Islam for Our Time John Herlihy, 2012-09-08 Written by an American Muslim convert who has lived nearly 40 years among the Muslims, the author presents an insiders account of Islams true place within the family of religions, what it means to be a Muslim living in the shadow of the modern world, and how to cultivate a life of spirituality through the way of Islam in todays anti-spiritual environment. Within its pages, history unfolds, mysteries are unveiled, and secrets are revealed that shed light on the great human story of spiritual awakening and fulfillment. This rigorous and highly readable introduction to Islam goes a long way to remedy the lack of historical perspective and the narrowing of intellectual and spiritual scope contributing to the outer and inner crisis of the Muslim world, as well as the poor understanding of this religion in the West. Another significant merit of Herlihys book is the way it sets out the universal principles of Islam, shared with other traditional faiths, and its emphasis on the moral and spiritual fruits of the religion. This work is an invaluable resource for Muslims and non-Muslims alike, providing as it does a solid grounding in the traditional spirit of Islam. Patrick Laude, professor at Georgetown University, Edmund A. Walsh School of Foreign Service, Qatar Readers will find that this timely work by John Herlihy offers a sublime contribution to the field of Islamic Studies. Relevant for Muslims and non-Muslims alike, one of the books major themes is that the Islamic tradition converges with the unanimous tradition residing at the heart of each of the worlds religions. The book reminds us that the foundations of the modern and postmodern world were formulated in revolt from the sacred, which is an essential point to be recognized by anyone seeking to understand the crisis that consumes the contemporary epoch. This work provides ultimate answers to ultimate questions. Samuel Bendeck Sotillos, editor of *Psychology and the Perennial Philosophy: Studies in Comparative Religion* Amidst widespread misconceptions of Islam generated by Western media, readers who wish to understand the true nature of this noble tradition and its related spirituality will find this volume a trustworthy and illuminating guide. As a Western convert, philosopher, and above all practitioner, John Herlihy is well placed to dispel the fog of misunderstanding which often surrounds the subject of Islam. This book will be warmly welcomed by all those wishing to understand the timeless message of Islam, by seekers looking for practical guidance, and by those concerned with fostering a more harmonious global community of religions. Harry Oldmeadow, author of *Frithjof Schuon and the Perennial Philosophy*.

*The Quran* Allah, 2023-12-16 The Quran, regarded as the holy scripture of Islam, serves as a profound spiritual guide and a comprehensive framework for ethical and moral conduct. Written in a highly poetic and rhythmic style, it is divided into 114 chapters (Surahs) that vary in length and cover a multitude of themes, including law, guidance for personal conduct, and narratives of previous prophets. The Quran's literary context is rooted in the oral traditions of 7th-century Arabia, where eloquence and linguistic mastery were paramount in conveying truth and wisdom. Its verses have been studied not only for their theological insight but also for their remarkable literary beauty, making it a cornerstone of both religious devotion and Arabic literature. The author of the Quran, Allah, is the Islamic conception of God, embodying omniscience and omnipotence. The revelation of the Quran to Prophet Muhammad over 23 years signifies a pivotal moment in human history, conveying divine instructions aimed at uniting humanity under the principles of justice, compassion, and righteousness. This transformative work reflects the socio-political climate of its time and provides insight into the character and guidance relevant to its followers. The Quran is essential reading for anyone seeking to understand not only Islamic jurisprudence and ethics but also the literary richness of religious texts. It invites readers to ponder profound existential questions and encourages a compassionate worldview, making it a source of inspiration for millions around the globe. *ISLAM & THE QURAN* Edward D. Andrews, 2023-06-13 In his latest work, *ISLAM & THE QURAN: Examining the Quran & Islamic Teachings*, renowned scholar Edward D. Andrews delves into the intricacies of one of the world's most influential religions. This comprehensive study is an exploration of Islam, the Quran, and their impact on our world. Starting with the history of Islam, Andrews expertly traces the path from Muhammad's calling to the diverse, global community that follows this faith today. By investigating the role of the Quran, along with the hadiths and Islamic law, Andrews seeks to understand Islam's principles and the interpretations that have shaped its practices over time. The book further examines the Islamic teachings, the concept of abrogation, and the much-debated topic of Jihad. It critiques the teachings that contradict biblical texts and navigates through controversial areas with a scholarly precision that respects the sensitivity of the subject matter. In an analysis of the Quran, Andrews investigates its authenticity and supposed 'miracle.' Is it truly a divine revelation, or does it stem from human conception? He contrasts Quranic interpretation of Jesus and other biblical figures with those in the Bible, unravelling historical and archaeological validation of the scriptures along the way. From evaluating the Quran's internal harmony to understanding the meaning of Jihad, the book digs deep into the heart of Islam. It touches upon the various Muslim sects, their religious practices, and provides a comprehensive look at the punishment for apostasy in Islam. In addressing frequent Muslim criticisms against the New Testament, Andrews not only defends biblical accuracy but also delves into a detailed analysis of Bible difficulties, offering practical procedures for resolving them. Closing with an insightful examination of Islamic eschatology and the Nation of Islam and its unique beliefs, the book provides a glossary of technical terms and a bibliography for further study.

*Contemplating the Deen of Islam* Qasim Curnutt, 2016-09-06 The humility of being able to acknowledge that you are not the architect of this world nor your own self, and that someone greater than you has provided all this for you, is the beginning of religion. It is only arrogance or heedlessness that can cause someone to deny the countless gifts they have been bestowed with. The sound heart should instantly recognize its need of expressing gratitude. It is for your own benefit, in

order to facilitate this expression of gratitude, that God has designated for you a particular way of life, making His commands explicit. -Pg. 11

**Essential Islam** Diane Morgan, 2009-11-12 An introductory guide to the important elements of the world's largest religion, including the Quran, the Pillars of Faith, and the life of Muhammad, as well as Islamic history, customs and rituals, and contributions to world culture. *Essential Islam: A Comprehensive Guide to Belief and Practice* is the ideal beginner's resource on the core elements of a faith that, like Christianity and Judaism, offers a guide to holy living and a path to salvation—one that like other world faiths has inspired peace and war, tolerance and brutality, enlightenment and abysmal ignorance. *Essential Islam* offers an insightful, objective look at Islam from its inception to the present day, including a discussion of Islamic beliefs about God, history, warfare, marriage, the afterlife, and the relationship between Islam and other faiths. It is a rich source for dispelling misconceptions—for example, only 10 percent of Muslims are Arabic, and only a quarter of those reside in the Middle East—and for understanding tensions between groups within and outside Islam. More importantly, it gives readers a portrait of Islam not as a religion of extremists, but as a dynamic living faith practiced by people of all kinds in virtually every corner of the world.
