**Robert L. Anello, MSA**

Pope St. John XXIII National Seminary Charles J. Healey, 2014 In 1964, Pope St. John XXIII National Seminary in Weston, Massachusetts, became the first seminary in North America established for the formation of men answering the call to priesthood at a later time in their lives.

*The "Hand of God" at Work in Adult Catholic Priestly Formation* Robert L. Anello, MSA, 2015-03-06 Fr. Eusèbe M. Ménard, O.F.M., was gifted with a visionary perspective regarding God's call to adults for ministry in the Catholic Church, specifically, priestly vocations. In the mid-1940s, Ménard proposed an innovative idea for training men called to serve God through the priesthood: college seminaries for belated vocations. As he defined it, a man with a belated vocation had not heard God's call in his early years or, having heard it, did not or could not act upon it at that time. The events leading to the formation and development of Holy Apostles College & Seminary proved challenging and, at times, painful for those people who joined Ménard in this enterprise. Still, it appeared from the start that the Hand of God was truly at work in the concept, acquisition, and development of Holy Apostles. This study documents the founding and initial development of Holy Apostles and highlights several significant events from the first forty years of its service to the Catholic Church.

*Seminary Formation* Katarina Schuth, 2016 The past thirty years have witnessed tremendous societal and ecclesial changes that continue to inform ministry education in the 21st century. In *Seminary Formation*, Katarina Schuth, OSF, examines the many aspects of theologate-level schools including their structures and missions, organization and leadership, student enrollment, backgrounds of both seminarians and lay students, and the evolution and development of degree programs, including human and spiritual, intellectual and pastoral formation. *Seminary Formation* also helpfully includes substantial commentaries on Schuth's research by Ronald Rolheiser, Thomas Walters, Leon M. Hutton, Barbara Reid, and Peter Vaccari. An exploration of the changes in seminaries and schools of theology, with statistical analysis, from 1985 to the present, *Seminary Formation* anticipates the challenges ahead and considers new directions for the future.

**From Leatherneck to Roman Collar** Colleen Gahan McFall, 2022-01-24 A career in the U.S. Marine Corps and ordination to the Catholic priesthood are commitments to service, but it is rare one would not only have both these callings and be a widower and father as well. Timothy M. Gahan is such a man. Raised in a large Irish Catholic military family, he served in the Vietnam War as a helicopter machine gunner and was later commissioned in the Corps. *Leatherneck to Roman*

Collar describes the unusual life and times of a 27-year USMC veteran and family man who became a parish priest as told by one of his sisters. It is a compelling story of meeting challenges, devotion, overcoming obstacles, sacrifice, happiness and love of country, family and God.

Incredible Catholic America Marion Amberg, 2025-04-17 Catholic America is fun! It's captivating! Inspirational! Eye-opening! You simply won't believe it! Which state capital named for a saint was originally called Pig's Eye? Where is the tallest baptismal font, standing over thirteen feet tall? Who are the three holy peas in a pod? The answers to these questions are just the beginning of the incredible facts, trivia, people, churches, and lore found in Incredible Catholic America. This book is more than a collection of random facts and trivia. It presents vignettes of heroic men and women, who stood in the gap for the American Catholic Church. Each of the 300-plus facts and stories boasts its own unique claim to fame. Smallest. Tallest. Oldest. Or oddest, in a saintly sort of way. Philo of Alexandria's Ethical Discourse Nélide Naveros Córdova, CDP, 2018-09-15 Philo of Alexandria's Ethical Discourse: Living in the Power of Piety proposes a fresh approach to better understand Philo's ethics exploring the virtue of piety. In this exceptionally well-researched book, Nélide Naveros Córdova analyzes five major uses of piety in Philo's treatises— piety and the Decalogue; piety as a foundational virtue; piety as the opposite of impiety; the practice of piety, and the relationship between piety and love of humanity. Naveros carefully examines each of these five uses within both the Hellenistic Jewish and Greek philosophical traditions, focusing particularly on piety's primary role in Philo's teaching about the acquisition of virtues and the avoidance of vices. Naveros argues that in his ethical discourse, Philo incorporates language familiar in ancient Greek philosophical ethical systems to attribute qualities and powers to the virtue of piety. This book illustrates the way Philo moves beyond both Hellenistic Jewish and Greek philosophical traditions by comprehensively showing how he develops the place of piety, from being a subordinate virtue in Greek catalogue of virtues to becoming a foundational virtue. Naveros brings evidence from ancient Greco-Roman and major Hellenistic Jewish texts as well as modern secondary literature in order to argue and support a plausible case for the understanding of Philo's unique configuration of his own ethical discourse, his view of virtue ethics, and his philosophical stance. To date, this is an original study on Philo's ethics, and the first to offer the fullest evaluation of piety within the categories of ancient ethical systems.

