Culturally Responsive Teaching for Infants and Toddlers Marie L. Masterson, 2025 This book presents an expanded view of infant and toddler development to equip educators with the knowledge, dispositions, and skills to create high-quality settings and interactions so that every child can have the best start in life. Readers are encouraged to consider the perspective of the child. What does this classroom, this teacher, and this experience look like and feel like to each child? How do teachers develop deeper understanding of development and learning in the context of children's families, cultures, and lives and apply this knowledge to teaching decisions? Each chapter offers resources, research, teaching tips, activities to empower children, and questions for reflection and discussion. This book addresses the need for cultural safety and coherence between families and programs; the need for rich language and learning opportunities throughout the day; strategies for observing children and using this information to design curriculum; individualized interactions to facilitate play-based learning; and teaching strategies that strengthen each child's emerging skills and capabilities. Book Features: Shows how cultural beliefs, child-rearing practices, and language are active prime-movers in infant and toddler teaching decisions and must be made visible through reflective practice. Illustrates insightful and caring strategies for building authentic relationships with families to guide planning and decision-making. Applies NAEYC's developmentally appropriate practice position statement (2020) to the complex challenges encountered by teachers working with infants and toddlers and their families. Reimagines teaching through the lens of collaboration and creative thinking, anchoring these as essential foundations of active play, outdoor and nature play, and health and well-being.

Rabbits for Food Binnie Kirshenbaum, 2019-05-07 Master of razor-edged literary humor Binnie Kirshenbaum returns with her first novel in a decade, a devastating, laugh-out-loud funny story of a writer's slide into depression and institutionalization. It's New Year's Eve, the holiday of forced fellowship, mandatory fun, and paper hats. While dining out with her husband and their friends, Kirshenbaum's protagonist—an acerbic, mordantly witty, and clinically depressed writer—fully unravels. Her breakdown lands her in the psych ward of a prestigious New York hospital, where she refuses all modes of recommended treatment. Instead, she passes the time chronicling the lives of her fellow “lunatics” and writing a novel about what brought her there. Her story is a brilliant and brutally funny dive into the disordered mind of a woman who sees the world all too clearly. Propelled by razor-sharp comic timing and rife with pinpoint insights, Kirshenbaum examines what it means to be unloved and loved, to succeed and fail, to be at once impervious and raw. *Rabbits for Food* shows how art can lead us out of—or into—the depths of disconsolate loneliness and piercing grief. A bravura literary performance from one of our most indispensable writers.

How to Build Children with Integrity Karen Budzinski, 2018-08-10 Raising the next generation of children is more distracting than ever. We want to raise children with purpose, who excel not only in their pursuits but in the character that makes them victorious when life throws them challenges. How do you give your children the best opportunities without feeding the narcissism prevalent in our selfie society? By giving them integrity. Building children requires integrity: the wholeness that comes from knowing who you are, what you stand for and what you live for. Integrity is consistent; it can be counted on. Building children with integrity helps them to own the ethics and character that will stand against the flood of social opposition to strong values. *How to Build Children with Integrity* is a toolbox of resources and ideas for parents and those who are involved with children. This book is meant to be used as a springboard to inspire people to think of how they can take normal everyday life and build something lasting in children along the way. As we dedicate ourselves to these tasks,

results will follow.

The Wind Will Catch You Michelle Theall,2023-09-19 In the tradition of Barbara Kingsolver and perfect for fans of Mostly Dead Things, in this powerful debut novel, a young woman searches for the truth about her childhood, and what she finds forever alters her beliefs about home, identity, and family. Sky Fielder is a typical college student, except that she is a product of the foster care system, lives in a halfway house, and meets with her caseworker on a weekly basis. While failing to balance her grades and erratic social life, she receives a call from a hospital, asking her to make medical decisions for her brother Ben—who died more than a decade before. The call must be a scam, and besides, Sky has a new life now. None of her classmates know about her desperate and feral childhood in West Texas, where her brother kept her mind off hunger with adventures along the riverbeds and cliffs surrounding their trailer—or about the rash decision that cost him his life and almost ended hers. In fact, only one person truly knows Sky, because it's her job. But Sky's assigned caseworker, Laura, is an employee of social services, which surely means she can't be trusted. As Laura helps Sky unravel the mysteries surrounding the man in the hospital, Sky remembers the risks it takes to love and be loved. When the past and the present collide and long-kept secrets are revealed, Sky must decide how far she's willing to go to have a home and family again. The Wind Will Catch You is an eye-opening, gritty, and hopeful novel by GLAAD media award nominee Michelle Theall about upheaval and resilience, forgiveness and family, love and unexpected allies, all set in motion by issues of social justice and a broken American foster care system.
