Possible departmental purchase as well as campus library

Themes in French Culture, 1954

{Themes in French Culture} Rhoda Métraux, Margaret Mead, 1957

The Death of French Culture Donald Morrison, Antoine Compagnon, 2010-08-09 For a long time, France and its culture have been one and the same. However, of this past glory, all that is left today is navel-gazing, nostalgia and timidity. Covering art, fashion, philosophy, literature and cinema, Donald Morrison argues that French culture no longer has the kind of international standing it once did.

Imagining the popular in contemporary French culture Diana Holmes, David Looseley, 2017-10-03 This groundbreaking book is about what 'popular culture' means in France, and how the term's shifting meanings have been negotiated and contested. It represents the first theoretically informed study of the way that popular culture is lived, imagined, fought over and negotiated in modern and contemporary France. It covers a wide range of overarching concerns: the roles of state policy, the market, political ideologies, changing social contexts and new technologies in the construction of the popular. But it also provides a set of specific case studies showing how popular songs, stories, films, TV programmes and language styles have become indispensable elements of 'culture' in France. Deploying yet also rethinking a 'Cultural Studies' approach to the popular, the book therefore challenges dominant views of what French culture really means today.

Themes in French Culture Rhoda Bubeney Métraux, Margaret Mead, 1954

Themes in French Culture Rhoda Métraux, Margaret Mead, 2001 Margaret Mead collaborated with her long-time colleague Rhoda Métraux in this unique study of French culture. The Hoover Institute at Stanford University originally published this volume, which grew out of the Columbia University project on Research of Contemporary Cultures in 1954. It is one of the few works by American social scientists dealing with broad themes of French life. Mead and Métraux present a vivid picture of the French starting with the organization of the house and its architecture, and drawing original conclusions

for the structure of French families and overall cultural values. This work, long out of print, is a fascinating and penetrating portrait of a contemporary European society.

French Culture and Society Michael Kelly, Margaret Attack, 2001 This is the first in a series of reference books that offer both an introduction to their subject and a road-map to further study. Designed specifically with students in mind, this book contains about 350 concise and accessible explanations of the key issues, events, and concepts in France since 1918, and around 450 brief entries on key individuals and other items.

Discovering French Culture French Workshop, The, Kelley Wingate Levy, 2001-01-01

Contemporary French Culture and Society Georges Santoni, 1981-06-30

Revisioning French Culture Andrew Sobanet, Kylie Sago, 2019 Revisioning French Culture brings together a striking group of leading intellectuals and scholars to explore new avenues of research in French and Francophone Studies. Covering the medieval period through the twenty-first century, this volume presents investigations into a vast array of subjects. Revisioning French Culture grapples with topics vital to the contemporary cultural landscape, including universalism, globalization, the idea of Francophonie, and religious and secular identity. This essay collection furthermore transcends and illuminates the contemporary by delving into matters that have long resonated in the humanities and letters, such as death, war, trauma, power and politics, notions of the truth, conceptions of the self, and modes of reading and writing. With contributions by a number of figures known across the humanities and the social sciences, Revisioning French Culture explores the foundations of the French and Francophone world, providing cultural, political, and historical context for the crisis facing democracy and liberalism around the world today. These essays were assembled in honor of Lawrence D. Kritzman, whose writing and editorial work in French studies inspired the wide-ranging themes examined here.

French Literature Alison Finch, 2010-07-19 The depth and range of this book are astonishing, as it describes the cultural conditions out of which French literature has emerged as a vital component of Western civilization from the Middle Ages to the present day. Informative and immensely readable, it makes a compelling and humane case for the continued study of literature in a changing world. —Colin Davis, Royal Holloway, University of London Written with great panache, this book locates French literature in the wider culture of the Western world. Finch shows how, from Marie de France to MC Solar, literature in France has always intertwined with politics, history, geography, money, sex, language, gender, class and race. Women writers and the new Francophone literatures receive welcome recognition. A remarkable achievement. —Michael Sheringham, Oxford University Alison Finch's superbly written book brings the cultural dimension of French literature fully into focus. While revealing how the agenda of literary study has changed, she demonstrates that we can engage with the great canonical texts of French literature in new and exciting ways. The book is to be commended for its clarity, its shrewd analyses and its sheer readability. —Tim Unwin, Bristol University This book is the first to offer a cultural

history of French literature from its very beginnings, analysing the relationship between French literature and France's evolving power structures from the Middle Ages through to the present day. It shows the political connections between the elite literature of France and other aspects of its culture, from racism, misogyny, tolerance and liberal reform to song, street performance, advertizing and cinema. The nation's literature contributed to these and was shaped by them. The book highlights the continuities and the unique fault-lines in the society that, over a millennium, has produced 'French culture'. It looks at France's early and continuing struggle for a national identity through both its language and its literature, and it shows that this struggle co-exists with openness to other cultures and a bawdy or subtle rebelliousness against the Church and other forms of authority. En route it takes in cuisine, gardens and the French tradition in mathematics. The survey provides an accessible approach to key issues in the history of French culture as well as a wide context for specialists.

Contemporary French Cultural Studies William Kidd, Sian Reynolds, 2014-05-01 The study of French culture has long ceased to be purely centred on literature. Undergraduate French courses now embrace all forms of cultural production and consumption, and students need to have a broad knowledge of everything from day-time TV and the latest detective novels to debates about national identity and immigration policies. This stimulating text is an introduction to the full range of contemporary French culture. Written by a group of leading academics both within and outside France, each chapter focuses on a topic from the French cultural scene today. Starting with an overview of resources for further information (both in print and online), the text discusses the varied forms of French cultural expression and looks critically at what 'Frenchness' itself means. The book also explores examples of cultural production ranging from sport, media and literature to theatre, cinema, festivals and music. An essential resource for students and scholars alike, this text provides detailed material and analysis, as well as a launch-pad for further study.

French Culture Clarence Leon Tappin, Dorothy M. Crawford, 1939

America and French Culture, 1750-1848 Howard Mumford Jones, 2013-10 This is a new release of the original 1927 edition.

PARIS AND ITS REVOLUTIONARY IDEAS Suzanne LaLonde, 2018 Paris and Its Revolutionary Ideas: A Guide to French Culture and the Capital takes readers on an innovative journey by inviting them to reconsider the term revolution.

The Cambridge Companion to Modern French Culture Nicholas Hewitt, 2003

America and French Culture Howard Mumford Jones, 2012-01-29 High quality reprint of America And French Culture by Howard Mumford Jones.

Empire and Culture M. Evans, 2004-07-30 By 1931, the time of the huge Colonial Exhibition in Paris, France had the second largest empire in the world extending to the four corners of the globe. Yet, intriguingly the multi-various impact of the empire upon French culture and society has been largely ignored by historians. This volume aims to redress this balance

and will explore how the idea of empire was expressed in film, photography, painting and monuments. It analyzes how the image of the universal, civilising mission saturated French society during the first half of the Twentieth century. In particular it examines how the subject peoples of the empire were represented in art and fiction. In this way the volume underlines that there was not just one single image of empire but many ranging from the extreme right to the extreme left. It contains an in-depth consideration not just of the triumphalist images of empire but the oppositional ones, most notably the surrealists, which directly challenged the emergent colonial consensus.

American and French Culture, 1800-1900 Henry Blumenthal, 1975-01-01

Books About French Culture Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Books About French Culture**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
