Investing in Miracles Katharine L. Wiegele, 2004-09-30 Since the early 1980s, approximately ten million people have turned to charismatic businessman-turned-preacher Brother Mike and his Catholic prosperity movement, El Shaddai DWXI Prayer Partners Foundation International, Inc. *Investing in Miracles* offers an in-depth look at this unique indigenous movement, characterized by its effective use of mass media and its huge, emotion-filled outdoor rallies. The book investigates the sociocultural, political, and economic contexts of El Shaddai's popularity among the Filipino urban poor and aspiring middle classes and explores its significance for its followers, which reaches well beyond promises of appliances, salary raises, jobs abroad, and healing. Katharine Wiegele argues that Shaddai's theology directly engages and affirms desires for the material signs of modernity in ways that the mainstream Philippine Roman Catholic Church and Filipino leftist movements do not. At stake for its many adherents are their place and identity within the broader society; the meaning of their experiences of poverty, suffering, and oppression; and the relevance of their very notions of God, Christian community, and Christian life. Wiegele evocatively captures the religious and everyday experiences of her informants' lives in poor squatter neighborhoods of Manila. She is particularly sensitive to El Shaddai's delicate and often contorted relationship with the Catholic Church, which accepts the movement reluctantly, fearful of losing the loyalty of millions of faithful Catholics. While anchored in the local realities of the Philippines, *Investing in Miracles* will be of great interest to readers elsewhere for its exploration of religious seduction and interpretation, the interface between religion and politics, and the relevance of religion for the urban disenfranchised.

Aglipayan Mercedes Lynn de Uriarte, Jayme Mathias, 2020-10-27 *Aglipayan: The Flourishing of Independent Catholicism* in the Philippines chronicles the history of a long-oppressed people who, failing to overthrow American imperialism at the turn of the twentieth century, channeled their energy into casting off the Spanish frailocracy of the Roman Catholic Church. Forming their own nationalist church, they created a rational, catholic faith that has appealed to millions of Filipinos during the last 120 years. This work explores the life and service of Supreme Bishop Gregorio Aglípay, the namesake who led the church during its initial 38 years of growth, as well as his successors through the present day. Hon. Rev. Dr. Jayme Mathias serves as pastor of Holy Family Catholic Church in Austin, Texas. During ten years of ordained ministry for the Roman Catholic Church, Father Jayme served as president of a college preparatory school and as pastor of Austin's largest Spanish-

language Roman Catholic congregation. After completing his Ph.D. in 2011, he educated lay leaders on Independent Catholicism and together they founded Austin's largest inclusive Catholic community. Dr. Mercedes Lynn de Uriarte serves as Professor Emerita at the Moody College of Communications of The University of Texas at Austin School of Journalism. A former reporter and opinion editor for the Los Angeles Times, she formed the UT student newspaper, Tejas, the only UT publication to win the prestigious Robert F. Kennedy Award for Outstanding Journalism. Dr. de Uriarte is a Kellogg Fellow whose research focuses on providing voice to marginalized communities.

Being Catholic in the Contemporary Philippines Jayeel Serrano Cornelio, 2016-06-23 This book, based on extensive original research, examines the nature of Catholicism in the contemporary Philippines. It shows how Catholicism is apparently flourishing, with good attendance at Sunday Masses, impressive religious processions and flourishing charismatic groups, and with interventions by the Catholic hierarchy in national and local politics. However, focusing in particular on the beliefs and practices of young people, the book shows that young people are often adopting a different, more individualised approach to Catholicism, which is frequently out of step with the official position. It considers the features of this: a more personal and experiential relationship with God; a new approach to morality, in which right living is seen as more important than right believing; and a critical view of what is seen as the Catholic hierarchy's misguidedness. The book argues that this reinterpreting of religion by young people has the potential to alter fundamentally the nature of Catholicism in the Philippines, but that, nevertheless, young people's new approach involves a solid, enduring commitment and a strong view of their own Catholic, religious identity.

