

The Moral Argument For Gods Existence

Greg Dewar

God and Cosmos David Baggett, Jerry L. Walls, 2016 *God and Cosmos* provides a four-fold moral argument for God's existence that is cumulative, abductive, and teleological. The four relevant moral realities that theism and Christianity best explain are: intrinsic human value and moral duties; moral knowledge; radical moral transformation of human persons; and a rapprochement between morality and rationality.

Good God David Baggett, Jerry L. Walls, 2011-04-20 This book aims to reinvigorate discussions of moral arguments for God's existence. To open this debate, Baggett and Walls argue that God's love and moral goodness are perfect, without defect, necessary, and recognizable. After integrating insights from the literature of both moral apologetics and theistic ethics, they defend theistic ethics against a variety of objections and, in so doing, bolster the case for the moral argument for God's existence. It is the intention of the authors to see this aspect of natural theology resume its rightful place of prominence, by showing how a worldview predicated on the God of both classical theism and historical Christian orthodoxy has more than adequate resources to answer the Euthyphro Dilemma, speak to the problem of evil, illumine natural law, and highlight the moral significance of the incarnation and resurrection of Christ. Ultimately, the authors argue, there is principled reason to believe that morality itself provides excellent reasons to look for a transcendent source of its authority and reality, and a source that is more than an abstract principle.

The Moral Argument David Baggett, Jerry L. Walls, 2019 The history of the moral argument for the existence of God is a fascinating tale. Like any good story, it is full of twists and unexpected turns, compelling conflicts, memorable and idiosyncratic characters, both central and ancillary players. The narrative is as labyrinthine and circuitous as it is linear, its point yet to be fully seen, and its ending yet to be written. What remains certain is the importance of telling it. The resources of history offer a refresher course, a teachable moment, a cautionary tale about the need to avoid making sacrosanct the trends of the times, and an often sobering lesson in why reigning assumptions may need to be rejected. This book lets the argument's advocates, many long dead, come alive again and speak for themselves. A historical study of the moral argument is a reminder that classical philosophers were unafraid to ask and explore the big questions of faith, hope, and love; of truth, goodness, and beauty; of God, freedom, and immortality. It gives students and scholars alike the chance to drill down into their ideas, contexts, and arguments. Only by a careful study of its history can we come to see its richness and the range of

resources it offers.

The Moral Argument for God's Existence as Seen in Romans 2:14-15 and Romans 1:32a Lawrence R. Cox, 1984

Morality and the Personhood of God Stephen Scott Jordan, 2021 The concept that God is personal is an important part of religious belief. If God were not personal, it would be odd to think of him as moral or loving; it would also seem counterintuitive to speak of him as One with whom humans can have a personal relationship, One who can be trusted, cares for the people he created, listens to their prayers, acts on their behalf, has their best interests at heart, and so on. In short, to talk of such matters in a sensible manner and to experience them in everyday life seemingly requires that God is personal. Is there evidence that a personal God actually exists? Enter the moral argument. The moral argument, like other classical arguments for God's existence, is able to provide evidence for believing in God's existence, but—unlike other arguments, or perhaps better than the other arguments—is able to shed an incredible amount of light on God's character (i.e., what God is like). For example, in order to account for morality, God must be good, loving, and holy. Additionally, by surveying the moral landscape—specifically, categories such as moral knowledge, moral values, moral obligations, and moral transformation—it becomes apparent that the deeply personal nature of morality points in the direction of a personal source, and most appropriately, a source personal to the highest degree possible. If the moral argument suggests that a personal source is needed in order to account for the personal nature of morality, naturalism is in a difficult position because of its impersonal or non-personal nature. Similarly, Platonism is a non-personal metaphysical system and therefore faces a challenge in accounting for the personal nature of morality. Although there are several belief systems that set forth the notion of a personal God, with some conceptions coming nearer to adequately accounting for what is required of a personal God than others, Christianity uniquely demonstrates that not only is God personal, but that he has always been person

The Harvard Theological Review, 1911

Kant on Proofs for God's Existence Ina Goy, 2023-12-31 The essay collection Kant on Proofs for God's Existence provides a highly needed, comprehensive analysis of the radical turns of Kant's views on proofs for God's existence.—In the *Theory of Heavens* (1755), Kant intends to harmonize the Newtonian laws of motion with a physico-theological argument for the existence of God. But only a few years later, in the *Ground of Proof* essay (1763), Kant defends an ontological ('possibility' or 'modal') argument on the basis of its logical exactitude while he praises the physico-theological argument for its beauty and appeal to the common sense. In the first *Critique* (1781/7), Kant replaces traditional constitutive ontological, cosmological, and physico-theological proofs with his own regulative theoretical and moral-practical religious arguments. He continues to defend a moral argument in the second *Critique* (1788). But in the third *Critique* (1790), Kant reintroduces a physico-theological besides an ethicotheological argument in order to unify the critical system of philosophy. Kant develops further

moral arguments and arguments from evil in the Theodicy essay (1791) and the Religion (1793/4), and still searches for the right kind of proof for God's existence in the Opus postumum (1796-1804).—Part one of this volume is dedicated to an analysis of Kant's proofs for God's existence in their historical order that explains which proofs Kant favors or rejects in various periods of his thought. Part two contains a systematic classification of main kinds of proof for God's existence in Kant that outlines the argumentative structure of particular kinds of proof and discusses Kant's potential reasons for their variations and modifications. The essay collection speaks to Kant specialists, philosophers, and theologians, but introduces the topic to non-academic readers also.

