Through its examination of the films of the post-Franco period, this volume offers readers valuable insights into Spanish history, politics, and culture. **Spanish Meta-Art and Contemporary Cinema** Guillermo Rodríguez-Romaguera, 2023-08-10 Can cinema reveal its audience's most subversive thinking? Do films have the potential to project their viewers' innermost thoughts making them apparent on the screen? This book argues that cinema has precisely this power, to unveil to the spectator their own hidden thoughts. It examines case studies from various cultures in conversation with Spain, a country whose enduring masterpieces in self-reflexive or meta-art provide insight into the special dynamic between viewer and screen. Framed around critical readings of Miguel de Cervantes' Don Quixote, Diego Velázquez' Las meninas and Luis Buñuel's Un chien andalou, this book examines contemporary films by Víctor Erice, Carlos Saura, Bigas Luna, Alejandro Amenábar, Lucrecia Martel, Krzysztof Kieslowski, David Lynch, Pedro Almodóvar, Spike Jonze, Andrzej Zulawski, Fernando Pérez, Alfred Hitchcock, Wes Craven and David Cronenberg to illustrate how self-reflexivity in film unbridles the mental repression of film spectators. It proposes cinema as an uncanny duplication of the workings of the brain – a doppelgänger to human thought.

The Persistence of the Human Matthew Escobar, 2016-09-07 Recent narrative fiction and film increasingly exploit, explore and thematize the embodied mind, revealing the tenacity of a certain brand of humanism. The presence of narratively based concepts of personal identity even in texts which explore posthuman possibilities is strong proof that our basic understanding of what it means to be human has, despite appearances, remained mostly unchanged. This is so even though our perception of time has been greatly modified by the same technology which both interrupts and allows for the rearrangement of our experience of time at a rate and a level of ease which, until recently, had never been possible. Basing his views on a long line of philosophers and literary theorists such as Paul Ricoeur, Daniel Dennett and Francisco Varela, Escobar maintains in *The Persistence of the Human* that narrative plays an essential role in the process of constituting and maintaining a sense of self. It is narrative's effect on the embodied mind which gives it such force. Narrative projects us into possible spaces, shaping a temporary corporeality termed the "meta-body," a hybrid shared by the lived body and an imagined corporeal sense. The meta-body is a secondary embodiment that we inhabit for however long our narrative immersion lasts – something which, in today's world, may be a question of milliseconds or hours. The more agreeable the meta-body is, the less happy we are upon being abruptly removed from it, though the return is essential. We want to be able to slip back and forth between this secondary embodiment and that of our lived body; each move entails both forgetting and remembering different subject positions (loss and recuperation being salient themes in the works which highlight this process). The negotiation of the transfer between these states is shaped by culture and technology and this is something which is precisely in flux now as multiple, ephemeral narrative immersion experiences are created by the different screens

we come into contact with.

**Getting Up for the People** Mike Graham de La Rosa, Suzanne M. Schadl, 2014-05-01 *Getting Up for the People* tells the story of the Assembly of Revolutionary Artists of Oaxaca (ASARO) by remixing their own images and words with curatorial descriptions. Part of a long tradition of socially conscious Mexican art, ASARO gives respect to Mexican national icons; but their themes are also global, entering contemporary debates on issues of corporate greed, genetically modified organisms, violence against women, and abuses of natural resources. In 2006 ASARO formed as part of a broader social movement, part of which advocated for higher teachers' salaries and access to school supplies. They exercised extralegal means to "get up," displaying their artwork in public spaces. ASARO stands out for their revitalizing remix of collective social action with modern conventions in graffiti, traditional processes in Mexican printmaking, and contemporary communication through social networking. Now they enjoy international recognition as well as state-sanctioned support for their artists' workshops. They use their notoriety to teach Oaxacan youth the importance of publicly expressing and exhibiting their perspectives on the visual landscape.
