The Truth: Black People Are Earth — The First People on This Planet THOMAS TCHEUFFA, 2025-07-18 THE TRUTH: BLACK PEOPLE ARE EARTH Subtitle: The Untold Origins of Humanity, Melanin, and the Power of the First People By Thomas Tcheuffa Did you know that most kingdoms in Europe were once ruled by Black people? Did you know the name “Europe” itself comes from Europa, a figure in ancient mythology often portrayed as a Black woman with roots tracing back to Africa? This challenges common Eurocentric narratives and reveals Africa’s foundational influence on European history and culture. Ask yourself: Why isn’t African history or geography properly taught in your school books? Why do the world, the system, and the media rarely talk about where all life on this planet truly began? Why is Africa so often portrayed only as a land of misery, famine, and disease on your TV screens? What if everything you thought you knew about humanity’s origins was incomplete? What if Black people were not just witnesses — but the true architects of the Earth and life itself? “Before Africa took shape, we were already here. Before the Earth knew itself, we shaped it.” “The secret of life is written in melanin — our truth reaches beyond time itself.” “This is not just a theory. It is the primal breath, the original source.” — Thomas Tcheuffa Drawing on extensive research and a deep personal connection to this history, Thomas Tcheuffa dismantles colonial narratives to reclaim the central place of Black people in the creation and evolution of life on our planet. Inside, you will discover: The biological and spiritual power of melanin Africa as the birthplace of Homo sapiens, the cradle of humanity The deep metaphysical connection between blackness and the Earth Why knowing this truth is essential for global healing and empowerment Who is this book for? Truth seekers, Afrocentric thinkers, and anyone ready to understand the profound meaning of identity, ancestry, and power. “Understanding our truth is embracing our primal power.” — Thomas Tcheuffa It is time for Africa’s sons and daughters to reclaim their ancestral spirituality, to reconnect and honor their ancestors and Orishas, and to recover the sacred masks and totems looted by Europe and the Vatican. This is where all our genius and creations reside — deep within us and in our melanin. Explore this revelatory book and embark on a journey of ancestral identity and power. Order THE TRUTH today! Author’s Note — Thomas Tcheuffa This book was not written for fame, nor for debate. It was written because silence has become violence, and distortion has become doctrine. Too many lies have been repeated as history. Too many truths buried beneath fear and manipulation. I did not write this book to ask for permission to

speaking. I wrote it to remind the world that Black people are not a branch of history — we are its root. This work is not anti-anyone — it is pro-truth. It is for those ready to unlearn and reawaken. It is for the children of the sun, the seekers of light, and the warriors of memory. You don't need to be Black to read this book, but you must be brave. Because truth requires courage. "The truth is not meant to comfort — it is meant to free." — Thomas Tcheuffa □ Explore all editions and series by Thomas Tcheuffa: □ <https://www.amazon.com/author/thomastcheuffa> □ Learn more: Rhythms & Movements - SalsaEverybody.com Email: info@salsaeverybody.com FB Page: SalsaEverybody or Tropical Dance Escape

The What Makes You Black? Blook ,

Jesus Is A Black Man Jason Farr, 2011-03-22 Beware; readers beware because this is a book that you may not be ready to read. Is Jesus really a Black man? If Jesus is black then does the bible support it? Why don't preachers both black and white discuss racism as it pertains to how Jesus is still being falsely portrayed as white? Why is the color of Jesus very important? The answers to these and many more questions can be found in this book. This book is not designed to be user friendly and it confronts directly the racism both found still in the walls of churches and the ever present racism that never died in America. Most importantly if Jesus is honestly a black man then that means that the real children of Abraham are also black.