CHRISTIAN APOLOGETICS Edward D. Andrews, 2023-02-09 A comprehensive guide to Christian Apologetics, this book explores the evidence and arguments for God's existence, the Bible's reliability, and the truth of Christianity. From the historical evidence for Jesus' life, death, and resurrection to the moral and cosmological arguments for God's existence, this book thoroughly examines the key issues and topics in apologetics. It also delves into the scientific evidence for intelligent design and the origin and diversity of life and discusses the evidence for the human soul and the afterlife. With chapters on the concept of miracles, the historical evidence for miracles, and the reality of the Christian experience, this book provides a robust defense of the Christian faith and its relevance in contemporary culture. The author has strived to write in a clear and

accessible style and to use clear and concise language to convey complex ideas and arguments. Using examples, illustrations, and case studies can help make the material more engaging and accessible to a broader audience.

OCR Philosophy of Religion for AS and A2 Jill Oliphant, Matthew Taylor, 2015-07-16 Structured directly around the specification of the OCR, this is the definitive textbook for students of Advanced Subsidiary or Advanced Level courses. The updated third edition covers all the necessary topics for Philosophy of Religion in an enjoyable student-friendly fashion. Each chapter includes: a list of key issues OCR specification checklist explanations of key terminology overviews of key scholars and theories self-test review and exam practice questions. To maximise students' chances of success, the book contains a section dedicated to answering examination questions. It comes complete with diagrams and tables, lively illustrations, a comprehensive glossary and full bibliography. Additional resources are available via the companion website at www.routledge.com/cw/mayled.

EVANGELICAL THEOLOGY—GOD Edward D. Andrews, 2023-05-10 *Evangelical Theology—God: Essential Christian Beliefs About God* is an in-depth exploration into the heart of Christian theology, offering a comprehensive understanding of God from an evangelical perspective. This book, rich in scholarly insights, guides the reader through a journey of understanding the nature, attributes, and work of God. The book begins by establishing foundational concepts in theology and exploring various worldviews that shape our understanding of God. It delves into the metaphysical arguments for God's existence, comparing and contrasting various theistic perspectives, and addressing common objections. *Evangelical Theology—God* then considers the role of miracles as evidence of the supernatural, and the importance of divine revelation for theological knowledge. It takes a deep dive into the person and attributes of God, presenting Him as a spirit, a self-existent being, unchangeable, eternal, and limitless. Continuing further, the book explores the Law of God, its nature and purpose, while also highlighting key scriptural passages. It provides guidance on working for God, emphasizing service, stewardship, spreading the Gospel, and demonstrating the power of faith at work. In later chapters, the book explores the concept of waiting on God, trusting in His timing, and understanding His providence. It concludes by offering practical steps to strengthen our relationship with God and to live a life that pleases Him. This book is a profound resource for anyone seeking a deeper understanding of God from an evangelical perspective. It's a must-read for theology students, pastors, Christian educators, and believers who wish to deepen their faith and relationship with God.

God and Cosmos David Baggett, Jerry L. Walls, 2016-02-01 Naturalistic ethics is the reigning paradigm among contemporary ethicists; in *God and Cosmos*, David Baggett and Jerry L. Walls argue that this approach is seriously flawed. This book canvasses a broad array of secular and naturalistic ethical theories in an effort to test their adequacy in accounting for moral duties, intrinsic human value, moral knowledge, prospects for radical moral transformation, and the rationality of morality. In each case, the authors argue, although various secular accounts provide real insights and indeed share common

ground with theistic ethics, the resources of classical theism and orthodox Christianity provide the better explanation of the moral realities under consideration. Among such realities is the fundamental insight behind the problem of evil, namely, that the world is not as it should be. Baggett and Walls argue that God and the world, taken together, exhibit superior explanatory scope and power for morality classically construed, without the need to water down the categories of morality, the import of human value, the prescriptive strength of moral obligations, or the deliverances of the logic, language, and phenomenology of moral experience. This book thus provides a cogent moral argument for God's existence, one that is abductive, teleological, and cumulative.

The Routledge Companion to Philosophy of Religion Chad V. Meister, Paul Copan, 2013 The Routledge Companion to Philosophy of Religion, Second Edition contains nine new entries, and is an indispensable guide and reference source to the major themes, movements and topics in philosophy of religion.

