**We Travel the Space Ways** Henriette Gunkel,kara lynch,2019-06-13 A new take on Afrofuturism, this book gathers together a range of contemporary voices who, carrying legacies of 500 years of contact between Africa, Europe, and the Americas, reach towards the stars and unknown planets, galaxies, and ways of being. Writing from queer and feminist perspectives and circumnavigating continents, they recalibrate definitions of Afrofuturism. The editors and contributors of this exciting volume thus reflect upon the re-emergence of Black visions of political and cultural futures, proposing practices, identities, and collectivities. With contributions from AfroFuturist Affair, John Akomfrah, Jamika Ajalon, Stefanie Alisch, Jim Chuchu, Grisha Coleman, Thomas F. DeFrantz, Abigail DeVille, M. Asli Dukan with Wildseeds, Kodwo Eshun, Anna Everett, Raimi Gbadamosi, Alexis Pauline Gumbs, Milumbe Haimbe, Ayesha Hameed, Kiluanji Kia Henda, Kara Keeling, Carla J. Maier, Tobias Nagl, Tavia Nyongo, Rasheedah Phillips, Daniel Kojo Schrade, Nadine Siegert, Robyn Smith, Greg Tate and Frohawk Two Feathers.

**The Bro Code** Thomas Keith,2020-12-29 Extending from the belief that masculinities are multiple, consisting of complexities and constructions that make up the traits associated with each, this book explores the various ways in which boys and men are conditioned to view women as inferior to themselves and predominantly sexual objects—and the deleterious effects this has on both women and men, society, and culture at large. Beginning in childhood, the book provides a critical framework to understand one form of masculinity referred to as bro culture, and how it is reproduced and reinforced through popular culture, social institutions, and patriarchal forms of religion and politics. Weaving together current research with illuminating historical and contemporary examples, Thomas Keith unpacks the attitudes, beliefs, and behaviors that constitute this subculture and reveals the ways in which traditional and outdated codes of manhood, power, and gender relations have evolved into problematic forms of sexism, misogyny, and abuse. For as much as popular culture is revealed to be a contributing factor in the passage of bro codes, the book also includes examples of cultural forces that are challenging and seeking to overthrow the core tenets in powerful and lasting ways. Timely and thought-provoking, The Bro Code addresses the implications of an enduring social problem and moves us to reflect on ways to empower men away from this toxic form of masculinity.

**Latinx Comics Studies** Fernanda Díaz-Basteris,Maite Urcaregui,2025-04-15 Latinx Comics Studies: Critical and Creative Crossings offers an intersectional and interdisciplinary approach to analyzing Latinx studies and comics studies. The book draws together groundbreaking critical essays, practical pedagogical reflections, and original and republished short

comics. The works in this collection discuss the construction of national identity and memory, undocumented narratives, Indigenous and Afro-Latinx experiences, multiracial and multilingual identities, transnational and diasporic connections, natural disasters and unnatural colonial violence, feminist and queer interventions, Latinx futurities, and more. Together, the critical and creative works in this collection begin to map out the emerging and evolving field of Latinx comics studies and to envision what might be possible in and through Latinx comics. This collection moves beyond simply cataloguing and celebrating Latinx representation within comics. It examines how comics by, for, and about Latinx peoples creatively and conceptually experiment with the very boundaries of "Latinx" and portray the diverse lived experiences therein.

**Beyond the White Negro** Kimberly Chabot Davis, 2014-07-15 Critics often characterize white consumption of African American culture as a form of theft that echoes the fantasies of 1950s-era bohemians, or White Negroes, who romanticized black culture as anarchic and sexually potent. In Beyond the White Negro, Kimberly Chabot Davis claims such a view fails to describe the varied politics of racial crossover in the past fifteen years. Davis analyzes how white engagement with African American novels, film narratives, and hip-hop can help form anti-racist attitudes that may catalyze social change and racial

justice. Though acknowledging past failures to establish cross-racial empathy, she focuses on examples that show avenues for future progress and change. Her study of ethnographic data from book clubs and college classrooms shows how engagement with African American culture and pedagogical support can lead to the kinds of white self-examination that make empathy possible. The result is a groundbreaking text that challenges the trend of focusing on society's failures in achieving cross-racial empathy and instead explores possible avenues for change.