Black History Should Be Taught 365 Days A Year Jasper Cephus, 2021-06-08 Black history is unknown to so many people, just me alone cannot reach them all with my book. Black humans have more historical information than any other people in the world. The study of Black history has become a branch of knowledge that feeds the world religious and spiritual life. Control media use deceptive words or actions to coverup the truth about Black history. There have been intentional destructions of ancient Black historical statues, art, and documents written in stone. Fortunately, some of the Black history survived and that proved much of Black history is hidden, then falsely recreated in the images of white people. This is damaging to the young Black and White children. 1. White children are living a false sense of superiority complex for life. 2. Black children living, haven their identity stolen from them is psychologically depressing. I wrote this book to heighten the awareness around the world what has been done around to over 150,000 years of civilized Black history. 1. recreating ancient statues in the images of white people. 2. Changing the color of ancient art . 3. Stop defacing ancient statues. 4 Remove racist lies in the good book. That is why I wrote: Black History Should Be 365 Days A Year.

Stop Trying to Fix Policing Tony Gaskew, 2020-12-16 In Stop Trying to Fix Policing: Lessons Learned from the Front Lines of Black Liberation, Tony Gaskew guides readers through the phenomena of police abolition, using the cultural lens of

the Black radical tradition. The author weaves an electrifying combination of critical race theory, spiritual inheritance, decolonization, self-determination, and armed resistance, into a critical autoethnographic journey that illuminates the rituals of revolution required for dismantling the institution of American policing. *Stop Trying to Fix Policing* is an essential work for anyone who wants to go beyond the rhetoric of police reform, to the next step: contributing to the formation of a world without policing.

Sunshine Vitamin & Black People Jay Parker, Men of African-American descent are at a significantly higher risk of developing prostate cancer than white men. There are reasons why more black people are dying of prostate cancer. Vitamin D. The deficiency of it. Black people need the sun more than white folks. It takes less time under the sun for a white skin to manufacture all the needed vitamin D. It requires more time for the dark skin to warm up and even more time to start manufacturing vitamin D. Black folks tend to shy away from the sun because the sun will make them darker. That is a bad strategy. When you walk through a park in the summer you see sunbathers. I don't know about you but these sunbathers are mostly white folks who need the sun far less than black folks. Ordinarily, the people that are mostly in need of sunbathing while partially naked are the black skinned people. This is because dark skin need the intense sunlight the most. Black skin is a marvel. It is black for a reason. It evolved to be black so as to be able tap into the Sun and get those properties that will give you long life, full of health, stronger and biologically efficient. The white skin needs the Sun but not that much. More than fifteen minutes in the Sun without sunscreen and they will get burns and ultimately peels. Black folks need it far more and they don't get scorched in fifteen minutes even without sunscreen. But some Africans and other diaspora Africans avoid the Sun. Is it not ironic that while some black folks are lightening up, some white folks are darkening down? They call it tanning and it does not come cheap either. People of African descent, living in cold climate, can have a natural Sun protection factor (SPF) of up to 13 as compared to 3-4 for whites. For equatorial and other hot weather blacks, it is even better. This advantage for African Americans and black immigrants, can also be a disadvantage. It is a double edged sword for black people not living in equatorial climate. You just need to have proper information with which to turn the disadvantage into an advantage. Vitamin D is getting a lot of attention lately even in medical circles. Many people are having their vitamin D levels tested and are surprised to find out that they are low in this essential hormone. What exactly is Vitamin D and why should you care about your Vitamin D levels? How does sunscreen use, contribute to deficiency in this important vitamin, and what can we do to remedy the deficiency? This book has been written in such a way that you will be able to absorb the contents in less than it takes to travel from one point to another in a bus or train ride.

Afrocentrism Stephen Howe, 1999-08-17 For centuries, racist, colonial, and Eurocentric bias has blocked or distorted knowledge of Africans, their histories and cultures, resulting in a counter mythology claiming the innate superiority of African-descended peoples. In this provocative study, historian Stephen Howe challenges this Afrocentric rewriting of African history. 16 photos. Copyright © Libri GmbH. All rights reserved.

