The two contestants fought the battle of their lives in front of a sold-out crowd and garnered 1.5 million views through online streaming. It was the culmination of a long, three-centuries arc of women's boxing history, a history fraught with highs and lows but always imbued with the heart and passion of the women who fought. In *The Promise of Women's Boxing: A Momentous New Era for the Sweet Science*, Malissa Smith details the exciting period from the 2012 Olympics through the true "million-dollar baby" women's super-fights of 2022 and beyond. Rich in content, the stories that emerge focus on boxing stars new and old, important battles, and the challenges women still face in boxing. Smith examines the development of the sport on a global basis, the transition of amateur boxers to the pros, the impact of online streamlining on the sport, the challenges boxing has faced from MMA, and the unprecedented gains women's boxing has made in the era of the super-fight with extraordinary seven-figure opportunities for elite female stars. Featuring the stories of women's boxing icons Katie Taylor, Amanda Serrano, Savannah Marshall, and more, and with a foreword by two-time Olympic gold medalist and three-time undisputed champion Claressa Shields, *The Promise of Women's Boxing* offers unprecedented insight into the incredible growth of the sport and the women who have fought in and out of the ring to make it all possible.
