I really like the Vue Aesthetics. Not many frills and it has a number of features I like. *Vue.js - The progressive Javascript framework - Reddit* Vue.js is a library for building interactive web interfaces. It provides data-reactive components with a simple and flexible API. What should I learn React, Angular, or Vue? : r/dotnet - Reddit Vue is the most pleasant to work with for me - you can start small, use a basically instant and invisible state management system, and add on parts of the framework as your app grows and you need more sophistication. However I've seen that it has far fewer jobs than Angular and React. Both of those seem equally well used by corporations.