Asian Pacific Catholicism and Globalization José Casanova, Peter C. Phan, 2023-12-01 This history of the Catholic Church in Asia and the Pacific illuminates the processes of globalization. Since the sixteenth century, Catholicism has contributed significantly to global connectivity. Except for the Philippines and Timor-Leste, Catholicism in Asia is, and is likely to remain, a minority religion. For this reason, it can serve as a unique prism through which to look at the processes of globalization in Asia. Asian Pacific Catholicism and Globalization demonstrates to scholars and students of Catholic history that the development of Catholicism in Asia and later in the Oceania-Pacific region is closely associated with three different phases of globalization. This book approaches the historical processes of globalization not as structural agencies or causal forces, but rather as the historical contexts that condition possibilities for human action and reaction in the world. The editors identify three distinct phases in the development of Catholicism in Asia and Oceania: early modern (sixteenth-eighteenth centuries), modern Western hegemony (1780s-1960s), and the contemporary (1960s-present). The book's contributors discuss the development of Catholicism in all the major countries of the region, including China, Japan, South Korea, the Philippines, Vietnam, India, and Australia.

Catholicism in Migration and Diaspora Gemma Tulud Cruz,2022-07-28 This book focuses on the Philippines as a powerhouse in the Catholic and global migration landscape. It offers a wide-ranging look at the roles, dynamics, character, and trajectories of Catholic faith and practice in the age of migration through an interdisciplinary, religious, and theological approach to Filipino Catholics' experience of migration and diaspora both at home and overseas. In so doing, the book introduces the reader to the hallmarks and characteristics of a contextual model of world Christianity and global Catholicism in the twenty-first century.

A Treasured Presence: Filipino American Catholics United States Conference of Catholic Bishops,2020-11-24 Learn about the history, blessing, and promise of Filipino Catholics in the United States! A Treasured Presence details how Christianity took root in the Philippines--beginning with the arrival of missionaries and priests who came alongside the Spanish expedition led by Portuguese explorer Ferdinand Magellan in 1521. It then explores the subsequent process of Filipino migration to the United States, and how their uniquely inculturated Catholicism has enriched the Church and the United States since. As you read, consider how Filipino Catholics add to the diverse richness of the Church in the United States and how their experiences, history, culture, and faith strengthen the Church. This short book will be a great read for families in the Filipino community; for pastors, teachers, and lay people who minister in parishes with a Filipino presence; and for all those interested in learning more about the Church's treasured presence of Filipino American Catholics.

Chinese Buddhism in Catholic Philippines Ari C. Dy,2017-10-20 Drawing on his personal experience of growing up exposed to the rituals of Chinese Buddhism, and yet embracing Catholicism and being ordained a Jesuit priest, Fr. Ari Dy ventures to examine Chinese Buddhism in the Philippines, analyzing its adaptation to the Philippines and its contribution to conceptions of Chinese identity.

Mediating Catholicism Eric Hoenes del Pinal,Marc Roscoe Loustau,Kristin Norget,2022-03-10 This book focuses on the ethnographic study of Catholicism and media. Chapters demonstrate how people engage with the Catholic media-scape, and analyse the social, cultural, and political processes that underlie Catholic media and mediatization. Case studies examine Catholic practices in North America, Western and Eastern Europe, Latin America, South-East Asia, and Africa, providing a truly comparative, de-centred representation of global Catholicism. Illustrating the vibrancy and heterogeneity of Catholicism world-wide, the book also examines how media work to sustain larger global Catholic imaginaries.

