French Art Deco Jared Goss, 2014-09-30 Art Deco—the term conjures up jewels by Van Cleef & Arpels, glassware by Lalique, furniture by Ruhlmann—is best exemplified in the work shown at the exhibition that gave the style its name: the Exposition Internationale des Art Décoratifs et Industriels Modernes, held in Paris in 1925. The exquisite craftsmanship and artistry of the objects displayed spoke to a sophisticated modernity yet were rooted in past traditions. Although it quickly spread to other countries, Art Deco found its most coherent expression in France, where a rich cultural heritage was embraced as the impetus for creating something new. The style drew on inspirations as diverse as fashion, avant-garde trends in the fine arts—such as Cubism and Fauvism—and a taste for the exotic, all of which converged in exceptionally luxurious and innovative objects. While the practice of Art Deco ended with the Second World War, interest in it has not only endured to the present day but has grown steadily. Based on the Metropolitan Museum's renowned collection French Art Deco presents more than eighty masterpieces by forty-two designers. Examples include Süe et Mare's furniture from the 1925 Exposition; Dufy's Cubist-inspired textiles; Dunand's lacquered bedroom suite; Dupas's monumental glass wall panels from the SS Normandie; and Fouquet's spectacular dress ornament in the shape of a Chinese mask. Jared Goss's engaging text includes a discussion of each object together with a biography of the designer who created it and is enlivened by generous quotations from writings of the period. The extensive introduction provides historical context and explores the origins and aesthetic of Art Deco. With its rich text and sumptuous photographs, this is not only one of the rare books on French Art Deco in English, but an object d'art in its own right.

House of Fashion Jess Berry, 2018-07-12 Since Charles Fredrick Worth established his luxurious Maison de Couture in 1858, the interior has played a crucial role in the display of fashion. House of Fashion provides a full historical account of the interplay between fashion and the modern interior, demonstrating how they continue to function as a site for performing modern, gendered identities for designers and their clientele alike. In doing so, it traces how designers including Poiret, Vionnet, Schiaparelli and Dior used commercial spaces and domestic interiors to enhance their credentials as connoisseurs of taste and style. Taking us from the early years of haute couture to the luxury fashion of the present day, Berry explores how the salon, the atelier and the boutique have allowed fashion to move beyond the aesthetics of dress, to embrace the visual seduction of the theatrical, artistic, and the exotic. From the Art Deco allure of Coco Chanel's Maison to the luminous spaces of contemporary flagship stores, House of Fashion sets out fashion's links with key figures in architecture and design, including Louis Süe, Robert Mallet-Stevens, Eileen Gray, and Jean-Michel Frank. Drawing on photographs, advertisements, paintings and illustrations, this interdisciplinary study examines how fashionable interiors have shaped our understanding of architecture, dress, and elegance.

**Women Artists of the Harlem Renaissance** Amy Helene Kirschke,2014-08-04 Women artists of the Harlem Renaissance dealt with issues that were unique to both their gender and their race. They experienced racial prejudice, which limited their ability to obtain training and to be taken seriously as working artists. They also encountered prevailing sexism, often an even more serious barrier. Including seventy-two black-and-white illustrations, this book chronicles the challenges of women artists, who are in some cases unknown to the general public, and places their achievements in the artistic and cultural context of early twentieth-century America. Contributors to this first book on the women artists of the Harlem Renaissance proclaim the legacy of Edmonia Lewis, Meta Vaux Warrick Fuller, Augusta Savage, Selma Burke, Elizabeth Prophet, Lois Maillou Jones, Elizabeth Catlett, and many other painters, sculptors, and printmakers. In a time of more rigid gender roles, women artists faced the added struggle of raising families and attempting to gain support and encouragement from their often-reluctant spouses in order to pursue their art. They also confronted the challenge of convincing their fellow male artists that they, too, should be seen as important contributors to the artistic innovation of the era.

**Women's Rights and Women's Lives in France 1944-68** Claire Duchon,2024-11-01 Women's Rights and Women's Lives In France explores the everyday experiences of women between the liberation, and May 1968. In 1945, French women

believed that a new era was beginning for them, in which they had finally won equality (the right to vote in 1944, equal pay and access to education and employment). But the new Republic considered that women's main role was that of motherhood. Competing visions of women's place had concrete implications for women's lives, influencing work, politics and ideals of femininity. Working from a wide range of sources, including women's magazines, prescriptive literature, political pamphlets, fiction and memoirs, and government reports, Claire Duchen follows the debates concerning women through twenty years, and grounds them in the changing social reality of postwar France.
