No Country No Home Trudy Walter Carlson, 2021-09-29 NO COUNTRY NO HOME: A Family's Exodus and Homecoming By: Trudy Walter Carlson Spanning three generations, this book recounts the story of a real German family who endured WWII, overcame poverty, and embraced an opportunity to come to a new country. Sadly, after surviving one of the most horrific events of world history, generations of decent, hardworking German people were affected by a societal prejudice and distrust for their culture. Nevertheless, their story exemplifies the resilience and perseverance of the human spirit. A compilation of personal histories, the book recounts the journeys of individual family members, often in their own words, and it proves that the struggles and victories of our ancestors can impact generations to come.

A Life of Experimental Economics, Volume I Vernon L. Smith, 2018-11-23 This book provides an intimate history of Nobel Laureate Vernon Smith's early life, combining elements of biography, history, economics and philosophy to show how crucial incidents early in his life provided the necessary framework for his research into experimental economics. Smith takes the reader from his family roots on the railroads and oil fields of Middle America to his early life on a farm in Depression-wracked Kansas. A mediocre student in high school, Smith attended Friends University, on Wichita's west side, where an intense study of mathematics, physics, chemistry, and astronomy enabled him to pass the examinations to enter Caltech and study under luminary scientists like Linus Pauling. Eventually Smith discovered economics and pursued graduate study in the field at University of Kansas and Harvard. This volume ends with his Camelot years at Purdue, where he began his famous work in experimental economics, nurturing his research into an unlikely new field of economics.

The House of the Edrisis Ghazaleh Alizadeh, 2025-03-17 "Like all revolutions, this one too has led to a regime more

despotic than the one it replaced.” So observes an omniscient narrator in Ghazaleh Alizadeh’s monumental novel *The House of the Edrisis*, offering a darkly comedic glimpse at the aftermath of an unnamed twentieth-century uprising. In this concluding volume, the revolutionary tumult that has consumed the aristocratic Edrisi family and their opulent mansion shows no signs of abating. As a ragtag band of squatters-turned-rulers consolidates power through surveillance and intimidation, the novel’s eccentric cast of characters is forced to reckon with upended social orders. Erstwhile revolutionaries become complicit enforcers of a new authoritarian regime, their lofty slogans of liberation curdling into doublespeak. At the center of this story stands the ancestral Edrisi manor—a fading palace that seems to contain multitudes. Its once-vibrant gardens and courtyards, rendered in lush descriptive passages, now serve as haunted stages for madness, romance, violence, and philosophical reflection in turn. Lauded as a crowning achievement of modern Persian literature, this first-ever English translation of *The House of the Edrisis* in two volumes offers an unforgettable immersion in one writer’s vision of the perils and pathos of a world remade by revolution.

Artful Histories David McCoey, 1996 An important contribution to our understanding of autobiography, its history and the Australian experience.

House of Music Kadiatu Kanneh-Mason, 2020-09-03 Meet the most musically gifted family in the world ‘I was entranced... Beautifully written and hugely enjoyable.’ Bernardine Evaristo, author of *Girl, Woman, Other* Seven brothers and sisters. All of them classically trained musicians. One was Young Musician of the Year and performed for the royal family. The eldest has released her first album, showcasing the works of Clara Schumann. These siblings don’t come from the rarefied environment of elite music schools, but from a state comprehensive in Nottingham. How did they do it? Their mother, Kadiatu Kanneh-Mason, opens up about what it takes to raise a musical family in a Britain divided by class and race. What comes out is a beautiful and heartrending memoir of the power of determination, camaraderie and a lot of hard work. The Kanneh-Masons are a remarkable family. But what truly sparkles in this eloquent memoir is the joyous affirmation that children are a gift and we must do all we can to nurture them. *** WINNER OF THE INDIE BOOK AWARD 2022 FOR NON-FICTION WINNER OF THE ROYAL PHILHARMONIC SOCIETY STORYTELLING AWARD 2021 ‘Riveting, taking in prejudice as well as sacrifice. There are 4.30am starts, lost instruments, fractured wrists, all captured with vivid flourishes. A paean to camaraderie.’ Observer ‘An amazing, compelling, moving, unforgettable story...’ Lady Antonia Fraser ‘[Kadiatu’s] frank memoir reveals the eye-watering level of practical, emotional, intellectual and financial commitment required to raise seven outstanding classical musicians... Her beautiful, wise writing is its own music.’ Daily Mail

It Takes Three Bill Noble, 2012-11-08 I wrote this book as a autobiography (Memoirs) for which I am giving tribute to my biological mother and two stepmothers who assisted in raising me from infant to adulthood. My father gained custody of me at the age of two (2) and raised me with the help of my two stepmothers. Growing up as a child was a journey for me and

my mother(s) gave me specific gifts to prevail and succeed. I thank them for their loving, caring, and sharing attitudes toward me. I forgive my dad for his abusiveness during my childhood as he did not know what he was doing. However, he had the insight to choose women who were remarkable human beings. Children from dysfunctional family backgrounds will hopefully enjoy reading this book; and adults who have similar backgrounds will appreciate from whence I have come. I hope that this book will be an inspiration to all affected persons to succeed.

