The Zone of Interest Martin Amis, 2014-09-30 NOW AN ACADEMY AWARD®-WINNING MAJOR MOTION PICTURE • AN NPR BEST BOOK OF THE YEAR • From one of the most virtuosic authors in the English language: a powerful novel, written with urgency and moral force, that explores life—and love—among the Nazi bureaucrats of Auschwitz. A masterpiece.... Profound, powerful and morally urgent.... A benchmark for what serious literature can achieve. —San Francisco Chronicle Martin Amis first tackled the Holocaust in 1991 with his bestselling novel *Time's Arrow*. He returns again to the Shoah with this astonishing portrayal of life in the zone of interest, or *kat zet*—the Nazis' euphemism for Auschwitz. The narrative rotates among three main characters: Paul Doll, the crass, drunken camp commandant; Thomsen, nephew of Hitler's private secretary, in love with Doll's wife; and Szmul, one of the Jewish prisoners charged with disposing of the bodies. Through these three narrative threads, Amis summons a searing, profound, darkly funny portrait of the most infamous place in history. An epilogue by the author elucidates Amis's reasons and method for undertaking this extraordinary project.

The Mind of the Holocaust Perpetrator in Fiction and Nonfiction Erin McGlothlin, 2021-05-04 Examines textual representations of the consciousness of men responsible for committing Holocaust crimes. *The Mind of the Holocaust Perpetrator in Fiction and Nonfiction* examines texts that portray the inner experience of Holocaust perpetrators and thus transform them from archetypes of evil into complex psychological and moral subjects. Employing relevant methodological tools of narrative theory, Erin McGlothlin analyzes these unsettling depictions, which manifest a certain tension regarding the ethics of representation and identification. Such works, she asserts, endeavor to make transparent the mindset of their violent subjects, yet at the same time they also invariably contrive to obfuscate in part its disquieting character. *The Mind of the Holocaust Perpetrator in Fiction and Nonfiction* contains two parts. The first focuses on portraits of real-life perpetrators in nonfictional interviews and analyses from the 1960s and 1970s. These works provide a nuanced perspective on the mentality of the people who implemented the Holocaust via the interventional role of the interviewer or interpreter in the perpetrators' performances of self-disclosure. In part two, McGlothlin investigates more recent fictional texts that imagine the perspective of their invented perpetrator-narrators. Such works draw readers directly into the perpetrator's experience

and at the same time impede their access to the perpetrator's consciousness by retarding their affective connection. Demonstrating that recent fiction featuring perpetrators as narrators employs strategies derived from earlier nonfictional portrayals, McGlothlin establishes not only a historical connection between these two groups of texts, whereby nonfictional engagement with real-life perpetrators gradually gives way to fictional exploration, but also a structural and aesthetic one. The book bespeaks new modes of engagement with ethically fraught questions raised by our increasing willingness to consider the events of the Holocaust from the perspective of the perpetrator. Students, scholars, and readers of Holocaust studies and literary criticism will appreciate this closer look at a historically taboo topic.

Law and the Humanities: Cultural Perspectives Chiara Battisti, Sidia Fiorato, 2019-12-02 This volume investigates interdisciplinary intersections between law and the humanities from the Renaissance to the present day. It allows for fruitful encounters between different disciplines: from literature to science, from the visual arts to the post-human, from the postmodern novel's experimentation to most recent approaches towards the legal interpretation of literary texts. This productive dialogue fosters original perspectives in the interpretation of and reflection upon identity, justice, power and human rights and values, thus underlining the role of literature in the articulation of relevant cultural issues pertaining to specific periods.

Experience Martin Amis, 2014-09-17 NATIONAL BESTSELLER • One of the most gifted and innovative writers of our time discloses a private life every bit as unique and fascinating as his bestselling novels. "Superb memoir...a moving account of [Amis's] coming of age as an artist and a man." —San Francisco Chronicle The son of the great comic novelist Kingsley Amis, Martin Amis explores his relationship with this father and writes about the various crises of Kingsley's life. He also examines the life and legacy of his cousin, Lucy Partington, who was abducted and murdered by one of Britain's most notorious serial killers. Experience also deconstructs the changing literary scene, including Amis' portraits of Saul Bellow, Salman Rushdie, Allan Bloom, Philip Larkin, and Robert Graves, among others. Not since Nabokov's *Invitation of a Beheading* has such an implausible life been recorded by such an inimitable talent. Profound, witty, and ruthlessly honest, Experience is a literary event.

Time's Arrow Martin Amis, 2011-04-06 In this icy, knife's-edge story of a life that progresses backward through time, unfolding into one of the darkest episodes of the 20th century, Amis ("at his intriguing, heedful, and powerful best" —Time Out), finds a chillingly original approach to the Holocaust in fiction • From the acclaimed author of *Zone of Interest* The narrative moves with irresistible momentum.... [Amis is] a daring, exacting writer willing to defy the odds in pursuit of his art. —Newsday Tod. T. Friendly is living his life in reverse. Doctor Friendly has just died, but he moves "out of blackest sleep" to find himself surrounded by doctors and on the deathbed of a man in whose body he is imprisoned. After weeks of improving in the hospital, he is sent home to his affable, melting-pot, primary-colors existence in suburban America. As Friendly breaks up with his lovers in a prelude to seducing them and mangles his patients before he sends them home, his

life races backward toward the one appalling moment in modern history when such reversals make sense. From the fresh-cut lawns of his retirement to the hustle of New York, and then back to the boat which reverses his course to the war-torn Europe Friendly came from, Amis brings the steeliest nerve to the job of realizing the novel's inevitable logic. Trapped in his body from grave to cradle, Friendly's consciousness can only watch as he struggles to make sense of the good doctor's most ambitious project yet—the final solution.