The Imperial Church Katherine D. Moran,2020-05-15 Through a fascinating discussion of religion's role in the rhetoric of American civilizing empire, The Imperial Church undertakes an exploration of how Catholic mission histories served as a

useful reference for Americans narrating US settler colonialism on the North American continent and seeking to extend military, political, and cultural power around the world. Katherine D. Moran traces historical celebrations of Catholic missionary histories in the upper Midwest, Southern California, and the US colonial Philippines to demonstrate the improbable centrality of the Catholic missions to ostensibly Protestant imperial endeavors. Moran shows that, as the United States built its continental and global dominion and an empire of production and commerce in the Gilded Age and Progressive Era, Protestant and Catholic Americans began to celebrate Catholic imperial pasts. She demonstrates that American Protestants joined their Catholic compatriots in speaking with admiration about historical Catholic missionaries: the Jesuit Jacques Marquette in the Midwest, the Franciscan Junípero Serra in Southern California, and the Spanish friars in the Philippines. Comparing them favorably to the Puritans, Pilgrims, and the American Revolutionary generation, commemorators drew these missionaries into a cross-confessional pantheon of US national and imperial founding fathers. In the process, they cast Catholic missionaries as gentle and effective agents of conquest, uplift, and economic growth, arguing that they could serve as both origins and models for an American civilizing empire. The Imperial Church connects Catholic history and the history of US empire by demonstrating that the religious dimensions of American imperial rhetoric have been as cross-confessional as the imperial nation itself.

Philosophies of Appropriated Religions Soraj Hongladarom, Jeremiah Joven Joaquin, Frank J. Hoffman, 2023-12-21 This book brings together different intercultural philosophical points of view discussing the philosophical impact of what we call the 'appropriated' religions of Southeast Asia. Southeast Asia is home to most of the world religions. Buddhism is predominantly practiced in Thailand, Vietnam, Myanmar, Singapore, Laos, and Cambodia; Islam in Malaysia, Indonesia, and Brunei; and Christianity in the Philippines and Timor-Leste. Historical data show, however, that these world religions are imported cultural products, and have been reimagined, assimilated, and appropriated by the culture that embraced them. In this collection, we see that these 'appropriated' religions imply a culturally nuanced worldview, which, in turn, impacts how the traditional problems in the philosophy of religion are framed and answered—in particular, questions about the existence and nature of the divine, the problem of evil, and the nature of life after death. Themes explored include: religious belief and digital transition, Theravāda Buddhist philosophy, religious diversity, Buddhism and omniscience, indigenous belief systems, divine apology and unmerited human suffering, dialetheism and the problem of evil, Buddhist philosophy and Spinoza's views

on death and immortality, belief and everyday realities in the Philippines, comparative religious philosophy, gendering the Hindu concept of dharma, Christian devotion and salvation during the Spanish colonial period in the Philippines through the writings of Jose Rizal, indigenous Islamic practices in the Philippines, practiced traditions in contemporary Filipino celebrations of Christmas, role of place-aspects in the appropriation of religions in Southeast Asia, and fate and divine omniscience. This book is of interest to scholars and researchers of philosophy of religion, sociology of religion, anthropology of religion, cultural studies, comparative religion, religious studies, and Asian studies.

Religion and Nationalism in Asia Giorgio Shani,Takashi Kibe,2019-08-28 This book re-examines the relationship between religion and nationalism in a contemporary Asian context, with a focus on East, South and South East Asia. Addressing empirical, analytical, and normative questions, it analyses selected case studies from across Asia, including China, India, Iraq, Japan, Pakistan, the Philippines and Sri Lanka and compares the differences and commonalities between the diverse configurations of nationalism and religion across the continent. It then goes on to explain reasons for the regional religious resurgence and asks, is the nation-state model, aligned with secularism, suitable for the region? Exploring the two interrelated issues of legacies and possibilities, this book also examines the relationship between nationalism and modernity, identifying possible and desirable trajectories which go beyond existing configurations of nationalism and religion. Bringing together a stellar line up of contributors in the field, *Religion and Nationalism in Asia* will be a valuable resource for students and scholars of Asian religion and politics as well as sociology, ethnicity, nationalism and comparative politics.
