Cuzco Michael J. Schreffler,2020-07-03 A story of change in the Inca capital told through its artefacts, architecture, and historical documents Through objects, buildings, and colonial texts, this book tells the story of how Cuzco, the capital of the Inca Empire, was transformed into a Spanish colonial city. When Spaniards invaded and conquered Peru in the 16th century, they installed in Cuzco not only a government of their own but also a distinctly European architectural style. Layered atop the characteristic stone walls, plazas, and trapezoidal portals of the former Inca town were columns, arcades, and even a cathedral. This fascinating book charts the history of Cuzco through its architecture, revealing traces of colonial encounters still visible in the modern city. A remarkable collection of primary sources reconstructs this narrative: writings by secretaries to colonial administrators, histories conveyed to Spanish translators by native Andeans, and legal documents and reports. Cuzco's infrastructure reveals how the city, wracked by devastating siege and insurrection, was reborn as an ethnically and stylistically diverse community.

Relatos y relaciones de Hispanoamérica colonial Otto Olivera,2009-07-21 This anthology of foundational sixteenth-century Spanish-language texts presents the European side of the discovery and colonization of the New World. Otto Olivera has chosen representative selections from the works of eighteen authors, including Garcilaso de la Vega, Bartolomé de Las Casas, Bernal Díaz del Castillo, Hernán Cortés, and Alvar Núñez Cabeza de Vaca. Their writings present an impressive panorama of the first years of a real New World that could compete with any portrayed in European novels of chivalry or travel. To put these texts in historical context, Olivera has written an introduction that links the literature of colonization in

its first century to the classical and medieval myths that helped shape Spaniards' thinking about the New World. He also provides a brief history of the discovery and conquest and a discussion of the social organization of the Spanish colonies.