Sisters First Jenna Bush Hager, Barbara Pierce Bush, 2017-10-24 The former first daughters share intimate stories and reflections from the Texas countryside to the storied halls of the White House and beyond. Born into a political dynasty, Jenna and Barbara Bush grew up in the public eye. As small children, they watched their grandfather become president; just twelve years later they stood by their father's side when he took the same oath. They spent their college years watched over by Secret Service agents and became fodder for the tabloids, with teenage mistakes making national headlines. But the tabloids didn't tell the whole story. In *Sisters First*, Jenna and Barbara take readers on a revealing, thoughtful, and deeply personal tour behind the scenes of their lives, as they share stories about their family, their unexpected adventures, their loves and losses, and the sisterly bond that means everything to them.

At Spaso House Rebecca Matlock, 2020-11-10 From 1933 when President Franklin Roosevelt established diplomatic relations with the USSR, the American ambassador has lived and entertained guests in a mansion located on Spasopeskovskaya ploshchadka, quite a mouthful for most Americans, so they shortened it to "Spaso House." That is the locale Rebecca Matlock chose for her account of the interactions of American and Soviet people from the 1930s to 1991. She has drawn on the memoirs of diplomats and journalists and on her experience during eleven years as a diplomat's wife in Moscow. As Spaso House hostess from 1987 to 1991, she entertained presidents, foreign ministers, diplomats of many countries, business tycoons, legislators, teachers and students, along with world-famous poets, artists and musicians. Her account of how Cold War hostility and suspicion yielded to understanding and growing cooperation contains important lessons for us today

The Old Balmain House Graham Wilson, 2011-10-05 Sophie vanished - where did she go? For 100 years nobody knows. A photo of 8 year old Sophie and an antique perfume bottle are found in the fireplace of an old house. The story of a Balmain family over 170 years. Finally they uncover what happened. Set around beautiful Sydney Harbour this is a story of this place and its people, an imagined history from early Australia to the present day. Who was Sophie and what happened to her? On

buying an old weatherboard house in Balmain, Sydney, we discover her photo, dated 1900-1908, long hidden, along with a small perfume bottle in an old fireplace. Then we discover that Sophie disappeared with a childhood friend in 1908 and was never seen again, leaving a trail of sadness through generations of her family. This book tracks the journey of the discovery of Sophie and her family, from their first arrival in Sydney, over five generations of the family, until the mystery is finally laid to rest. It is a story of loss and grief, mixed with joy, which passes through the successive generations of a family. The way the family deals with unresolved tragedy and finally the way their love transcends time is the story from which the real Sophie emerges. Graham Wilson, the author, lived in the house in Balmain around which this story is based for seven years, before moving to Millers Point. This is his first novel. Graham has previously written a family memoir, "Children of Arnhem's Kaleidoscope" which describes his childhood, growing up in an aboriginal community in Western Arnhem Land. This is also available from this site.

The House That George Built Wilfrid Sheed, 2008-05-13 From Irving Berlin to Cy Coleman, from "Alexander's Ragtime Band" to "Big Spender," from Tin Pan Alley to the MGM soundstages, the Golden Age of the American song embodied all that was cool, sexy, and sophisticated in popular culture. For four glittering decades, geniuses like Jerome Kern, George Gershwin, Cole Porter, and Harold Arlen ran their fingers over piano keys, enticing unforgettable melodies out of thin air. Critically acclaimed writer Wilfrid Sheed uncovered the legends, mingled with the greats, and gossiped with the insiders. Now he's crafted a dazzling, authoritative history of the era that "tripled the world's total supply of singable tunes." It began when immigrants in New York's Lower East Side heard black jazz and blues—and it surged into an artistic torrent nothing short of miraculous. Broke but eager, Izzy Baline transformed himself into Irving Berlin, married an heiress, and embarked on a string of hits from "Always" to "Cheek to Cheek." Berlin's spiritual godson George Gershwin, in his brief but incandescent career, straddled Tin Pan Alley and Carnegie Hall, charming everyone in his orbit. Possessed of a world-class ego, Gershwin was also generous, exciting, and utterly original. Half a century later, Gershwin love songs like "Someone to Watch Over Me," "The Man I Love," and "Love Is Here to Stay" are as tender and moving as ever. Sheed also illuminates the unique gifts of the great jazz songsters Hoagy Carmichael and Duke Ellington, conjuring up the circumstances of their creativity and bringing back the thrill of what it was like to hear "Georgia on My Mind" or "Mood Indigo" for the first time. The Golden Age of song sparked creative breakthroughs in both Broadway musicals and splashy Hollywood extravaganzas. Sheed vividly recounts how Cole Porter, Richard Rodgers, Jerome Kern, and Johnny Mercer spread the melodic wealth to stage and screen. Popular music was, writes Sheed, "far and away our greatest contribution to the world's art supply in the so-called American Century." Sheed hung out with some of the great artists while they were still writing—and better than anyone, he knows great music, its shimmer, bite, and exuberance. Sparkling with wit, insight, and the grace notes of wonderful songs, *The House That George Built* is a heartfelt, intensely personal portrait of an unforgettable era. A

delightfully charming, funny, and most illuminating portrait of songwriters and the Golden Age of American Popular Song. Mr. Sheed's carefully chosen depictions and anecdotes recapture that amazingly creative period, a moment in time in which I was so fortunate to be surrounded by all that magic." -Margaret Whiting

Particular attention is paid to the campaign finance scandals which dominated the last three weeks of the 1996 presidential campaign. The book then offers a series of realistic and achievable reforms designed to make presidential elections less manipulative and more fair to voters.