Routledge Companion to Philosophy of Religion Chad Meister, Paul Copan, 2010-02-25 The Routledge Companion to Philosophy of Religion is an indispensable guide and reference source to the major themes, movements, debates and topics in philosophy of religion. A team of renowned international contributors provide sixty-five accessible entries organized into nine clear parts: philosophical issues in world religions key figures in philosophy of religion religious diversity the theistic conception of God arguments for the existence of God arguments against the existence of God philosophical theology christian theism recent topics in philosophy of religion. Covering key world religions including Hinduism, Buddhism, and Islam, and key figures such as Augustine, Aquinas and Kierkegaard, the book explores the central topics in theism such as the ontological, cosmological and teleological arguments for God's existence. Three final parts consider Catholicism, Protestantism, Eastern orthodoxy and current debates including phenomenology, reformed epistemology, religious experience, and religion and science. This is essential reading for anyone interested in philosophy, religion and related disciplines.

Key Terms in Philosophy of Religion Raymond J. VanArragon, 2010-08-19 Key Terms in Philosophy of Religion offers a clear, concise and accessible introduction to a central topic in philosophy. The book offers a comprehensive overview of the key terms, concepts, thinkers and major works in the history of this key area of philosophical thought. Ideal for first-year students coming to the subject for the first time, Key Terms in Philosophy of Religion will serve as the ideal companion to study of this fascinating subject. Raymond J. VanArragon provides detailed summaries of all the key concepts in the study of philosophy of religion. An introductory chapter provides context and background, while the following chapters offer detailed definitions of key terms and concepts, introductions to the work of key thinkers, summaries of key texts and advice on further reading. Designed specifically to meet the needs of students and assuming no prior knowledge of the subject, this is the ideal reference tool for those coming to philosophy of religion for the first time.

OCR Philosophy of Religion for AS and A2 Matthew Taylor, 2009-01-13 OCR Philosophy of Religion for AS and A2 is a textbook for students of Advanced Subsidiary or Advanced Level courses, endorsed by OCR for use with the OCR GCE Religious Studies specification. The book covers all the topics of the Philosophy of Religion component of the A Level specification in an enjoyable and student-friendly fashion. This second edition has been restructured for the revised specification and now includes new chapters on the 'Nature of God' and 'Religion and Science'. Each chapter includes: a list of key issues, to introduce students to the topic OCR specification checklist, to allow students to see which topics from the specification are covered in each chapter explanations of key terminology discussion questions, thought points and activities exam-style practice questions self-test review questions helpful summaries annotated further reading suggestions. To maximize students' chances of exam success, the book includes a chapter dedicated to answering examination questions. The book comes complete with lively illustrations, a comprehensive glossary, a full bibliography and a companion website at www.routledge.com/textbooks/9780415468244.

Tough Questions, Thoughtful Responses - Student's Guide Dr. Octavian Caius Obeada, Tough Questions, Thoughtful Responses - Student's Guide is a structured apologetics resource designed to help students thoughtfully engage the intellectual and emotional challenges of faith in today's skeptical world. Suitable for both academic courses and ministry settings, this guide provides:

- Clear objectives and foundational concepts for each chapter
- Reflective questions that nurture both personal conviction and critical thinking
- Practical tools for applying apologetics to daily conversations and ethical dilemmas
- Biblical and theological grounding for addressing doubt and cultural resistance
- Insightful responses to contemporary issues in science, philosophy, and morality

This guide is crafted not only to inform students but to shape them into confident, compassionate defenders of the Christian faith, equipped to live with clarity, humility, and gospel-centered conviction in a complex world.

Advanced Philosophy and Ethics of Religion Greg Dewar, 2002 Usual Revision Guide style with a topic graphically presented on each A4 page - coverage of all AS/A Level specifications for the subject.

THE ENCYCLOPEDIA OF CHRISTIAN APOLOGETICS Edward D. Andrews, 2024-10-04 The Encyclopedia of Christian Apologetics is an essential resource for anyone seeking to defend the Christian faith with clarity and confidence. This comprehensive volume offers in-depth explanations of key topics and arguments within the field of apologetics, making it an invaluable tool for pastors, teachers, students, and laypeople alike. Organized alphabetically for easy reference, each entry addresses significant theological issues, common objections, and the core truths of Christianity. Whether you're responding to questions about the existence of God, the reliability of Scripture, or contemporary challenges such as atheism and moral relativism, this encyclopedia provides biblically grounded, logically sound, and practically applicable answers. With over 220 books authored, Edward D. Andrews draws from his extensive experience and study to offer readers well-

researched and scripturally supported content. The Encyclopedia of Christian Apologetics not only equips you to answer critics but also deepens your understanding of the Christian worldview and strengthens your faith. In a world where questions about faith and truth are more pressing than ever, this encyclopedia is a trusted guide to help you stand firm in the truth and proclaim the gospel boldly.
