What's That Smell? Simon Hajdini, 2024-03-05 How our sense of smell engages with philosophy, psychoanalysis, and political economy—and how it can help enrich our understanding of the nature of truth, language, economy, and sexuality. Why is it that, in Indo-European languages at least, we have no language to describe smells, leaving us (and famously Juliet) no choice but to call the scent of a rose simply “sweet”? In *What's That Smell?*, a groundbreaking exploration of the intersection between philosophy, psychoanalysis, and the oft-neglected sense of smell, Simon Hajdini sets out to answer this complex question. Through new readings of traditional and modern philosophical texts, Hajdini places smell at the very center of a philosophical critique of the traditional notion of truth, challenging the idea that smell is the antiphilosophical sense par excellence. Through fresh engagements with fundamental philosophical issues, original analyses of modern literature and film, and the novel use of scientific research into smell within a humanities context, Hajdini situates problems of olfaction at the very point of inception of cultural life. He proposes that ontology, civilization, and capitalist economy alike can be said to amount to shit management. And only by following the philosophically most deplorable of the senses, the book argues, can we better understand the central philosophical, psychoanalytical, and political issues of truth, sex, and exploitation.

Figurative Language Barbara Dancygier, Eve Sweetser, 2014-03-06 This lively introduction to figurative language explains a broad range of concepts, including metaphor, metonymy, simile, and blending, and develops new tools for analyzing them. It coherently grounds the linguistic understanding of these concepts in basic cognitive mechanisms such as categorization, frames, mental spaces, and viewpoint; and it fits them into a consistent framework which is applied to cross-linguistic data and also to figurative structures in gesture and the visual arts. Comprehensive and practical, the book includes analyses of figurative uses of both word meanings and linguistic constructions. • Provides definitions of major concepts • Offers in-depth analyses of examples, exploring multiple levels of complexity • Surveys figurative structures in different discourse genres • Helps students to connect figurative usage with the conceptual underpinnings of language • Goes beyond English to explore cross-linguistic and cross-modal data

Paul's Lifesong of Joy and Unity Sharon I. Gresham, 2012-09-05 When Paul and Silas were in prison in Philippi, they burst into singing. Paul looked at life with a joyful song. He found delight when believers lived in harmony. The theme of this Bible study is Paul's Life-Song. Hear his song in the letter he wrote to Philippi, even while in another prison. Some strains explode with joy, while other stanzas carry a minor melody to encourage or warn the people he loved. Study his messages and learn how to apply Paul's attitudes regardless of his circumstances. This Bible study is rich with insights into the Hebrew and Greek and covers themes Paul brings from the Old Testament or other New Testament teachings. Dive deeper into those themes by taking important excursions into the background of the topics. This in-depth verse-by-verse investigation is valuable for individuals or groups. Enjoy the commentary while completing the workbook and applying the messages to everyday situations. Determine your timeframe for the study as you discover what the Lord Jesus wants to do in your life through Paul. I've had the privilege of knowing Sharon Gresham as a teacher/speaker for many years and now as a writer. Her commitment to in-depth study and application of the Bible is refreshing. The Philippians study equips the pastor/teacher with a resource much needed in the church today. I am excited to teach this study both in our church and as we minister internationally. Darrel Auvenshine, pastor of Southside City Church, Fort Worth, Texas With a gift for accurately communicating God's Word in a relevant and personal way, Sharon Gresham's in-depth study of Philippians will delight and thrill any serious student of the Scriptures. I highly recommend it! Scott Whitson, director of missions, Southwest Metroplex Baptist Association and former missionary to Tanzania

A Brief History of King Arthur Mike Ashley, 2013-02-07 Who was the real King Arthur? What do the historical documents tell us about the Knight of the Round Temple? It is just a chivalric fantasy? The story of Arthur has been handed down to us by Medieval poets and legends - but what if he actually existed and was in fact a great king in the early years of Britain's story. Mike Ashley visits the source material and uncovers unexpected new insights into the legend: there is clear evidence that the Arthurian legends arose from the exploits of not just one man, but at least three originating in Wales, Scotland and Brittany. The true historical Arthur really existed and is distantly related to the present royal family.

Shifting the Ground of Canadian Literary Studies Smaro Kamboureli, Robert Zacharias, 2013-01-15 Shifting the

Ground of Canadian Literary Studies is a collection of interdisciplinary essays that examine the various contexts—political, social, and cultural—that have shaped the study of Canadian literature and the role it plays in our understanding of the Canadian nation-state. The essays are tied together as instances of critical practices that reveal the relations and exchanges that take place between the categories of the literary and the nation, as well as between the disciplinary sites of critical discourses and the porous boundaries of their methods. They are concerned with the material effects of the imperial and colonial logics that have fashioned Canada, as well as with the paradoxes, ironies, and contortions that abound in the general perception that Canada has progressed beyond its colonial construction. Smaro Kambourelli's introduction demonstrates that these essays engage with the larger realm of human and social practices—throne speeches, book clubs, policies of accommodation of cultural and religious differences, Indigenous thought about justice and ethics—to show that literary and critical work is inextricably related to the Canadian polity in light of transnational and global forces.
