Stranger Than We Can Imagine John Higgs, 2015-11-10 “An illuminating work of massive insight” on the complex ideas and events that initiated the historical shift between the 19th and 20th centuries (Alan Moore, author of *V for Vendetta* and *Watchmen*). “An always-provocative view of an era that many people would just as soon forget . . . an absorbing tour of the 20th century.” —Kirkus Reviews In *Stranger Than We Can Imagine*, John Higgs argues that before 1900, history seemed to make sense. We can understand innovations like electricity, agriculture, and democracy. The twentieth century, in contrast, gave us relativity, cubism, quantum mechanics, the id, existentialism, Stalin, psychedelics, chaos mathematics, climate change and postmodernism. In order to understand such a disorienting barrage of unfamiliar and knotty ideas, Higgs shows us, we need to shift the framework of our interpretation and view these concepts within the context of a new kind of historical narrative. Instead of looking at it as another step forward in a stable path, we need to look at the twentieth century as a chaotic seismic shift, upending all linear narratives. Higgs invites us along as he journeys across a century “about which we know too much” in order to grant us a new perspective on it. He brings a refreshingly non-academic, eclectic and infectiously energetic approach to his subjects as well as a unique ability to explain how complex ideas connect and intersect—whether he’s discussing Einstein’s theories of relativity, the Beat poets’ interest in Eastern thought or the bright spots and pitfalls of the American Dream.

The Manuscript of Adlartok David Reed, 2025-04-24 On Earth, four university students stumble across a mysterious manuscript and discover a horrifying prophecy – the imminent destruction of planet Earth. Elsewhere in the world, suspicious activity is putting the military organisations of major countries on high alert, pre-empting an apocalyptic attack from a faceless enemy. But who? CENTURIES LATER, Earth is shrouded in noxious clouds of poison, eradicating MOST life. A few lucky humans find refuge on the planet Kazar-Nazkar and learn the wonder of living in symbiosis with nature. Hope for humankind may not be lost after all. But a power-hungry alien warlord threatens the survival of both humans and the inhabitants of Kazar-Nazkar. Will anyone survive all-out war? Will humans ever be able to return to Earth? Only fate may decide.

The Quantum Choreographer's Love Dance: A Symphony of Entanglement Courtney Krystal,

Everyday Creativity and the Healthy Mind Ruth Richards, 2018-08-20 As human beings we all have creative potential,

a quality essential to human development and a vital component to healthy and happy lives. However this may often remain stifled by the choices we make, or ways in which we choose to live in our daily lives. Framed by the “Four Ps of Creativity” – product, person, process, press – this book offers an alternative understanding of the fundamentals of ordinary creativity. Ruth Richards highlights the importance of “process”, circumventing our common preoccupation with the product, or creative outcome, of creativity. By focusing instead on the creator and the creative process, she demonstrates how we may enhance our relationships with life, beauty, future possibilities, and one another. This book illustrates how our daily life styles and choices, as well as our environments, may enable and allow creativity; whereas environments not conducive to creative flow may kill creative potential. Also explored are questions of ‘normality’, beauty and nuance in creativity, as well as creative relationships.

The Murder of Onesmus Muriuki Njoki Kamau, 2014-12-11 Onesmus Muriuki is a prosperous, hard-working, hard-living man. He lives his life on the edge. Never satisfied with what is legally his, he likes reaching over the fence and grabbing his neighbors' possessions. Leaving a swathe of adultery, fraud and broken hearts in his wake, Onesmus is on a knife's edge as his list of enemies grows by the day. The clock is ticking. His doom is about to fall upon him by the hand of one of his victims. Will it be Kevin, the young man whose girlfriend has fallen under Onesmus's spell? Or could it be James Munene, Onesmus's business partner, whom he has been shamelessly robbing in broad daylight? The butterfly's wings have flapped, and the hurricane is gathering strength and momentum. Onesmus's days are numbered.

