Perhaps more so than the other elements, energy taps into the nonverbal yet deeply communicative realm of dance. *The Elements of Dance* May be reproduced for professional development training and classroom use by teachers Student Name: Name of Dance: Mark how you think each kind of energy mostly happens in this dance. **Space - The Elements of Dance** Even when a dancer is dancing alone in a solo, the dancer is dynamically involved in the space of the performing area so that space might almost be considered a partner in the dance.
