The Great Reset Alex Jones, 2022-08-30 In *The Great Reset: And the War for the World*, the most controversial man on earth Alex Jones gives you a full analysis of The Great Reset, the global elite's international conspiracy to enslave humanity and all life on the planet. If you really want to know what's happening in the world, this is the one book you must read now. Alex Jones is the most censored man on the planet and you should ask yourself why that is. There is a powerful authoritarian takeover in process that is seeking to capture the entire human system and turn it into an artificial factory farm controlled system. We are in a war for the future of the world. In this book, you will hear from the world's elites, from their own mouths, what they are planning for you and your families and you will learn what you can do to fight it. From central bankers, corporate billionaires, and corrupted government officials, global elites have been organizing a historic war on humanity under a trans-humanist, scientific dictatorship. Alex Jones was the first major figure to expose the World Economic Forum's agenda. He has dedicated the last 30 years of his life to studying The Great Reset, conducting tens of thousands of interviews with top-level scientists, politicians, and military officials in order to reverse engineer their secrets and help awaken humanity. *The Great Reset: And the War for the World* chronicles the history of the global elites' rise to power and reveals how they've captured the governments of the world and financed The Great Reset to pave the way for The New World Order. Once dubbed a conspiracy theory, but now openly promoted by the most powerful corporations and governments, The Great Reset is a planned attempt to redistribute all the world's wealth and power into the hands of banks, corporations, billionaires, and The World Economic Forum. If you read one book in a lifetime, this is it. In *The Great Reset: And the War for the World*, you will discover from the self-appointed controllers of the planet in their own words, their plan for what they call the final revolution, or The Great Reset. The only way this corporate fascist conspiracy can succeed is if the people of the world are not aware of it. And this book lays out their sinister blueprint and how to stop it. While many great books have been written to help awaken people to this sinister agenda, no author has ever spent as much time and research on The Great Reset as Alex Jones. *The Great Reset: And the War for the World* is the undisputed trailblazer for understanding what's happening and how to stop it.

The Great Reset Marc Morano, 2022-08-30 Here is the antidote to the left's sinister push to use a worldwide crisis to infuse our lives with the values of colossal statism and dystopian self-hatred, all accelerated by the duplicitous manipulation

of the recent pandemic. From the nationally best-selling author of *The Politically Incorrect Guide to Climate Change*. Welcome to 2030. I own nothing, have no privacy, and life has never been better. This is the vision of the Great Reset, according to globalist leaders. While proponents of the Great Reset push slogans like “Build Back Better,” “The Fourth Industrial Revolution,” and “A New Normal,” the Reset is nothing short of a rebranded Soviet system, threatening to strip away property rights, restrict freedom of movement and association, and radically reshape our diets and way of life. In *The Great Reset: Global Elites and the Permanent Lockdown*, bestselling author and ClimateDepot.com publisher, Marc Morano, unveils the origins of the Great Reset, who is behind it, how it is being implemented, and how COVID-19 and the alleged “climate emergency” accelerated its imposition on the United States. Packed with telling statistics and damning quotes, *The Great Reset* is the essential handbook for the public, the media, and activists on how to critically analyze and expose the tyrannical policies silently strangling our liberties today.

Covid Narrative Freedom Nowick Gray, 2022-03-13 Unauthorized transmissions of a coronavirus skeptic, critiquing the global agenda with the voice of the natural human spirit. Nowick Gray's weekly articles for *The New Agora* offer a holographic time capsule of the Covid era. Witnessing the manufactured crisis as a war on humanity, the writer's lens sheds light on the narrative sabotage carried out as its primary strategy. Against that weapon of moral destruction, pen turns to sword in the ongoing battle for our body and soul, our truth and freedom.

The Global Coup d'État Jacob Nordangård, 2024-10-15 We are in the midst of a devastating takeover of our world. *The Global Coup d'État* shows how, why, and what we can do to stop it. The year 2020 will go down in history as the year when the global coup d'état was initiated. In a historical context, the COVID-19 crisis, the murder of George Floyd by a police officer and subsequent riots, mass protests against government lockdowns, and the 2020 election appear rather as part of a well-directed chess game, with complete control of the whole planet as the final goal. During the crescendo of this drama, the powers behind the coup emerged quite openly, offering a techno-totalitarian and very far-reaching solution to the world. This solution, which they call the Great Reset, means that mankind must be fully integrated and merged with a worldwide technological system, through the application of the technologies of the Fourth Industrial Revolution—all for our own safety, security, and well-being. Most people probably associate the phrase “coup d'état” with a sudden, violent takeover, with tanks around government buildings, takeover of media channels, purges of dissidents, arrests, and so on. But this is not always the case. The usurpers can also seize power without violence, in a completely legal and democratic way, with the consent or even enthusiasm of the people, as evidenced in 2020. There are many “existential threats” (climate crisis, refugee crises, terrorism, pandemics, etc.) that can be used to establish a firmer and more centralized governance. This can be a gradual process, barely perceivable until it's almost a *fait accompli*. In *The Global Coup d'État*, author and researcher Jacob Nordangård shares the history, describes the process, reveals the methods, and identifies the agents of this worldwide

takeover so that we can take action before it is too late.