The Money Noose: Jon Corzine and the Collapse of MF Global Scott E.D. Skyrms, 2014-10-29 “Skyrms makes complex financial scenarios accessible to all interested readers in an informative and entertaining manner. We can all learn something from this book.” —Thomas Peterffy, Chairman, CEO, and President of Interactive Brokers “Skyrms put together the story of MF Global like no one else could in providing the ultimate autopsy covering destructive financial engineering that’s played such a big role in our capital markets.” —Lawrence G. McDonald, New York Times best selling author of A COLOSSAL FAILURE OF COMMON SENSE “God is in the details...first come the reporters, then the lawyers. Skyrms’s book is the necessary antidote. Only someone who has ‘done’ it can explain it. Perhaps the best ‘counterfactual’ rationale for reading The Money Noose: If John Corzine had been able to before, there would likely have been no after.” —Stan Jonas, Managing Partner, Axiom Management Partners In 2010, President Barack Obama signed into law the Dodd-Frank Wall Street Reform and Consumer Protection Act. MF Global was bankrupt less than a year after the law’s passage. THE MONEY NOOSE is a general accounting of the facts that led to MF Global’s collapse, as well as the story of the major players involved. It is a chaotic story, one in which individual actions taken in and of themselves are relatively minor. But the sum of those individual actions equal the same end result. This book is designed to tell the story of MF Global, what went wrong and how things came to an abrupt end. In those regards, it’s an incredible story.

Standing On The Shoulders Of Giants Frank Rafters, 2013-11-18 Standing on the Shoulders of Giants is the first book from Frank Rafters. In it, the author chooses his greatest ever Celtic team (1888-1960) and, in doing so, tells of some of the greatest figures in the Football Club's remarkable history. The life story of the gentleman, who was until recently Celtic's oldest surviving ex-player (William Boland - who first saw Celtic in the 1930's), is also exclusively featured. Additionally, there are a plethora of tales from away days in Europe, Celts living around the world, and some of the author's personal experiences to be enjoyed, as well as much more.

The Movement: The Revolution Will Be Televised Adam Weishaupt, 2013-02-07 Throughout history, the Illuminati have resisted the Old World Order: the network of elite families that have directed the course of human history since the dawn of civilization. The aim of the Power Elite has always been the same - to maintain themselves in power and privilege in perpetuity, at the expense of everyone else. In the past, they used brute force to subjugate the servile masses. Now they use something far more subtle: psychological manipulation. They know what buttons to push. They know what makes ordinary people tick, what they want and what they fear. Can they be stopped? The Movement is committed to their overthrow. The Movement seeks to bring true power to the people, to smash the networks of nepotism and cronyism that strangle the opportunities of ordinary people. Discover the philosophy, aims, strategy and tactics of the Movement. The Revolution WILL be televised. Will you feature in the historic pictures being beamed around the globe? Or will you watch from home in your comfy seat?

Heartlight K. Michael Curcuru, 2017-01-27 Foreword Heartlight This book will change your relationship with reality. K.

Michael Curcuru bestows enlightenment in a book. What you hold in your hands doesn't just have words about light. It conveys light. This book is a touchstone. Get into it. Let it wash over you. Read aloud the exquisite passages, and relish the sparkling energy that enfolds you. This is a new literary genre: stream-of-light-consciousness writing. When I began reading *Heartlight*, my recovering English teacher started sputtering, Oh dear, that's what he's using as a verb? Then the beauty and flow of the book moved me into a different way of being with it. Michael really does see the world as he's written it here. He embodies radiant light. And this book imparts transformation just as Michael does energetically speaking because Michael is that light. He has discovered a way of gifting an enlightened level of being to you by experiencing his book. *Heartlight* is an energetic field. Like a magnetic field realigns poles of iron filings, you will find yourself feeling lighter, expanded, and more open-hearted and self-loving when you spend time in this book. You will absorb this book at a subatomic level. Avoid seeking the sentence structure Newtonian method. Let your right brain fall in love with this book. Use the creative, fluid, random part of you that senses wholeness rather than constructs it. As you drop into this book, you may find yourself swept away, poised on the crest of a word wave. Awash in alluring alliteration, you ask, From whence did I come? You can find your way home, Dorothy, by remembering. *Heartlight* is about how to be the light in the Illusion; it is how to find the light, trust the light, and be cradled by the light. As Michael would say, In-Joy! Namaste, Phyllis Kirk, JD Quantum Lite Simplified: How to Calm the Chaos

