Vasco Pratolini

Cronache di poveri amanti Vasco Pratolini, 1971

Cronache di poveri amanti Vasco Pratolini, 2012-09-05 Via del Corno è troppe cose per essere solo una strada: in quei cinquanta metri privi di marciapiedi e di interesse, esclusi dal traffico e dalla curiosità, ci si può imbattere nel meglio e nel peggio del mondo, in cuori e cervelli malati di ossessioni e desideri, ma soprattutto nell'autenticità di un gruppo di persone che usa dire noi. Via del Corno è tutta udito, e anche quando le finestre sono chiuse, le vicende, le rivalità, gli amori di uomini e donne si intersecano, si mischiano, trapassano da muro a muro. Finché, inevitabilmente, si confondono con il secolo e i suoi eventi: il Duce, il regime, la violenza politica, la repressione. Pratolini diceva che via del Corno - e lui la conosceva bene, per averci abitato da ragazzo - era la sua Acì Trezza, la sua epica popolare. Il romanzo che le dedicò nacque mentre l'autore lavorava con Rossellini alla sceneggiatura di Paisà: aveva il cinema neorealista addosso e lo trasferì su pagina, facendo della Firenze degli anni Venti l'icona indimenticabile di un mondo dolente ma vivo, dove la speranza era ancora accesa.

Cento romanzi italiani (1901-1995) Giovanni Raboni, 1996 Texts of literary criticism on 100 chosen Italian novels, in part already published with the same title in 1986 in the weekly journal L'Europeo.

Calvino and the Age of Neorealism ,1990-08 Italo Calvino's reputation as one of the great writers of our century rests chiefly on his allegorical fables and fantastic narratives, whose inventiveness, irreverence, and elegant style are universally admired. In this study, the author focuses on Calvino's first novel, *The Path to the Nest of Spiders* (1947), because in it she discerns a critical point of origin for Calvino's entire 'ethics' of writing. She shows how, in *The Path*, he challenges the poetics of objectivity of the Italian neorealists movement and offers a complex and ironic representation of the anti-Fascist armed resistance in Italy. Situating Calvino's early work in its historical and cultural context, the author reassesses Italian neorealism in terms of the theories and critical debates about realism of such critics as Lukacs, Sartre, Brecht, Adorno, and Barthes. She analyzes neorealism's narrative practices and cultural and political implications, while setting neorealism in the context of the resistance and the postwar Reconstruction in Italy and giving readings of major neorealist texts (novels by Pavese and Vittorini, films by Rossellini, Visconti, and others) as well as relatively obscure minor ones. The heart of the book

consists of readings of *The Path* from four different but intersecting critical perspectives: formalist-narratological, sociohistorical, psychoanalytic, and Bakhtinian. The readings assess the importance of Calvino's beginnings for the body of his work and incorporate relevant references to his later fiction and critical essays. Out of these multiple readings, the ironic estrangement of the real through the act of writing itself emerges as his key narratological strategy.