Controligarchs Seamus Bruner, 2023-11-14 Controligarchs peers into the future and provides a haunting and revelatory exposé of the globalist elite’s playbook for the next five years.” - Peter Schweizer, author of Red-Handed, Clinton Cash, and Profiles in Corruption Imagine a world in which you own nothing and rent everything. Most of the protein in your diet comes from bugs. You are not allowed to have more than one child, and your financial and medical data are instantly transferred to a centralized government database via a subdermal microchip. Controligarchs warns that this will be our existence if the supranational elites of the World Economic Forum get their way. In this book, investigative journalist Seamus Bruner—who led the teams whose findings sparked multiple FBI investigations and congressional probes into the Clintons and the Bidens—exposes the billionaires who control the levers of power that dominate every aspect of your life. Inside this pathbreaking new book, you will discover: Bill Gates’s \$11.7 billion food takeover scheme... and the real reason he’s snapping up America’s farmland Mark Zuckerberg’s \$36 billion plot to reengineer society and force you into tech addiction Jeff Bezos’s taxpayer-funded electric vehicle ambitions, climate hypocrisy, and \$1.2 billion plan to spy on you by overseeing your “smart” home The Soros family’s project to use its \$25 billion empire to influence elections and society for the next 50 years How World Economic Forum (WEF) founder Klaus Schwab built an exclusive club in Davos where the top 25 WEF members—now worth more than \$10 trillion—have more economic power than most world governments, and how these global oligarchs are seizing control over our future Based on a mountain of financial filings, insider documents, and corporate records, Controligarchs rips back the curtain on never-before-published revelations about the life-altering schemes that globalist elites have in store for you. This book is a must-read for anyone who values American independence and personal freedom.

God, School, 9/11 and JFK Bruce de Torres, 2021-05-21
GOD, SCHOOL, 9/11 AND JFK by Bruce de Torres exposes the lies that are killing us (we are poor, miserable sinners who deserve God's condemnation and school's incarceration; salvation and careers depend on doing what we are told) and the truth that sets us free (we are eternal love and consciousness, creating all we behold). The lies of 9/11 and the JFK assassination prove our government was hijacked by elites, who strip our rights, wage wars of aggression, and accumulate unspendable riches as they seek to rule the world. The ideals of the American Founding enthrone our sovereignty, our right to be free and oversee a transparent and accountable government. What is seen by those who die and return suggests eternal life and safety. The truth restores our sanity, braces us to play this game of life, and allows us to love each other as ourselves as we create the solutions that we need.

Limited Boxed Set: The Real Anthony Fauci Robert F. Kennedy Jr., 2023-02-14 #1 on AMAZON, and a NEW YORK TIMES, WALL STREET JOURNAL, USA TODAY and PUBLISHERS WEEKLY NATIONAL BESTSELLER
Pharma-funded mainstream media has convinced millions of Americans that Dr. Anthony Fauci is a hero. He is anything but. As director of the National Institute of Allergy and Infectious Diseases (NIAID), Dr. Anthony Fauci dispenses \$6.1 billion in annual taxpayer-provided funding for scientific research, allowing him to dictate the subject, content, and outcome of scientific health research across the globe. Fauci uses the financial clout at his disposal to wield extraordinary influence over hospitals, universities, journals, and thousands of influential doctors and scientists—whose careers and institutions he has the power to ruin, advance, or reward. During more than a year of painstaking and meticulous research, Robert F. Kennedy Jr. unearthed a shocking story that obliterates media spin on Dr. Fauci . . . and that will alarm every American—Democrat or Republican—who cares about democracy, our Constitution, and the future of our children's health. The Real Anthony Fauci reveals how "America's Doctor" launched his career during the early AIDS crisis by partnering with pharmaceutical companies to sabotage safe and effective off-patent therapeutic treatments for AIDS. Fauci orchestrated fraudulent studies, and then pressured US Food and Drug Administration (FDA) regulators into approving a deadly chemotherapy treatment he had good reason to know was worthless against AIDS. Fauci repeatedly violated federal laws to allow his Pharma partners to use impoverished and dark-skinned children as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies. In early 2000, Fauci shook hands with Bill Gates in the library of Gates' \$147 million Seattle mansion, cementing a partnership that would aim to control an increasingly profitable \$60 billion global vaccine enterprise with unlimited growth potential. Through funding leverage and

carefully cultivated personal relationships with heads of state and leading media and social media institutions, the Pharma-Fauci-Gates alliance exercises dominion over global health policy. The Real Anthony Fauci details how Fauci, Gates, and their cohorts use their control of media outlets, scientific journals, key government and quasi-governmental agencies, global intelligence agencies, and influential scientists and physicians to flood the public with fearful propaganda about COVID-19 virulence and pathogenesis, and to muzzle debate and ruthlessly censor dissent.

