The Hidden Powers of Ritual Bradd Shore,2023-12-12 An illuminating overview of the development, benefits, and importance of ritual in everyday life, written by a leading cognitive anthropologist. The Hidden Powers of Ritual is an engaging introduction to ritual studies that presents ritual as an evolved form of human behavior of almost unimaginable significance to our species. Every day across the globe, people gather to share meals, brew caffeinated beverages, or honor their ancestors. In this book, Bradd Shore, a respected anthropologist, reaches beyond familiar “big-R” rituals to present life’s humbler, overshadowed moments, exploring everything from the Balinese pelebon to baseball to family Zoom sessions in the age of Covid to the sobering reenactment rituals surrounding the Moore’s Ford lynchings. In each ritual, Shore shows how our capacity to ritualize behavior is a remarkable part of the human story. Encompassing both the commonly unlabeled “interaction rituals” studied by sociologists and the symbolically elaborated sacred rituals of religious studies, Shore organizes his conception around detailed case studies drawn from international research and personal experience, weaving scholarship with a memoir of a life encompassed by ritual. A probing exploration that matches breadth with accessibility, *The Hidden Powers of Ritual* is a provocative contribution to ritual theory that will appeal to a wide range of readers curious about why these unique repetitive acts matter in our lives.

Speak of the Devil Joseph Laycock, 2020 Speak of the Devil is the first book-length study of The Satanic Temple. Joseph Laycock, a scholar of new religious movements, contends that the emergence of political Satanism marks a significant moment in American religious history that will have a lasting impact on how Americans frame debates about religious freedom. Though the group gained attention for its strategic deployment of outrage, it claims to have developed beyond politics into a religious movement. Equal parts history and ethnography, *Speak of the Devil* demonstrates why religious Satanism is significant to larger conversations about the definition of religion, religious freedom, and religious tolerance.

The Horned God of the Witches Jason Mankey, 2021-06-08 Explore the deep spiritual roots of the Horned God and discover rituals and activities designed to help you get closer to him. "An amazing treasure trove of information. I could think of no better person to expand on this topic than acclaimed author Jason Mankey, who has had a prominent connection to this deity for most of his magickal life. In the book he explains this powerful figure as being representative of life, death and everything in between." —Lilith Dorsey, author of *Water Magic Throughout history*, horned deities have been honored as gods of nature, sex, fertility, passion, sacrifice, death, and rebirth. The Horned God of the Witches reveals the origins and features of their most common guises—Pan, Cernunnos, Herne, Elen of the Ways, the Green Man, and even the Devil. Whether you are interested in the Wiccan Horned God—a more contemporary composite of several deities—or in one of his many other forms, these rituals for meeting the powerful deity will help you achieve your magical goals. With hands-on

techniques for divination, creating an altar, working magick, spiritual lovemaking, and receiving the gifts of the Witchfather, this book supports a transformative deepening of your relationship to the divine. "Taking on both the perspectives of academic history and modern Witchcraft practice, Mankey masterfully unfolds the stories of some of the Craft's most beloved masculine deities. From their mysterious origins to their place within the archetype of Horned God, readers will find ways to connect with a handful of deities including Cerennunous, Pan, and Herne." —Kelden, author of *The Crooked Path* "The Horned God of the Witches is a tour de force of history, myth, academic research, and spiritual practice, all conveyed in Mankey's eminently approachable style. The resulting book is a delight to read, both an erudite treatise on modern Pagan theology and a passionate paean to its numinous divine subject, the Horned One." —Misha Magdalene, author of *Outside the Charmed Circle*