Melanin Guide to Spiritual Awakening J.A.H. Diouck,

Carnal Knowledge Charles Hodgson, 2015-02-03 From head to toe to breast to behind, Charles Hodgson's *Carnal Knowledge* is a delightfully intoxicating tour of the words we use to describe our bodies. Did you know: -eye is one of the oldest written words in the English language? -callipygian means having beautiful buttocks? -gam, a slang word for leg, comes from the French word jambe? A treat for anyone who gets a kick out of words, *Carnal Knowledge* is also the perfect gift for anyone interested in the human body and the many (many, many) ways it's been described.

Emancipated From Mental Slavery Marcus Garvey, 2018-12-16 Right now melanin, the aromatic biopolymer and organic semiconductor that makes Black people black is worth over \$380 a gram more than gold. In just a few short years, on August 13, 2020 the Red, Black and Green flag will be celebrated as the colors of all African people. We also know the song lyric Emancipate yourself from mental slavery, none but ourselves can free our minds, commonly associated with Bob Marley, actually originated with Marcus Garvey. "We are going to emancipate ourselves from mental slavery, for though others may free the body, none but ourselves can free the mind." Those are the words Marcus Garvey spoke in either October or November 1937. The place? Menelik Hall in Sydney, Nova Scotia. This selection of sayings of the Honorable Marcus Mosiah Garvey, provides an introduction to the mind of a man capable of speaking words into existence which continue to have a profound impact on those who hear them to this very day. Marcus Garvey was a journalist, editor, publisher, as well as founder, and President-General of the Universal Negro Improvement Association (UNIA.) This book serves as an introduction to the philosophy which made his ideas known worldwide. Notable among them is the phrase which has come to many sung as a paraphrased lyric by Bob Marley. Its organic power and compelling urge for a new mental state among the human race can not seriously be denied. This book is a distillation of Garvey thought. The product of years studying the words works and deeds of a man who left a legacy that is still so potent efforts continue to dissuade seekers of truth from his vision. Tough Terry Crews, 2022-04-26 From Brooklyn Nine-Nine star Terry Crews, the deeply personal story of his lifelong obsession with strength—and how, after looking for it in all the wrong places, he finally found it Terry Crews spent decades cultivating his bodybuilder physique and bravado. On the outside, he seemed invincible: he escaped his abusive father, went

pro in the NFL, and broke into the glamorous world of Hollywood. But his fixation with appearing outwardly tough eventually turned into an exhausting performance in which repressing his emotions let them get the better of him—leading him into addiction and threatening the most important relationships in his life. Now Crews is sharing the raw, never-before-told story of his quest to find the true meaning of toughness. In *Tough*, he examines arenas of life where he desperately sought control—masculinity, shame, sex, experiences with racism, and relationships—and recounts the setbacks and victories he faced while uprooting deeply ingrained toxic masculinity and finally confronting his insecurities, painful memories, and limiting beliefs. The result is not only the gripping story of a man's struggle against himself and how he finally got his mind right, but a bold indictment of the cultural norms and taboos that ask men to be outwardly tough while leaving them inwardly weak. With *Tough*, Crews's journey of transformation offers a model for anyone who considers themselves a “tough guy” but feels unfulfilled; anyone struggling with procrastination or self-sabotage; and anyone ready to achieve true, lasting self-mastery.

Black in America ,2018-06-14 *Black in America* samples the breadth of non-fiction writing on African American experiences in the United States. The emphasis is on twenty-first-century authors such as Ta-Nehisi Coates, Claudia Rankine, and Roxane Gay, but a substantial representation of vitally important writing from other eras is also included, from Olaudah Equiano and Sojourner Truth to James Baldwin, Audre Lorde, and Alice Walker; in all there are over 50 selections. Selections are arranged by author in rough chronological order; the book also includes alternative tables of contents listing material by thematic subject and by genre and rhetorical style. A headnote, explanatory notes, and discussion questions facilitate student engagement with each piece. A percentage of the revenue from this book's sales will be donated to three organizations: Black Lives Matter, Equal Justice Initiative, and Color of Change.