Dark Agenda Samuel Dancey, 2022-11-08 What is the purpose of the medical industry? Is the health of the people really its goal? Medicine has become a sacred topic, unchallenged and undiscussed. But now, more than ever, it needs to be examined more closely. Samuel Dancey argues that the biggest truth in medicine is not about your health, but about making the most money. From Dancey's point of view, the COVID-19 pandemic lays bare this truth. The powers that be went to great effort and expense to ensure that only their side of the narrative was ever given to the public. What were they hiding? Citing a variety of sources that are not widely known by the public, Dancey gives a perspective very different from the one seen on the six o'clock news: the COVID pandemic was the world's biggest medical hoax. *Dark Agenda* looks at the different aspects of pandemic response around the world to support this claim, contending that thousands of doctors and researchers were bullied and threatened with the loss of their medical licenses if they spoke against the mainstream story. Dancey argues that tactics of fear and isolation were used to coerce the public into unreasonable restrictions, such as masking and social distancing, and eventually people were forced to get a vaccine that was eventually proven to be unsafe and ineffective. Why all this political interference and scientific manipulation? The answer, says Dancey, is profit. Imagine a medicine that must be taken by every single individual on the planet: seven billion people getting a vaccination three, four, or even five times. That translates to a lot of money enough to stage a pandemic, for starters. The mishandling of the COVID-19 outbreak and the experimental vaccine have caused far more deaths and other problems than the coronavirus itself. These will remain with us for years to come.

God's Great Reset: Assessing Covid, the Rapture & Yeshua's Body in an END TIME Context Yosef Rachamim Danieli, 2023-04-10 Are we really living in the end times? Could it be that the recent Covid-19 crisis marked "the beginning of the end?" Will that be followed by an imminent (pre-tribulation) rapture? Will we still be living here for (at least some of) "the great tribulation?" Are we prepared? Will we need to change "the model" we use as Messiah's body during the potentially tumultuous circumstances soon coming on our world? This very interesting and challenging book addresses the above questions in a convincing and biblical way. As a native Israeli Jew and a follower of Israel's Messiah Redeemer, the author approaches the above issues using his Hebraic Jewish Middle Eastern lens. Spoiler alert! Do not expect traditionally accepted explanations and interpretations of end-time prophecies. Be prepared rather to have your settled theology disrupted as you read with an open mind. You may discover your thinking has been influenced by traditional teachings, which are the

byproducts of misinterpreted scriptures due to a lack of understanding of their proper cultural and linguistic context. Sit back and enjoy the ride!

Soft Skills and Hard Values Kerry J. Kennedy, Margarita Pavlova, John Chi-Kin Lee, 2022-11-07 To help researchers, educators and policy makers understand and support the development of 21st-century skills in schools, this edited volume explores the various iterations of soft skills with a particular focus on their implications for values and evaluates ways in which soft skills and hard values can be integrated. Discourse throughout the 21st century has focused on the changing nature of work, the need for new skill sets and the disruptive effects of new technologies. This has been a neo-liberal discourse that subordinated personal and individual needs to the needs of a productive workforce delivering more and more efficiencies linked to higher and higher profits. The solution is often seen to be in the development of a school curriculum that focuses on work-ready skills for an increasingly complex work environment and its demands. Agencies such as OECD and UNESCO highlight the need to link the skills agenda with complementary values. Yet this process is at a very early stage. The proponents of the Fourth Industrial Revolution (4IR) for example highlight the impact of new technologies, not just on work but also on the social world. Yet they neglect to explore the values that would be needed in these new disruptive environments. This book takes up that issue and lays out the multiple value systems that are available for this new 21st century world. It is an important resource for policy makers, academics and teachers with responsibility for a new generation.

The Eclipse of God Erwin W. Lutzer, 2024-09-10 “By design, this volume comes as a direct hit...Erwin Lutzer aims right at the center of our cultural crisis. At heart, it is a theological crisis.” —R. Albert Mohler Jr. Is God More Tolerant than He Used to Be? Just as the moon obscures the sun’s light during an eclipse, today’s radical secularism has obscured the light of God. But God’s light still shines—and He is calling us to shine His light in the growing darkness. In *The Eclipse of God*, bestselling author Erwin Lutzer exposes our nation’s disastrous efforts to redefine God in its own image. The resulting damage has been so great that confusion about God has even crept into the church. This bold exposition will help you understand society’s attempts to make God inclusive and sin-friendly by exploring the intellectual roots of the present

darkness renew your faith in God by replacing worldly misperceptions of Him with the biblical truths about His unchanging character resist cultural conformity by counting the cost of faith as you shine the gospel's light with accuracy and grace Timely and practical, *The Eclipse of God* will deepen your love for the sovereign God of the Bible and empower you to live and speak as a light for Him in a culture of darkness.