**New Soviet Man** John Haynes,2024-07-30 Cinema has long been recognised as the privileged bridge between Soviet ideologies and their mass public. Recent feminist-oriented work has drawn out the symbolic role of women in Soviet culture, but, not surprisingly, men too were expected to play their part. In this first full-length study of masculinity in Stalinist Soviet cinema, John Haynes examines the 'New Soviet Man' not only as an ideal of masculinity presented to Soviet cinemagoers, but also, precisely, as a man in his specific, and hotly debated social, cultural and political context. A detailed analysis of Stalinist discourse sets the stage for an examination of the imagined relationship between the patriarch Stalin and his 'model sons' in the key genre cycles of the era: from the capital to the collective farms, and ultimately to the very borders of the Soviet state. Informed by contemporary and present day debates over the social and cultural significance of cinema and masculinity, New Soviet Man draws on a range of theoretical and comparative material to produce engaging and accessible readings accounting for both the appeal of, and the inherent potential for subversion within, films produced by the Stalinist culture industry. New Soviet Man will be widely read by students and specialists in the fields of film studies, Russian and Soviet studies, gender and modern European history.

Over time, their work became more than just a collection of comic book stories for kids; the characters, and the fictional universe they inhabited, evolved into a sophisticated series of inter-connected tales that would entertain millions of readers and movie-goers for decades. This is the story of how that unique universe was created: a realm of monsters, gods, aliens, robots, sorcerers, hyper-strong men and beguiling women - a world of fantasy filled with incredible wonders and unimaginable terrors. Hip Hop and Political Voice for Young South Sudanese Australians Sarah J. Williams,2024-12-15 Hip Hop and Political

Voice for Young South Sudanese Australians: Born to Stand Out explores the building of political voice of young South Sudanese Australians to resist racialising discourses, particularly through hip hop. Presented as an ethnography, Sarah J. Williams draws on empirical evidence from a youth participatory action research project facilitated by a small nonprofit organisation: Footprints. Each chapter foregrounds counter-narratives young South Sudanese Australian hip-hop artists portray in response to over a decade of media and moral panics targeting their communities, limiting their sense of freedom and resulting in a rise in youth suicide. The core message throughout suggests participants reject any goal of or focus on 'fitting in'. Instead, based on their conviction that they are 'born to stand out', these activists carve out space in the face of racialising discourses perpetuated primarily by Australian Whiteness. Through the lenses of new social movements and theories and perspectives informed by critical race theory and critical Hip Hop pedagogy, this book expands race and ethnicity as a central theme by exploring how the political voice of this group of young South Sudanese Australians manifests in important new ways that conventional theories of activism and resistance may not capture. Participants embark on consciousness-raising practices to reframe and assert their multiple identities whilst establishing themselves as social agents in the world.

The Jan & Dean Record Mark A. Moore, 2016-03-03 Jan & Dean were among the most successful artists of the late 1950s through the mid-1960s, with hits including Baby Talk, Surf City, Dead Man's Curve and The Little Old Lady (From Pasadena). Slapstick humor and offbeat personas were a big part of their shtick, but Jan Berry was serious when it came to the studio. This book chronicles Jan's career as a songwriter and arranger--and his tenure as producer for Jan & Dean and other acts--with day-by-day entries detailing recording sessions, single and album releases, concerts and appearances, film and television projects, behind-the-scenes business and legal matters, chart positions and more. Extensive commentary from Berry's family, friends and colleagues is included. Studio invoices, contract details, tape box notes, copyright information and other particulars shed light on how music was made in the Hollywood studio system of the 1960s.