*Beyond Reading* Douglas Leal, 2022 Assemblies recognize the difference between a lector who simply reads and one who truly proclaims the Word of God. They perk up and take special notice when they sense that the lector has worked to get inside the text, to express the meaning authentically, and to draw them into the story. Douglas Leal has spent decades as a

lector, lector trainer, actor, and director. He knows how to coach lectors beyond reading so they can become proclaimers of the Word. The conversational, spirited style of the book recreates the sense of a live training session with the author. In a magazine format, with running text surrounded by boxes that focus on a particular subjects and techniques, a tool from the actor's toolbox, or an encouraging story from the world of acting, the book presents a wealth of wisdom and practical instruction that can carry a lector far beyond basic training. Chapter by chapter, Leal guides lectors to Understand their role as sacred storytellers Learn how to study the text closely: understand its style; notice its literary devices; consider its context in the Bible, the liturgical year, and the lectionary; use Scripture resources to arrive at its meaning; practice the text; and pray it Work with their voice: articulation, tempo, rhythm, pauses, volume, and inflection Develop comfort with nonverbal skills: eye contact, posture, and facial expression Choose an intention appropriate to the text and responsive to the needs of the community Understanding and expressing the true emotional content of the text Staying focused on the text, cultivating authenticity and humility, and seeking feedback Overcoming nervousness, mistakes, colds, and other unexpected problems Developing a plan for practice and preparation

*To Live in the Spirit* Nérida Naveros Córdova, CDP, 2018-11-29 *To Live in the Spirit: Paul and the Spirit of God* brings to light a fresh understanding of the Greek concept πνεῦμα (spirit) in Paul's ethical teaching. Placing Paul and his mixed audience within the Hellenistic Jewish and Greek (philosophical) traditions of the ancient world, this book examines his new message concerning πνεῦμα's primary function in the acquisition of virtues and avoidance of vices. Looking in detail at the various ways in which Paul views πνεῦμα in his seven undisputed letters, Naveros Córdova explores πνεῦμα's development from Paul's initial ethical reflections in his early letters to a more mature view in his later letters. Naveros Córdova argues that it is within these traditions, represented by major Hellenistic Jewish and Greco-Roman writers, that Paul construes the framework of his ethical teaching. Paul finds in the power of God's πνεῦμα a new ethical alternative for his mixed audience to living lives pleasing to God outside the observance of the Mosaic Law. Naveros Córdova demonstrates how Paul draws upon Platonic (immaterial πνεῦμα) and Stoic (material πνεῦμα) language that would have been familiar to his hearers in the early Christian communities to create a persuasive understanding of ethical performance and to show that the moral life of the believers springs from that πνεῦμα received from God. In his efforts to highlight πνεῦμα's central role in his ethics, Paul moves beyond both traditions by describing the "Christification" of πνεῦμα not only in Stoic terms, but also in Middle Platonic categories of the first century CE.

The study is based on a first-hand view of how human and spiritual formation, as well as intellectual and pastoral programs, are designed in these theologates. Anyone interested in how people in ministry will transmit the faith to the next generation, particularly people involved with seminary life and work - faculty, students, administrators, bishops, vocation directors, and trustees - will find this book valuable.--BOOK JACKET.
