Kierkegaard and the Philosophy of Love Michael Strawser, 2015-10-08 Ironically, the philosophy of love has long been neglected by philosophers, so-called "lovers of wisdom," who would seemingly need to understand how one best becomes a lover. In *Kierkegaard and the Philosophy of Love*, Michael Strawser shows that the philosophy of love lies at the heart of Kierkegaard's writings, as he argues that the central issue of Kierkegaard's authorship can and should be understood more broadly as the task of becoming a lover. Strawser starts by identifying the questions (How should I love the other? Is self-love possible? How can I love God?) and themes (love's immediacy, intentionality, unity, and eternity) that are central to the philosophy of love, and he develops a rich context that includes analyses of the conceptions of love found in Plato, Spinoza, and Hegel, as well as prominent contemporary thinkers. Strawser provides an original and wide-ranging analysis of Kierkegaard's writings—from the early *The Concept of Irony* and *Edifying Discourses* to the late *The Moment*, while maintaining the prominence of *Works of Love*—to demonstrate how Kierkegaard's writings on love are relevant to the emerging study of the philosophy of love today. The most unique perspective of this work, however, is Strawser's argument that Kierkegaard's writings on love are most fruitfully understood within the context of a phenomenology of love. In interpreting Kierkegaard as a phenomenologist of love, Strawser claims that it is not Husserl and Heidegger that we should look to for a connection in the first instance, but rather Max Scheler, Dietrich von Hildebrand, Emmanuel Levinas, and most importantly, Jean-Luc Marion, who for the most part center their thinking on the phenomenological nature of love. Based on an analysis of the works of these thinkers together with Kierkegaard's writings, Strawser argues that Kierkegaard presents readers with a first phenomenology of love, a point of view that serves as a unifying perspective throughout this work while also pointing to areas for future scholarship. Overall, this work brings seemingly divergent perspectives into a unity brought about through a focus on love—which is, after all, a unifying force.

The Violence of Love Kit W. Myers, 2025-01-28 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminoso.org to learn more. *The Violence of Love* challenges the narrative that adoption is a solely loving act that benefits birth parents, adopted individuals, and adoptive parents—a narrative that is especially pervasive with transracial and transnational adoptions. Using interdisciplinary methods of archival, legal, and discursive analysis, Kit W. Myers comparatively examines the adoption of Asian, Black, and

Native American children by White families in the United States. He shows how race has been constructed relationally to mark certain homes, families, and nations as spaces of love, freedom, and better futures—in contrast to others that are not—and argues that violence is attached to adoption in complex ways. Propelled by different types of love, such adoptions attempt to transgress biological, racial, cultural, and national borders established by traditional family ideals. Yet they are also linked to structural, symbolic, and traumatic forms of violence. The Violence of Love confronts this discomforting reality and rethinks theories of family to offer more capacious understandings of love, kinship, and care.

Love & Death Forrest Church, 2008-09-01 Nearing his final days, a beloved Unitarian minister meditates on life, love, and death: “The goal is to live in such a way that our lives will prove worth dying for.” On a February day in 2008, Forrest Church sent a letter to the members of his congregation, informing them that he had terminal cancer; his life would now be measured in months, not years. He went on to promise that he would sum up his thoughts on the topics that had been so pervasive in his work—love and death—in a final book. Church has been justly celebrated as a writer of American history, but his works of spiritual guidance have been especially valued for their insight and inspiration. As a minister, Church defined religion as our human response to the dual reality of being alive and having to die. The goal of life, he tells us is to live in such a way that our lives will prove worth dying for. *Love & Death* is imbued with ideas and exemplars for achieving that goal, and the stories he offers—all drawn from his own experiences and from the lives of his friends, family, and parishioners—are both engrossing and enlightening. Forrest Church's final work may be his most lasting gift to his readers.

Men in Love Vittorio Lingiardi, 2002 From the rape of Ganymede to Michelangelo's loves, from the relationship of Batman and Robin to the letters between Freud and Jung, this voyage speaks eloquently about the complex relationships between men.

