime, one that employs repetition with variety to create an experience which helps children connect and engage with

the story on a higher level. Diamant-Cohen, recently awarded the 2013 ASCLA Leadership and Professional Achievement Award, and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books, with enough activities to repeat each one for six weeks, along with lists of optional alternative books Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders From setup to execution, here's everything you need to create and implement a successful, elevated storytime.

Books in Motion Julie Dietzel-Glair, 2013-04-09 Librarians and educators can shake up storytimes, help children stay healthy, and encourage a lifelong love of reading with Dietzel-Glair's easy-to-use resource. Demonstrating exactly how to use children's books to engage preschool-age children through movement, it's loaded with storytimes that will have children standing up tall, balancing as they pretend to walk across a bridge, or even flying around the room like an airplane. Presenting hundreds of ideas, this all-in-one book is divided into six sections: "Art" spotlights titles that are natural hooks for art or craft activities alongside ideas on how to create art just like the character in the story, while an appendix includes art patterns that can be used as coloring sheets; "Games" includes searching games, follow-the-leader games, and guessing games to enhance the books in this section; "Movement" features books that kids can jump, stomp, clap, chomp, waddle, parade, wiggle, and stretch with; "Music" chooses books perfect for activities like shaking a maraca, singing, dancing between the pages, and creating new sound effects; "Playacting" lets kids pretend along with the characters in these books, whether it's washing their face, swimming with fish, or hunting a lion; "Props" encourages storytime leaders to bring out their puppets, flannelboard pieces, and scarves—these books have enough props for everyone in the program to have a part. Each chapter includes as much instruction as possible for a wide range of motions. Pick and choose the amount of movement that is right for your storytime crowd, or do it all!
