Ali Hazelwood

Bride Ali Hazelwood, 2024-02-06 #1 Indie Next Pick! A Hall of Fame LibraryReads pick! One of People's Best Books to Read in February A dangerous alliance between a Vampyre bride and an Alpha Werewolf becomes a love deep enough to sink your teeth into in this new paranormal romance from the #1 New York Times bestselling author of *Love, Theoretically* and *The Love Hypothesis*. Misery Lark, the only daughter of the most powerful Vampyre councilman of the Southwest, is an outcast—again. Her days of living in anonymity among the Humans are over: she has been called upon to uphold a historic peacekeeping alliance between the Vampyres and their mortal enemies, the Weres, and she sees little choice but to surrender herself in the exchange—again... Weres are ruthless and unpredictable, and their Alpha, Lowe Moreland, is no exception. He rules his pack with absolute authority, but not without justice. And, unlike the Vampyre Council, not without feeling. It's clear from the way he tracks Misery's every movement that he doesn't trust her. If only he knew how right he was.... Because Misery has her own reasons to agree to this marriage of convenience, reasons that have nothing to do with politics or alliances, and everything to do with the only thing she's ever cared about. And she is willing to do whatever it takes to get back what's hers, even if it means a life alone in Were territory...alone with the wolf.

Love, Theoretically Ali Hazelwood, 2023-06-13 Rival physicists collide in a vortex of academic feuds and fake dating shenanigans in this delightfully STEM-inist romcom from the New York Times bestselling author of *The Love Hypothesis* and *Love on the Brain*. The many lives of theoretical physicist Elsie Hannaway have finally caught up with her. By day, she's an adjunct professor, toiling away at grading labs and teaching thermodynamics in the hopes of landing tenure. By other day, Elsie makes up for her non-existent paycheck by offering her services as a fake girlfriend, tapping into her expertly honed people-pleasing skills to embody whichever version of herself the client needs. Honestly, it's a pretty sweet gig—until her carefully constructed Elsie-verse comes crashing down. Because Jack Smith, the annoyingly attractive and arrogant older brother of her favorite client, turns out to be the cold-hearted experimental physicist who ruined her mentor's career and undermined the reputation of theorists everywhere. And he's the same Jack Smith who rules over the physics department at MIT, standing right between Elsie and her dream job. Elsie is prepared for an all-out war of scholarly sabotage but...those long, penetrating looks? Not having to be anything other than her true self when she's with him? Will falling into an experimentalist's orbit finally tempt her to put her most guarded theories on love into practice?

Not in Love Ali Hazelwood, 2024-06-11 An Indie Next and a Hall of Fame LibraryReads Pick! A forbidden, secret affair proves that all's fair in love and science—from New York Times bestselling author Ali Hazelwood. Rue Siebert might not have it all, but she has enough: a few friends she can always count on, the financial stability she yearned for as a kid, and a successful career as a biotech engineer at Kline, one of the most promising start-ups in the field of food science. Her world is stable, pleasant, and hard-fought. Until a hostile takeover and its offensively attractive front man threatens to bring it all crumbling down. Eli Killgore and his business partners want Kline, period. Eli has his own reasons for pushing this deal through—and he's a man who gets what he wants. With one burning exception: Rue. The woman he can't stop thinking about. The woman who's off-limits to him. Torn between loyalty and an undeniable attraction, Rue and Eli throw caution out the lab and the boardroom windows. Their affair is secret, no-strings-attached, and has a built-in deadline: the day one of their companies will prevail. But the heart is risky business—one that plays for keeps.

Loathe to Love You Ali Hazelwood, 2023-01-03 An Instant New York Times Bestseller! From the New York Times bestselling author of *The Love Hypothesis* comes a collection of steamy, STEM-inist novellas featuring a trio of engineers and their loves in loathing—with a special bonus chapter! *Under One Roof* An environmental engineer discovers that scientists should never cohabitate when she finds herself stuck with the roommate from hell—a detestable big-oil lawyer who won't leave the thermostat alone. *Stuck with You* A civil engineer and her nemesis take their rivalry—and love—to the next level when they get stuck in a New York elevator. *Below Zero* A NASA aerospace engineer's frozen heart melts as she lies injured and stranded at a remote Arctic research station and the only person willing to undertake the dangerous rescue mission is her longtime rival.

