My Plan to Have an Office Chun-Te Liao,2019-08-27 This story is a description of a translator commissioned by a writing studio to translate a biographical novel, "Summer Capriccio", and to assist it to publish in the third place, with the experience that occurred that period, through his preparation of the studio's proposals, manuscripts, and some articles about Opera, he found one interesting that made him go to Italy for research and travel. The protagonist, with brave and independent spirit, is like an adult in postmodern age. In the meantime, his homesickness has increased day by day. He dreams of home and eagers to return his dream home one day. And it has become the deepest feeling of my writing role.

Franco Corelli René Seghers, 2008 (Amadeus). His exceptional good looks made him a matinee idol, and Franco Corelli the Prince of Tenors was dubbed Mr. Soldout for 20 consecutive years. In 1958, just seven years after beginning his career, he was already the highest-paid tenor in Italy. Following his Met debut in 1961, he was celebrated as the greatest tenor in the world, a position that he retained until his departure from the Met in 1975. His charismatic performances in such operas as La Vestale and Fedora (both in collaboration with Maria Callas), coupled with a formidable mystique, as well as a number of notorious and colorful incidents, including his real-life sword fight with Boris Christoff in Rome, the Callas walkout there, the beating up of a spectator in Naples, and the alleged biting of Birgit Nilsson on a Boston tour of Turandot, created a mania for Corelli. Nearly a decade in the making, this definitive biography is based on the author's extensive research of theater archives and interviews with the opera star's numerous friends, family members, colleagues (Nilsson, Pavarotti, and many others), as well as the management of some of the world's leading opera houses.

Vocal Rescue Lois Alba, 2005-01-06 Lois Alba is a master teacher, ...I have never seen a vocal instructor who got such remarkable results in such a short time. - Irene Dalis, General Director, Opera San Jose Achieving a successful singing career, especially in opera, can seem almost impossible to many singers because of fear of high notes, lack of projection, and confusion on how to express the music unhampered by technical preoccupation. Master Teacher and accomplished opera singer Lois Alba is aware of these pitfalls. She knows the best teaching involves an acute sense of the art form based on sound, intuition and imagery. The focus comes from the mind. It is interpreted through the ear and the body. When the body and mind come together harmoniously the result is beautiful sound. In this clear and legible guide, Lois Alba shares her formidable experience, voice training insight, and philosophical wisdom about the creative nature of singing. She works to de-program the singer as to the many myths about singing û recurring themes that flood vocal studios and ultimately damage voices. Vocal Rescue is an amalgamation of many precepts from a large library of rare treatises and the concepts outlined come from the fine art of vocal mastery known as bel canto. The text provides a seven step system that demystifies the secrets to beautiful singing, and promises to take all singers to a new level of technical proficiency and expression. Recorded

illustrations on CD/DVD demonstrate the vocal principles with lessons and vocalises for singers in all voice ranges to follow. The author's website can be found at www.loisalba.com

The Concert Song Companion Charles Osborne, 2012-12-06 W HAT I H A V E attempted in this book is a survey of song; the kind of song which one finds variously described as 'concert', 'art', or sometimes even 'classical song'. 'Concert song' seems the most useful, certainly the least inexact or misleading, of some descriptions, especially since 'art song' sounds primly off putting, and 'classical song' really ought to be used only to refer to songs written during the classical period, i. e. the 18th century. Concert song clearly means the kind of songs one hears sung at concerts or recitals. Addressing myself to the general music-lover who, though he possesses no special knowledge of the song literature, is never theless interested enough in songs and their singers to attend recitals of Lieder or of songs in various languages, I have naturally confined myself to that period of time in which the vast majority of these songs was composed, though not necessarily only to those composers whose songs have survived to be remembered in recital programmes today. I suppose this to be roughly the three centuries covered by the years 1650-1950, though most of the songs we, as audiences, know and love were composed in the middle of this period, in other words in the 19th century.

Bands in American Musical History Bryan Proksch, George Foreman, 2024 Essays on the history of bands in America from

ca. 1820 to 1930, offering new insights on a major sphere of music making that brought diverse repertoires to wide audiences. The essays in this volume, written by leading scholars in the field of American band history, examine a broad spectrum of issues, including biography, performance, repertoire, and marketing. Detailed studies of key turning points in the evolution of bands examine P. S. Gilmore's 1864 New Orleans concerts, the Kaiser-Cornet-Quartett's 1872 tour, the 1892 transition from Gilmore's Band to Sousa's Band, C. G. Conn's lavish artist-endorsement posters, and the demise of the Sousa Band in the late 1920s. Additional essays seek to rectify oversights and add insights to the lives of key figures in band history. African American keyed bugler Frank Johnson's earliest works receive close scrutiny, as does the life of neglected cornet superstar Alice Raymond. A complete reevaluation of Francesco Fanciulli, the US Marine Band leader whose reputation suffered greatly from an 1897 scandal, shows his importance in the realm of conducting and composition. An essay on the repertoire of a town band in antebellum New Hampshire and a documentary study of Civil War bandsmen seek to better understand social aspects of bands in the 1850s and 1860s. Edited by Bryan Proksch and George Foreman.

Art Song Carol Kimball, 2013-05-01 (Book). *Art Song: Linking Poetry and Music* is a follow-up to author Carol Kimball's bestselling *Song: A Guide to Art Song Style and Literature*. Rather than a general survey of art song literature, the new book clearly and insightfully defines the fundamental characteristics of art song, and the integral relationship between lyric poetry and its musical settings. Topics covered include poetry basics for singers, exercises for singers in working with poetry, insights into composers' musical settings of poetry, building recital programs, performance suggestions, and recommended literature for college and university classical voice majors. The three appendices address further aspects of poetry, guidelines for creating a recital program, and representative classical voice recitals of various descriptions. *Art Song: Linking Poetry and Music* is extremely useful as an unofficial text for college/university vocal literature classes, as an excellent resource for singers and voice teachers, and of interest to all those who are fascinated by the rich legacy of the art song genre.
