Matt Lee

The Backwards Hand Matt Lee, 2024-05-15 Fear. Disgust. Pity. The cripple evokes our basest human emotions—as does the monster. Told in lyric fragments, *The Backwards Hand* traces Matt Lee’s experience living in the United States for more than thirty years with a rare congenital defect. Weaving in historical research and pop culture references, Lee dissects how the disabled body has been conflated with impurity, worthlessness, and evil. His voice swirls amid those of artists, criminals, activists, and philosophers. With a particular focus on horror films, Lee juxtaposes portrayals of fictitious monsters with the real-life atrocities of the Nazi regime and the American eugenics movement. Through examining his struggles with physical and mental health, Lee confronts his own beliefs about monstrosity and searches for atonement as he awaits the birth of his son. *The Backwards Hand* interrogates what it means to be a cripple in a predominantly ableist society, deconstructing how perceptions of disability are—and are not—reflected in art and media.

The Twenty-First-Century Western Douglas Brode, Shea T. Brode, 2019-12-12 Focusing on twenty-first century Western films, including all major releases since the turn of the century, the essays in this volume cover a broad range of aesthetic and thematic aspects explored in these films, including gender and race. As diverse contributors focus on the individual subgenres of the traditional Western (the gunfighter, the Cavalry vs. Native American conflict, the role of women in Westerns, etc.), they share an understanding of the twenty-first century Western may be understood as a genre in itself. They argue that the films discussed here reimagine certain aspects of the more conventional Western and often reverse the ideology contained within them while employing certain forms and clichés that have become synonymous internationally with Westerns. The result is a contemporary sensibility that might be referred to as the postmodern Western.