Love on the Brain Ali Hazelwood, 2022-08-23 An Instant New York Times Bestseller A #1 LibraryReads and Indie Next Pick! From the New York Times bestselling author of *The Love Hypothesis* comes a new STEM-inist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time

to actually make a move and put her heart on the line, there's only one question that matters: What will Bee Königswasser do?

Problematic Summer Romance Ali Hazelwood, 2025-05-27 What is wrong meets what feels right in this romance set in Italy by the New York Times bestselling author of Deep End. Maya Killgore is twenty-three and still in the process of figuring out her life. Conor Harkness is thirty-eight, and Maya cannot stop thinking about him. It's such a cliché, it almost makes her heart implode: older man and younger woman; successful biotech guy and struggling grad student; brother's best friend and the girl he never even knew existed. As Conor loves to remind her, the power dynamic is too imbalanced. Any relationship between them would be problematic in too many ways to count, and Maya should just get over him. After all, he has made it clear that he wants her gone from his life. But not everything is as it seems—and clichés sometimes become plot twists. When Maya's brother decides to get married in Taormina, she and Conor end up stuck together in a romantic Sicilian villa for over a week. There, on the beautiful Ionian coast, between ancient ruins, delicious foods, and natural caves, Maya realizes that Conor might be hiding something from her. And as the destination wedding begins to erupt out of control, she decides that a summer fling might be just what she needs—even if it's a problematic one.

The Love Hypothesis Ali Hazelwood, 2021-09-14 The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships—but her best friend does, and that's what got her into this situation. Convinced that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Under One Roof Ali Hazelwood, 2022-05-03 A USA Today Bestseller! From the New York Times bestselling author of The Love Hypothesis comes a new steamy, STEM-inist novella... A scientist should never cohabitate with her annoyingly hot nemesis—it leads to combustion. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and

science, opposites attract and rivals make you burn... As an environmental engineer, Mara knows all about the delicate nature of ecosystems. They require balance. And leaving the thermostat alone. And not stealing someone else's food. And other rules Liam, her detestable big-oil lawyer of a roommate, knows nothing about. Okay, sure, technically she's the interloper. Liam was already entrenched in his aunt's house like some glowering grumpy giant when Mara moved in, with his big muscles and kissable mouth just sitting there on the couch tempting respectable scientists to the dark side...but Helena was her mentor and Mara's not about to move out and give up her inheritance without a fight. The problem is, living with someone means getting to know them. And the more Mara finds out about Liam, the harder it is to loathe him...and the easier it is to love him. To read Sadie and Hannah's stories look for the novellas *Stuck with You* and *Below Zero*, coming soon from Berkley!

Stuck with You Ali Hazelwood, 2022-06-07 From the New York Times bestselling author of *The Love Hypothesis* comes a new steamy, STEMminist novella... Nothing like a little rivalry between scientists to take love to the next level. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... Logically, Sadie knows that civil engineers are supposed to build bridges. However, as a woman of STEM she also understands that variables can change, and when you are stuck for hours in a tiny New York elevator with the man who broke your heart, you earn the right to burn that brawny, blond bridge to the ground. Erik can apologize all he wants, but to quote her rebel leader—she'd just as soon kiss a Wookiee. Not even the most sophisticated of Sadie's superstitious rituals could have predicted such a disastrous reunion. But while she refuses to acknowledge the siren call of Erik's steely forearms or the way his voice softens when he offers her his sweater, Sadie can't help but wonder if there might be more layers to her cold-hearted nemesis than meet the eye. Maybe, possibly, even burned bridges can still be crossed.... To read Mara and Hannah's stories look for the novellas *Under One Roof*, available now, and *Below Zero*, coming soon from Berkley!

