

Behold The Pale Horse By William Cooper

Ronald H. Fritze

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The only man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

Behold! a Pale Horse Milton Cooper, 2018-05-02 William Cooper turned out to be right; and that's all we have to say about his self-published Book. Let's keep copies of this treatise for our grandchildren and their children, so the spectre of corruption and perfidy that we the late 20th century generation experienced, will never occur again in seven generations.

Black Sun Nicholas Goodrick-Clarke, 2003-07 The Unpredictable Constitution brings together a distinguished group of U.S. Supreme Court Justices and U.S. Court of Appeals Judges, who are some of our most prominent legal scholars, to discuss an array of topics on civil liberties. In thoughtful and incisive essays, the authors draw on decades of experience to

examine such wide-ranging issues as how legal error should be handled, the death penalty, reasonable doubt, racism in American and South African courts, women and the constitution, and government benefits. The Illuminati Mark Dice, 2009 Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - *Magick: In Theory and Practice* - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J. The Temple of My Wisdom Hadassadajah C. Akusani, 2017-08-30 This book can be considered “non-traditional” in that it looks at religion and religious teachings from an entirely different point of view of most religious information flooding today’s literary market. It speaks in defense of a truly EXPANSIVE nature of what we affectionately call “God”—which is PURE CONSCIOUSNESS. It is designed to give the reader hope in a sometimes hopeless world, by encouraging the turning of one’s attention away from the “divine mysteries” taught in composite religion (where any semblance of ‘hope’ lies only in the ‘hereafter’), to the marvelous study and grandeur of the universe itself and the universal laws put in place for our elevation to a higher station in life. It regales the importance of the SIXTH SENSE which is critical to understand the workings of this marvelous gift of a MIND endowed to us by an awesome Creator—as opposed to a largely depressing

'religious' outlook which has shaped the world view of many. Indeed, our INTUITION has the capability of revealing to one's 'higher mind' the wonders of our marvelous mind and its sixth-sense capabilities—if we but put it to use. It regales us of the riches that await us here in THIS LIFE, not in some "sweet bye and bye" after we die. Reality is what gives true hope, as opposed to a 'fantasy' belief that can never truly be beheld!

A Culture of Conspiracy Michael Barkun, 2003 Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

The Unidentified Colin Dickey, 2021-07-20 America's favorite cultural historian and author of *Ghostland* takes a thought-provoking and deliciously unsettling (Publisher's Weekly) tour of the country's most persistent unexplained phenomena In a world where rational, scientific explanations are more available than ever, belief in the unprovable and irrational--in fringe--is on the rise: from Atlantis to aliens, from Flat Earth to the Loch Ness monster, the list goes on. It seems the more our maps of the known world get filled in, the more we crave mysterious locations full of strange creatures. Enter Colin Dickey, Cultural Historian and Tour Guide of the Weird. With the same curiosity and insight that made *Ghostland* a hit with readers and critics, Colin looks at what all fringe beliefs have in common, explaining that today's Illuminati is yesterday's Flat Earth: the attempt to find meaning in a world stripped of wonder. Dickey visits the wacky sites of America's wildest fringe beliefs--from the famed Mount Shasta where the ancient race (or extra-terrestrials, or possibly both, depending on who you ask) called Lemurians are said to roam, to the museum containing the last remaining evidence of the great Kentucky Meat Shower--investigating how these theories come about, why they take hold, and why as Americans we keep inventing and re-inventing them decade after decade. *The Unidentified* is Colin Dickey at his best: curious, wry, brilliant in his analysis, yet eminently readable.

Hope and Fear Ronald H. Fritze, 2022-04-18 A myth-busting journey through the twilight world of fringe ideas and

alternative facts. Is a secret and corrupt Illuminati conspiring to control world affairs and bring about a New World Order? Was Donald Trump a victim of massive voter fraud? Is Elizabeth II a shapeshifting reptilian alien? Who is doing all this plotting? In *Hope and Fear*, Ronald H. Fritze explores the fringe ideas and conspiracy theories people have turned to in order to make sense of the world around them, from myths about the Knights Templar and the Ten Lost Tribes of Israel, to Nazis and the occult, the Protocols of Zion and UFOs. As Fritze reveals, when conspiracy theories, myths, and pseudo-history dominate a society's thinking, facts, reality, and truth fall by the wayside.

Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up-to-date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political, legal, religious, and financial institutions. Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand, from the U.S. Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York. Ideas about shadowy networks that operate behind a cloak of secrecy, including real organizations like the CIA and the Mafia and imagined ones like the Illuminati, additionally provide a way for people to criticize prevailing political and economic arrangements, while for society's disadvantaged and forgotten groups, conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations. These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society. Through interpretive essays and factual accounts of various people, organizations, and ideas, the reader will gain a much greater appreciation for a set of beliefs about political scheming, covert intelligence gathering, and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper, and with a global reach.

Conspiracy Theories Aaron John Gulyas, 2016-02-22 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries. From the prosaic to the outlandish, conspiracy theories involve aliens and Nazis, underground bases and mind control technology. They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps. These stories and their underlying concerns have a long history in the U.S. and have often been bolstered by revelations of real conspiracies and cover-ups by private and public entities. This book examines conspiracy theories and the narratives constructed by those who believe and propagate them, providing a unique view of U.S. history and highlighting fears both founded and unfounded.

The Chaos Conundrum Aaron John Gulyas, 2014-01-23 In *The Chaos Conundrum*, historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways, from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the

maelstrom of personalities, agendas, impressions, data, confusion, and contradictions that can be found in the world of the weird, and demonstrates how they have become an integral part of our lives, whether in the form of flying saucers, hauntings, religious revelations, psychic abilities, or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic, and then finally to someone who thinks there might just be something to the paranormal after all... but not what we have been led to expect or believe!

Pranksters Kembrew McLeod, 2014-04 Profiles the most notorious mischief makers in Western culture from 1600 to the present day and explores how pranks are part of a long tradition of speaking truth to power and social critique.

The UFO Book John Michael Greer, 2025-05-20 For thousands of years people have seen strange lights and hovering shapes in the sky. From an ancient awareness that there might be creatures beyond this world to very recent disclosures of alien activity at a governmental level, speculation about unidentified flying objects--and the alien entities that might have traveled within them--has animated humanity's relationship to the unknown. John Michael Greer, long-time researcher of the unexplained, chronicles 100 of the most fascinating brushes Earth's residents have had with visitors from the cosmos. Illustrated with full-color photos and illustrations, *The UFO Book* includes Babylonian engravings, phantom airships of the 1890s, the "foo fighters" of the Second World War, the Flatwoods Monster and Mothman: Greer weaves these together into a chronological survey of an evolving understanding of alien life. He also covers alien abductions from around the world and throughout time, proving that they are a widespread phenomena that unites all of the residents of this planet. It's undeniable that something very strange is going on, and *The UFO Book* is a fascinating portal into a question that predates modern history and will continue into the future: is the truth out there, and when will it finally be uncovered?

The AIDS Conspiracy Nicoli Nattrass, 2013-11-01 Since the early days of the AIDS epidemic, many bizarre and dangerous hypotheses have been advanced to explain the origins of the disease. In this compelling book, Nicoli Nattrass explores the social and political factors prolonging the erroneous belief that the American government manufactured the human immunodeficiency virus (HIV) to be used as a biological weapon, as well as the myth's consequences for behavior, especially within African American and black South African communities. Contemporary AIDS denialism, the belief that HIV is harmless and that antiretroviral drugs are the true cause of AIDS, is a more insidious AIDS conspiracy theory. Advocates of this position make a conspiratorial move against HIV science by implying its methods cannot be trusted and that untested, alternative therapies are safer than antiretrovirals. These claims are genuinely life-threatening, as tragically demonstrated in South Africa when the delay of antiretroviral treatment resulted in nearly 333,000 AIDS deaths and 180,000 HIV infections—a tragedy of stunning proportions. Nattrass identifies four symbolically powerful figures ensuring the lifespan of AIDS denialism: the hero scientist (dissident scientists who lend credibility to the movement); the cultpreneur (alternative

therapists who exploit the conspiratorial move as a marketing mechanism); the living icon (individuals who claim to be living proof of AIDS denialism's legitimacy); and the praise-singer (journalists who broadcast movement messages to the public). Natrass also describes how pro-science activists have fought back by deploying empirical evidence and political credibility to resist AIDS conspiracy theories, which is part of the crucial project to defend evidence-based medicine.
