Grown Woman Talk Sharon Malone, M.D., 2025-04-08 NEW YORK TIMES BESTSELLER • "A must-read for anyone who cares about their quality of life . . . Dr. Sharon Malone is the first person I turn to for a whole host of issues, especially my health."—MICHELLE OBAMA A practical guide to aging and health for women who have felt ignored or marginalized by the medical profession, from a leading OB/GYN and expert on menopausal and post-reproductive health AN NPR BEST BOOK OF THE YEAR There's not enough talk around women's health, and what little there is rarely helps. Women are routinely warned, lectured, or threatened about their health. Or they are ignored, dismissed, or shamed. But they are rarely empowered. And empowerment, more than anything, is what women—and women of color, in particular—need. *Grown Woman Talk* is for every woman who has felt marginalized or overwhelmed by a healthcare system that has become more impersonal, complex, and difficult to navigate than ever. It's also for any woman who is simply standing at the intersection of aging and health, anxious and wanting solutions. Part medical handbook, part memoir, and part sister-girl cheerleader, this book is filled with useful resources and real-life stories of victory and defeat. It not only highlights the current data around women's health issues, but it also places that data in a helpful context. In a tone that is lively and intimate but unflinchingly direct, Dr. Sharon Malone details how to live better, age better, and get better medical treatment, especially when it's most needed. This is not a medical activism book designed to fight the power. This is a book designed to show women that they already have the power—they need only to increase their capacity and willingness to use it. Most important, *Grown Woman Talk* seeks to eradicate the silence that surrounds women's health by facilitating discussion between women of all ages and encouraging more accurate and productive medical insights. It is Dr. Sharon's belief that giving women more agency can, literally, give them life.

We Can Do Hard Things Glennon Doyle, Abby Wambach, Amanda Doyle, 2025-05-06 NEW YORK TIMES AND #1 NATIONAL BESTSELLER • The award-winning authors and podcasters Glennon Doyle, Abby Wambach, and Amanda Doyle created *We Can Do Hard Things*—the guidebook for being alive—to help fellow travelers find their way through life. When you travel through a new country, you need a guidebook. When you travel through love, heartbreak, joy, parenting, friendship, uncertainty, aging, grief, new beginnings—life—you need a guidebook, too. *We Can Do Hard Things* is the

guidebook for being alive. Every day, Glennon Doyle spirals around the same questions: Why am I like this? How do I figure out what I want? How do I know what to do? Why can't I be happy? Am I doing this right? The harder life gets, the less likely she is to remember the answers she's spent her life learning. She wonders: I'm almost fifty years old. I've overcome a hell of a lot. Why do I wake up every day having forgotten everything I know? Glennon's compasses are her sister, Amanda, and her wife, Abby. Recently, in the span of a single year, Glennon was diagnosed with anorexia, Amanda was diagnosed with breast cancer, and Abby's beloved brother died. For the first time, they were all lost at the same time. So they turned toward the only thing that's ever helped them find their way: deep, honest conversations with other brave, kind, wise people. They asked each other, their dearest friends, and 118 of the world's most brilliant wayfinders: As you've traveled these roads—marriage, parenting, work, recovery, heartbreak, aging, new beginnings—have you collected any wisdom that might help us find our way? As Glennon, Abby, and Amanda wrote down every life-saving answer, they discovered two things: 1. No matter what road we are walking down, someone else has traveled the same terrain. 2. The wisdom of our fellow travelers will light our way. They put all of that wisdom in one place: *We Can Do Hard Things*—a place to turn when you feel clueless and alone, when you need clarity in the chaos, or when you want wise company on the path of life. We are all life travelers. We don't have to travel alone. *We Can Do Hard Things* is our guidebook. Featuring wisdom from: ALOK • Sara Bareilles • Dr. Yaba Blay • Kate Bowler • adrienne maree brown • Brandi Carlile • Brittney Cooper • Brittany Packnett Cunningham • Kaitlin Curtice • Megan Falley • Jane Fonda • Stephanie Foo • Ashley C. When Time Stood Still Ben Orkow,1962 Beautiful Laura Creighton was dying. Her frantic husband consulted all the famous physicians of America and Europe. Their verdicts were always the same: no cure. From a remote chalet in Switzerland came word of a scientist who could suspend life. It was a leap into the unknown but the Creightons were determined to take it together.Years later, a smoke signal from the Alps brought the crew of a roving aircraft to a room in which, under glass, lay two sleeping people. Ned and Laura Creighton awoke into a world as alien as a strange planet. They were younger than their own children. The face of Earth had changed due to over-population and over-industrialization. EVERYTHING was regulated by the government: marriage and birth, speech and thought . . . --Publisher's blurb.