Encyclopedia of Italian Literary Studies Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The New Biographical Dictionary of Film David Thomson, 2010 Thomson (independent scholar), writing of *The Biographical Dictionary of Film* (aka *A Biographical Dictionary of the Cinema*, 1975 edition), described it as a personal, opinionated, and obsessive biographical dictionary of the cinema. Thirty-five years and several editions later, that description still holds true of this expanded work. The new dictionary summarizes salient facts about its subjects' lives and discusses their film credits in terms of the quality of the filmmakers' work. In ambition it has competitors, including Leslie Halliwell's various editions of *Halliwell's Filmgoers Companion* (12th ed., 1997) and *Halliwell's Who's Who in the Movies*, edited by John Walker (4th ed., rev. and updated, 2006), which cover films and technical terms (categories not included in Thomson's), but whose entries are neutral and exceedingly brief. Additionally, Francophile Richard Roud's edited *Cinema: A Critical Dictionary: The Major Filmmakers* (2 v., 1980) is as passionate a work as Thomson's, but narrower in scope, with entries written by various experts, rather than only by Roud. Finally, the multivolume magnum opus *The International Dictionary of Films and Filmmakers* (4th ed., 2000, ed. by T. Pendergast and S. Pendergast; 2nd ed., ed. by N. Thomas, v. 1, CH, May'91; 1st ed., ed. by C. Lyon, v.1-2, CH, Jan'85, v.3, CH, Apr'87, v.4-5, CH, Jun'88) covers everything--films, directors, actors, writers, and production artists--with generous, measured, scholarly entries and lavish illustrations. However, it looms large and heavy, unlike the handy one-volume work by Thomson. Arguably, Thomson's work, for its scope, is the most fun, the most convenient, and the most engaging title. All libraries supporting people interested in film should buy it. It will get lots of use and provide very good value for the money. Summing Up: Highly recommended. Contemporary Authors: 1945 to the Present Britannica Educational Publishing, 2013-06-01 Contemporary literature encompasses so many genres, literary forms, and themes that it would seem almost impossible to identify a unifying thread between them. Yet in the tradition established by literary heavyweights who came before, modern writers of all stripes and backgrounds have continued to entertain and to confront the social, cultural, and psychological realities of the times—including everything from racial identity to war to technology—with their own flair and insight. The diversity of authors profiled herein—from Toni Morrison to Sylvia Plath to Stephen King to David Foster Wallace—attests to the scope and complexity of modern society.

Twentieth-century Italian Literature in English Translation Robin Healey, 1998-01-01 This bibliography lists English-language translations of twentieth-century Italian literature published chiefly in book form between 1929 and 1997, encompassing fiction, poetry, plays, screenplays, librettos, journals and diaries, and correspondence.

Federico Fellini Tullio Kezich, 2007-03-06 A lively and authoritative journey into the world of a cinema master With the revolutionary 8 1/2, Federico Fellini put his deepest desires and anxieties before the lens in 1963, permanently impacting the art of cinema in the process. Now, more than forty years later, film critic and Fellini confidant Tullio Kezich has written the work by which all other biographies of the filmmaker are sure to be measured. In this moving and intimately revealing account of a lifetime spent in pictures, Kezich uses his friendship with Fellini as a means to step outside the frame of myth and anecdote that surrounds him—much, it turns out, of the director's own making. A great lover of women and a meticulous observer of dreams, Fellini, perhaps more than any other director of the twentieth century, created films that embodied a thoroughly modern sensibility, eschewing traditional narrative along with religious and moral precepts. His is an art of delicate pathos, of episodic films that directly address the intersection of reality, fantasy, and desire that exists as a product of mid-century Italy—a country reeling from a Fascist regime as it struggled with an outmoded Catholic national identity. As Kezich reveals, the dilemmas Fellini presents in his movies reflect not only his personal battles but those of Italian society. The result is a book that explores both the machinations of cinema and the man who most grandly embraced the full spectrum of its possibilities, leaving his indelible mark on it forever.

Encyclopedia of Contemporary Italian Culture Gino Moliterno, 2023-06-14 This rigorously compiled A-Z volume offers rich, readable coverage of the diverse forms of post-1945 Italian culture. With over 900 entries by international contributors, this volume is genuinely interdisciplinary in character, treating traditional political, economic, and legal concerns, with a particular emphasis on neglected areas of popular culture. Italian Literature since 1900 in English Translation Robin Healey, 2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

The Exile Into Eternity Douglas Radcliff-Umstead, 1987 This book examines the literary world created by Giorgio Bassani in the collected volume of his narrative works, *Il romanzo de Ferrara* (The Romance of Ferrara, 1974). The first to follow Bassani's intellectual development from the time of his youth, this critical study also offers a close look at the individual works including his masterpiece, *Il giardino dei Finzi-Contini* (The Garden of the Finzi-Continis).