How do you maintain hope or look forward to the future? *Relentless Joy* will show you how to · reclaim joy when your life feels barren or burdened · throw off the chains of what you are supposed to be · see God working in surprising ways you may have missed · identify the unique dream that sets your soul on fire · serve others and walk in joy for the rest of your life With gut-level honesty, award-winning storyteller and former national sportscaster Rachel Joy Baribeau shares her own story of changing the narrative of her life from stuck, overwhelmed, and anxious to confident in her identity and joyful in her life's purpose. At the top of that list for me is Rachel Baribeau. Her book, *Relentless Joy*, is a fantastic read for all ages.--Coach Bill Snyder, former head

football coach of Kansas State University In Relentless Joy, Rachel Baribeau explains how she has survived, thrived, and arrived to deliver the recipe of an overcomer. Do yourself a favor and jump on the joy train!--David Tyree, former New York Giants wide receiver and Super Bowl champion

Sooner Safer Happier Jonathan Smart, 2020-11-10 This is one of the most important Agile books since The Phoenix Project. —Charles Betz, Principle Analyst, Forrester Research It's no secret that we are living in the Digital Age. Technology companies make up seven of the world's ten largest firms by market capitalization. And the key to their success is the key to all modern organizations. Jonathan Smart, business agility practitioner, thought leader, and coach, reveals the patterns and antipatterns that will help organizations from every industry deliver better value sooner, safer, and happier through high levels of engagement, inclusion, and empowerment. Through his decades of experience in the technology world, Smart provides business leaders with a blueprint for creating a world-class organization of the future. Through Agile and Lean ways of working, business leaders can empower teams to improve production, grow together, and create better services for their customers. These better ways of working have overflowed from the IT department to every corner of successful organizations, taking root in every industry from aerospace to accounting, insurance to shipping. This book is not about software development. It is not a book about the computer industry. This book is about applying agility across the entire organization. It's a book that will put you at the front of change and ahead of the competition. A true business-wide perspective on Digital Transformation and the need for whole business agility. —Adam Banks, Non Executive Director and Former CTIO of AP Moller Maersk **Note from the Authors: Purchases will result in the planting of trees and empowerment of women, in countries with the lowest scores on the IUCN's gender and environment index. It's not just carbon neutral, purchases in any format will result in, on average, 10x greater carbon offset.

Relational Change Liz Wiggins, Harriet Hunter, 2016-12-15 Learn about alternative ways of managing the change experience to make it doable, energising and transformative. The process of change in all organizations - corporate, public sector and not-for-profit - can be fraught, overwhelming and unpredictable, both for those experiencing change and for those charged with its implementation. Relational Change presents a refreshingly readable and accessible alternative to the normal rhetoric of mechanistic, top-down change. Instead, Liz Wiggins and Harriet Hunter show how paying closer attention to personal interactions and relationships lies at the very heart of effective and sustainable change in organizations. Exploring issues of power, politics, emotions and the way people and systems can become stuck in unhelpful patterns, this book will help you work practically with the messiness of change. The dynamic new ways discussed are highly relevant for life in organizations today and will apply to your life outside work too. Integrating research and theory from a wide range of sources, as well sharing their own extensive experience of leading change, the authors present a stimulating and thought-provoking people-centred and relational approach that focuses on doing with others, rather than doing to them. Relational

Change combines academically-grounded, theoretically-robust thinking that explains the rationale for relational change with real-world stories that will resonate with your own experience of change, whether as a seasoned or novice leader.