God and Gaia Michael S Northcott,2022-12-22 *God and Gaia* explores the overlap between traditional religious cosmologies and the scientific Gaia theory of James Lovelock. It argues that a Gaian approach to the ecological crisis involves rebalancing human and more-than-human influences on Earth by reviving the ecological agency of local and indigenous human communities, and of nonhuman beings. Present-day human ecological influences on Earth have been growing at pace since the Scientific and Industrial Revolutions, when modern humans adopted a machine cosmology in which humans are the sole intelligent agency. The resultant imbalance between human and Earthly agencies is degrading the species diversity of ecosystems, causing local climate changes, and threatens to destabilise the Earth as a System. Across eight chapters this ambitious text engages with traditional cosmologies from the Indian Vedas and classical Greece to Medieval Christianity, with case material from Southeast Asia, Southern Africa and Great Britain. It discusses concepts such as deep time and ancestral time, the ethics of genetic engineering of foods and viruses, and holistic ecological management. Northcott argues that an ontological turn that honours the differential agency of indigenous humans and other kind, and that draws on sacred traditions, will make it is possible to repair the destabilising impacts of contemporary human activities on the Earth System and its constituent ecosystems. This book will be of considerable interest to students and scholars of the environmental humanities, history, and cultural and religious studies.

A Patriot's History of Globalism Larry Schweikart,2024-02-20 Larry Schweikart has won wide acclaim for his number one New York Times bestseller, *A Patriot's History of the United States*. Now, with *A Patriot's History of Globalism*, Schweikart shows that globalism, or the attempt to form a one-world government is nothing new. In the wake of Napoleon's defeat in 1814, the globalists of the day (mostly monarchs) sought to create a governing arrangement for Europe. Within forty years, three of the major participants were at war with each other. After World War I, they tried again at Versailles, this time even more aggressively changing boundaries of nations and moving populations. That attempt only lasted twenty years before another major war between the participants. Yet again, after World War II, globalists used the threat of the atomic bomb to try to form an international government with the United Nations. Most recently, the World Economic Forum and World Health Organization are attempting to minimize nationalities with global control of money and medicine. But there are signs this tide has been reversed and is finally in decline. *A Patriot's History of Globalism* is the gold standard text for the history of globalism.

Globalization in the 21st Century Manfred B. Steger, 2024-01-04 The fate of globalization in the 21st century hangs in the balance. Although recent data show that most global integration has been on the rebound after the 2008-9 global financial meltdown and the COVID-19 pandemic, public sentiments about globalization have soured. The neoliberal glorification of globalization as beneficial market integration is running out of steam, while national-populist visions of “deglobalization” exert significant mass appeal. Today’s ostensible globalization backlash scenario seems to be confirmed by soaring inflation rates, global supply chain disruptions, accelerating climate change and ecological deterioration, lagging transitions to greener forms of energy, escalating economic inequality, and rising geopolitical competition among the Great Powers, especially the United States-China rivalry and the protracted Russian-Ukrainian war. On the flipside, however, such grim scenarios reinforce the fact that most of today’s problems are global in nature. This book provides an accessible assessment of 21st-century globalization that draws on global theory and history to engage pressing issues such as digitization, ideological polarization, higher education, demographics, human development, and the environment. Assembling such a big picture of globalization in this young century supports the practical efforts of setting the globe on a more equitable and sustainable path.

Creative Destruction David Prescott, Michael Ashley, 2024-10-29 Exposing ESG’s Hidden Agenda Environmental, Social, and Governance (ESG) is a clever ruse. It’s not a naked power grab—but rather, an insidious deception playing on the public’s desire to do good. While ESG is touted as the answer to systemic challenges, it is more accurately a cover to centralize power between state and corporations for unprecedented control, stealing liberty and prosperity. Authors Prescott and Ashley reveal how ESG threatens American meritocracy, energy resilience, economic prosperity, military readiness, agriculture, and yes—even the environment it professes to protect. Modeled on dystopian allegories like *Animal Farm*, 1984,

Fahrenheit 451, and Brave New World, every chapter starts with a fictional story accompanied by a thorough discussion presenting vast research. Committed to halting and reversing the damage done by ESG propagandists, the authors open a unique and desperately needed dialogue, one that challenges globalist organizations, its private sector allies, and media abettors to expose ESG for what it really is: creative destruction.