Below Zero Ali Hazelwood, 2022-07-05 From the New York Times bestselling author of *The Love Hypothesis* comes a new steamy, STEMminist novella... It will take the frosty terrain of the Arctic to show these rival scientists that their chemistry burns hot. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... Hannah's got a bad feeling about this. Not only has the NASA aerospace engineer found herself injured and stranded at a remote Arctic research station—but the one person willing to undertake the hazardous rescue mission is her longtime rival. Ian has been many things to Hannah: the villain who tried to veto her expedition and ruin her career, the man who stars in her most deliciously lurid dreams...but he's never played the hero. So why is he risking everything to be here? And why does his presence seem just as dangerous to her heart as the coming snowstorm? To read

Mara and Sadie's stories look for the novellas *Under One Roof* and *Stuck with You* available now from Berkley!

The Love Hypothesis Ali Hazelwood, 2025-06-10 A stunning hardcover collector's edition of Ali Hazelwood's instant New York Times bestseller and TikTok sensation featuring: • A shimmering, revamped cover • Endpapers with all new art from Lilith Saur featuring Olive and Adam • STEM stenciled spreadges • A sunny, foil stamped case • Fun additional chapter heading doodles throughout, and... • A brand new bonus chapter featuring THAT KISS from Adam's point of view When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships—but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Check & Mate Ali Hazelwood, 2023-11-07 In this clever and swoonworthy YA debut from the New York Times bestselling author of *The Love Hypothesis*, life's moving pieces bring rival chess players together in a match for the heart. Mallory Greenleaf is done with chess. Every move counts nowadays; after the sport led to the destruction of her family four years earlier, Mallory's focus is on her mom, her sisters, and the dead-end job that keeps the lights on. That is, until she begrudgingly agrees to play in one last charity tournament and inadvertently wipes the board with notorious "Kingkiller" Nolan Sawyer: current world champion and reigning Bad Boy of chess. Nolan's loss to an unknown rook-ie shocks everyone. What's even more confusing? His desire to cross pawns again. What kind of gambit is Nolan playing? The smart move would be to walk away. Resign. Game over. But Mallory's victory opens the door to sorely needed cash-prizes and despite everything, she can't help feeling drawn to the enigmatic strategist.... As she rockets up the ranks, Mallory struggles to keep her family safely separated from the game that wrecked it in the first place. And as her love for the sport she so desperately wanted to hate begins to rekindle, Mallory quickly realizes that the games aren't only on the board, the spotlight is brighter than she imagined, and the competition can be fierce (-ly attractive. And intelligent...and infuriating...)

Mate Ali Hazelwood, 2025-10-07 A Human hybrid and an Alpha Were claw against the bonds of fate in the highly anticipated companion novel to the New York Times bestselling *Bride*. Serena Paris is orphaned, pack-less, and one of a kind. Coming forward as the first Human-Were hybrid was supposed to heal a centuries-long rift between species. Instead, it made

her a target, prey to the ruthless political machinations between Weres, Vampyres, and Humans. With her enemies closing in on her, she has only one option left—if he'll have her. As Alpha of the Northwest pack, Koen Alexander commands obedience. His authority is so absolute, only a fool would threaten his mate. It doesn't matter if Serena doesn't reciprocate his feelings, nothing will stop him from keeping her safe. But power-hungry Vampyres and Weres are not the only threats chasing Serena. Sooner or later, her past is bound to catch up with her—and Koen might be the only thing standing between her and total annihilation...

Books By Ali Hazelwood
Introduction

In the digital age, access to information has become easier than ever before. The ability to download Books By Ali Hazelwood has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Books By Ali Hazelwood has opened up a world of possibilities. Downloading Books By Ali Hazelwood provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Books By Ali Hazelwood has democratized knowledge. Traditional books and

academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Books By Ali Hazelwood. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Books By Ali Hazelwood. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates

copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Books By Ali Hazelwood, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Books By Ali Hazelwood has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can

make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Books By Ali Hazelwood Books

1. Where can I buy Books By Ali Hazelwood books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Books By Ali Hazelwood book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