Alienation and Identity in Romantic Love Gary Foster, 2024-08-06 The concept of romantic love, influenced as it is by the theme within Romanticism of alienation and identification, suggests an important connection between love and personal identity. Love in this context recognizes both the sense in which one's beloved is a separate human being and is, at the same time, a constitutive aspect of one's identity. *Alienation and Identity in Romantic Love* explores this connection in the context of discussions of both metaphysical views of personal identity and practical or ethical accounts. To this end, Gary Foster discusses the work of influential philosophers in both the analytic and continental traditions as well as the findings of sociologists. He explores the love and personal identity relationship through moral and narrative perspectives and examines certain aspects of the modern love experience such as the phenomenon of online dating. Ultimately, Foster finds in Jean-Paul Sartre's work a promising approach to understanding this connection through his emphasis on embodied identity.

In the Mood for Love Tony Rayns, 2019-07-25 Set in Hong Kong, Singapore and Cambodia in the 1960s, Wong Kar Wai's *In the Mood for Love* (2000) is a film that luxuriates in the feeling of being in love – without ever turning into a love story. Its central characters, Mr Chow and Mrs Chan, are tenants in next-door apartments in Hong Kong who discover that their respective spouses are having an affair. Both of them have promiscuous colleagues at work, but they struggle to make sense of their partners' behaviour – and to control their growing feelings for each other. Hailed by the press as 'the consummate unconsummated love story of the new millennium', this film about desire repressed has become a firmly established classic of the twenty-first century. In his sharp and revealing analysis of *In the Mood for Love*, Tony Rayns draws on his considerable expertise in East Asian cinema and on his proximity to Wong Kar Wai and his colleagues at Jet Tone during the film's long and complicated genesis. He delivers a personal and highly original commentary on the film and its production, complete with privileged insights into Wong's idiosyncratic working methods and influences. The book also places the film in the context of Wong's other work, with sidelights on its place in Hong Kong cinema as a whole. This special edition features original cover artwork by Jimmy Turrell.

Imaginations James P. Gills, 2012-06-28 When a relinquished life becomes faithful to the promises of God, the result is His joy, His peace, and His charity. Dr. James Gills recounts his own period of rest and complacency-brought on by a time of incapacitation. He learned that when we give ourselves over to the thought patterns of the world, we turn our backs on the Lord and His glory. *Imaginations: More Than You Think* was written so that the reader might understand how rich life can be when we focus our thoughts on God. You will come to treasure its wisdom as you learn to appreciate its four foundational principles: •We are what we think-therefore, our thoughts determine our actions. •Our present thoughts affect how we will spend eternity. •God is most glorified in us when we are most satisfied in Him. •Our greatest joy comes from surrendering our thoughts to God. Dr. Gills teaches the reader how to wake up with love, happiness, and enthusiasm for the new day. True surrender to the satisfaction of being with Jesus and accepting His provision for us sets the reader free from all daily worry and concern. About the author: James P. Gills, M.D. has earned a reputation as the most experienced cataract surgeon in the world. He is the founder and medical director of the renowned St. Luke's Cataract & Laser Institute in Tarpon Springs, Florida. Dr. Gills has dedicated his life to restoring much more than physical vision. Fate, Glory, and Love in Early Modern Gallery Decoration Margaretha Rossholm Lagerlöf, 2017-07-05 Analysing the decorative programmes of the most opulent European palaces of the time, Margaretha Rossholm Lagerlöf investigates how meaning was conveyed through display and visual effects. She explores the visual meaning inherent in the scheme of spatial relations; in effects of scale, perspective, lighting, figures' positions and postures; and in relations among image types. The analysis concerns the interrelations of various kinds of images in the ensembles; the relations between images and physical site; and the address to the beholder. Lagerlöf considers the visual impact of the imagery in conjunction with 'readable' or symbolically 'coded' meanings; thus, the study does not merely subject these decorations to formalist aesthetic principles. She shows the visual meaning generally to sustain the verbal or readable messages, but often in subtle ways, extending or elaborating the meaning. Occasionally, the visual meaning comes forth as an undercurrent or complication, deviating from the proclaimed and symbolic meaning. *Fate, Glory, and Love in Early Modern Gallery Decoration* contributes to the body of scholarship on visual rhetoric and on how images 'act' out their messages.
