Confederate Sheet Music E. Lawrence Abel, 2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, The South must not only fight her own battles but sing her own songs and dance to music composed by her own children. Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication;

and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.

Making the March King Patrick Warfield,2013-10-16 John Philip Sousa's mature career as the indomitable leader of his own touring band is well known, but the years leading up to his emergence as a celebrity have escaped serious attention. In this revealing biography, Patrick Warfield explains how the March King came to be by documenting Sousa's early life and career. Covering the period 1854 to 1893, this study focuses on the community and training that created Sousa, exploring the musical life of late nineteenth-century Washington, D.C., and Philadelphia as a context for Sousa's development. Warfield examines Sousa's wide-ranging experience composing, conducting, and performing in the theater, opera house, concert hall, and salons, as well as his leadership of the United States Marine Band and the later Sousa Band, early twentieth-century America's most famous and successful ensemble. Sousa composed not only marches during this period but also parlor, minstrel, and art songs; parade, concert, and medley marches; schottisches, waltzes, and polkas; and incidental music, operettas, and descriptive pieces. Warfield's examination of Sousa's output reveals a versatile composer much broader in stylistic range than the bandmaster extraordinaire remembered as the March King. In particular, Making the March King demonstrates how Sousa used his theatrical training to create the character of the March King. The exuberant bandmaster who pleased audiences was both a skilled and charismatic conductor and a theatrical character whose past and very identity suggested drama, spectacle, and excitement. Sousa's success was also the result of perseverance and lessons learned from older colleagues on how to court, win, and keep an audience. Warfield presents the story of Sousa as a self-made business success, a gifted performer and composer who deftly capitalized on his talents to create one of the most entertaining, enduring figures in American music.

Twenty Acres Sarah Neidhardt,2023-04-21 A memoir infused with both empathy and inquiry. —Wendy J. Fox, *Electric Literature* “Twenty Acres is an engaging, thoughtful memoir of growing up in an off-the-grid cabin as part of the 1970s back-to-the-land movement. Sarah Neidhardt captures her subject beautifully and offers a compelling portrait of a highly specific, historically significant time and place.” —Kate Daloz, author of *We Are As Gods: Back to the Land in the 1970s on the Quest for a New America* Sarah Neidhardt grew up in the woods. When she was an infant, her parents left behind comfortable, urbane lives to take part in the back-to-the-land movement. They moved their young family to an isolated piece of land deep in the Arkansas Ozarks where they built a cabin, grew crops, and strove for eight years to live self-sufficiently. In this vivid memoir Neidhardt explores her childhood in wider familial and social contexts. Drawing upon a trove of family letters and other archival material, she follows her parents’ journey from privilege to food stamps—from their formative youths, to their embrace of pioneer homemaking and rural poverty, to their sudden and wrenching return to conventional society—and explores the back-to-the-land movement of the 1970s as it was, and as she lived it. A story of strangers in a strange land, of class, marriage, and family in a changing world, *Twenty Acres: A Seventies Childhood in the Woods* is part childhood idyll, part cautionary tale. Sarah Neidhardt reveals the treasures and tolls of unconventional, pastoral lives, and her insightful reflections offer a fresh perspective on what it means to aspire to pre-industrial lifestyles in a modern world.
