Musicals in Film Thomas S. Hischak, 2016-11-07 This wide-ranging guide introduces (or reintroduces) readers to movie musicals past and present, enabling them to experience the development of this uniquely American art form—and discover films they'll love. This comprehensive guide covers movie musicals from their introduction with the 1927 film *The Jazz Singer* through 2015 releases. In all, it describes 125 movies, opening up the world of this popular form of entertainment to preteens, teens, and adults alike. An introduction explains the advent of movie musicals; then, in keeping with the book's historical approach, films are presented by decade and year with overviews of advances during particular periods. In this way, the reader not only learns about individual films but can see the big picture of how movie musicals developed and changed over time. For each film covered, the guide offers basic facts—studio, director, songwriters, actors, etc.—as well as a brief plot synopsis. Each entry also offers an explanation of why the movie is noteworthy, how popular it was or wasn't, and the influence the film might have had on later musicals. Sidebars offering brief biographies of important artists appear throughout the book.

*Show Tunes* Steven Suskin, 2010-03-09 *Show Tunes* fully chronicles the shows, songs, and careers of the major composers of the American musical theatre, from Jerome Kern's earliest interpolations to the latest hits on Broadway. Legendary composers like Gershwin, Rodgers, Porter, Berlin, Bernstein, and Sondheim have been joined by more recent songwriters like Stephen Schwartz, Stephen Flaherty, Michael John LaChiusa, and Adam Guettel. This majestic reference book covers their work, their innovations, their successes, and their failures. *Show Tunes* is simply the most comprehensive volume of its kind ever produced, and this newly revised and updated edition discusses almost 1,000 shows and 9,000 show tunes. The book has been called a concise skeleton key to the Broadway musical (*Variety*) and a ground-breaking reference work with a difference (*Show Music*)—or, as the *Washington Post* observed, It makes you sing and dance all over your memory. The eagerly anticipated Fourth Edition, updated through May, 2009, features the entire theatrical output of forty of Broadway's leading composers, in addition to a wide selection of work by other songwriters. The listings include essential production data and statistics, the most extensive information available on published and recorded songs, and lively commentary on the shows, songs, and diverse careers. Based on meticulous research, the book also uncovers dozens of lost musicals—including shows that either closed out of town or were never headed for Broadway—and catalogs hundreds of

previously unknown songs, including a number of musical gems that have been misplaced, cut, or forgotten. Informative, insightful, and provocative, *Show Tunes* is an essential guide for anyone interested in the American musical.

*The Complete Book of 2000s Broadway Musicals* Dan Dietz, 2017-04-06 In the first decade of the twenty-first century, Broadway was notable for old-fashioned, feel-good shows (*Hairspray*, *Jersey Boys*), a number of family-friendly musicals (*Little Women*, *Mary Poppins*), plenty of revivals (*Follies*, *Oklahoma!*, *Wonderful Town*), a couple of off-the-wall hits (*Avenue Q*, *Urinetown*), several gargantuan flops (*Dance of the Vampires*, *Lestat*), and a few serious productions that garnered critical acclaim (*The Light in the Piazza*, *Next to Normal*). Unlike earlier decades which were dominated by specific composers, by a new form of musical theatre, or by numerous British imports, the decade is perhaps most notable for the rise of shows which poked fun at the musical comedy form, such as *The Producers* and *Spamalot*. In *The Complete Book of 2000s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway from 2000 through the end of 2009. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Patti LuPone, Chita Rivera, and Martin Short. Each entry contains the following information: Plot summary Cast members Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Production data, including information about tryouts Source material Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of black-themed shows and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of each show. *The Complete Book of 2000s Broadway Musicals* will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

[Here's to the Ladies](#) Eddie Shapiro, 2023 In *Here's to the Ladies*, the follow-up to *Nothing Like a Dame: Conversations with the Great Women of Musical Theater*, theatre journalist Eddie Shapiro sits down for intimate, career-encompassing conversations with yet more of Broadway's most prolific and fascinating leading women.

**The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author

Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

**Female Bodies on the American Stage** J. Mobley, 2014-09-04 The fat female body is a unique construction in American culture that has been understood in various ways during the twentieth and early twenty-first centuries. Analyzing post-WWII stage and screen performances, Mobley argues that the fat actress's body signals myriad cultural assumptions and suggests new ways of reading the body in performance.

**The Advocate** , 2004-09-14 The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

**Lights, Camera, Sound Tracks** Martin Charles Strong, Brendon Griffin, 2008 Lights, Camera, Soundtrack surveys over 50 years of rock 'n' roll movies, musicals and performance films. It identifies the top guns involved in each film, provides a storyline, rates the film and reviews its soundtrack. From pop and rock musicals, like the classic Elvis Presley vehicle Jailhouse Rock and the recent Tenacious D showpiece The Pick of Destiny, to performance films like Woodstock and Dig!, and the bootylicious films of the Blaxpoitation genre, all manner of rock and popular music films are here. It also includes the films whose soundtracks made a massive impact on their success, such as Trainspotting, Reservoir Dogs, and The Crow. And a section is dedicated to the rock and pop luminaries who have written film scores, such as Peter Gabriel, Nick Cave, and Ry Cooder.--BOOK JACKET.

**Hairspray** Marc Shaiman, 2007 Hairspray blasted its way into theaters with a fresh new twist on the original 1988 classic. With stars like John Travolta, Michelle Pfeiffer, and Christopher Walken singing and dancing to these outrageous tunes, there is no doubt fans across the nation will want to try this at home. The Tony-winning musical has been wowing crowds since 2002. Now moviegoers can become a part of the action, the comedy, and most importantly the music.