Unreel Diana Wichtel, 2024-11-26 Born to a Polish Holocaust survivor father and a 1950s Kiwi tradwife too busy to police her viewing, Diana Wichtel cut her teeth on the Golden Age of television. But in the 1960s, things fell apart. Diana's fractured family left Canada and blew in to New Zealand, just missing the Beatles, and minus a father. Diana watched television being born again half a world away, and twenty years later walked into the smoky, clacking offices of the Listener where she became the country's foremost television critic — loved and loathed, with the hate mail in seething capital letters to prove it. Meanwhile, television's sometimes-pale imitation — her real life — was beginning to unreel. This is a sharply funny, wise and

profound memoir of growing up and becoming a writer, of parents and children, early marriage and divorce, finding love again . . . and of the box we gathered around in our living rooms that changed the world. ‘This whipcrack of a book is such good company that my eyes hurt from smiling as I read it. (Was I smiling, or was it something else?) Here we are, in our audacity, our absurdity, our banality, and our hope. Stumbling towards something now largely past. Linear TV, life, Diana Wichtel herself, none of us are spared, but most of us are forgiven. This has always been Wichtel’s brilliance. Her sharp, funny empathy. (She’d be the perfect funeral guest.) She also has the critic’s obsession with delivering for the audience, or reader. As stunningly displayed in *Driving to Treblinka* (read it), her words carry their truths off the page, impatient for our attention. Gorgeous, acerbic, illuminating, human, *Unreel* is a wonderful read.’ — John Campbell ‘A funny, wise memoir that’s as much about love and loss as it is about telly. The prose is brilliant, hilarious, just right. Devastating too, when the critic looks, clear-eyed, at the individual tragedy suffered by her family that is a stain on the conscience of the world. This story twines the communal joy of the greatest shows — from *I Love Lucy* to *Coro* and *The Sopranos* — with the author’s realisation of the power the medium has, not only to bring us together, but to help her face the darkness of the past. Diana Wichtel is watching TV but she sees so much more.’ — Noelle McCarthy ‘The funniest writer on the planet on the mad, sad and profound joys of the idiot box. You should binge read this.’ — Steve Braunias

Inside Story Martin Amis, 2020-10-27 An autobiographical novel that’s a tender, witty exploration of the hardest questions: how to live, how to grieve, and how to die—from “the Mick Jagger of literature ... Amis is the most dazzling prose stylist in post-war British fiction” (The Daily Telegraph). “[A] charismatic compound of fact and fiction ... Martin Amis has retained the power to surprise.” —Parul Sehgal, The New York Times This novel had its birth in the death of Martin Amis’s closest friend, the incomparable Christopher Hitchens, and it is within that profound and sprawling friendship that *Inside Story* unfurls. From their early days as young magazine staffers in London, reviewing romantic entanglements and the latest literary gossip (not to mention ideas, books, and where to lunch), Hitch was Amis’s wingman and adviser, especially in the matter of the alluringly amoral Phoebe Phelps—an obsession Amis must somehow put behind him if he is ever to find love, marriage, a plausible run at happiness. Other figures competing as Amis’s main influencers are his literary fathers—Kingsley, of course; his hero Saul Bellow; the weirdly self-financing poet Philip Larkin—and his significant literary mothers, including Iris Murdoch and Elizabeth Jane Howard. Moving among these greats to set his own path, he winds up surveying the horrors of the twentieth century, and the still-unfolding impact of the 9/11 attacks on the twenty-first—and considers what all of this has taught him about how to live and how to be a writer. The result is a love letter to life—and to the people in his life—that achieves a new level of confidentiality with his readers, giving us the previously unseen portrait of his extraordinary world.

Political Theory and Architecture Duncan Bell, Bernardo Zacka, 2020-02-20 What can political theory teach us about architecture, and what can it learn from paying closer attention to architecture? The essays assembled in this volume begin

from a common postulate: that architecture is not merely a backdrop to political life but a political force in its own right. Each in their own way, they aim to give countenance to that claim, and to show how our thinking about politics can be enriched by reflecting on the built environment. The collection advances four lines of inquiry, probing the connection between architecture and political regimes; examining how architecture can be constitutive of the ethical and political realm; uncovering how architecture is enmeshed in logics of governmentality and in the political economy of the city; and asking to what extent we can think of architecture-tributary as it is to the flows of capital-as a partially autonomous social force. Taken together, the essays demonstrate the salience of a range of political theoretical approaches for the analysis of architecture, and show that architecture deserves a place as an object of study in political theory, alongside institutions, laws, norms, practices, imaginaries, and discourses.

London Fields Martin Amis, 2010-08-24 NATIONAL BESTSELLER • A blackly comic late 20th-century murder mystery set against the looming end of the millennium, in which a woman tries to orchestrate her own extinction—from one of the most gifted novelists of his generation (TIME). “Lyrical and obscene, colloquial and rhapsodic. —The New York Times First published in 1989, *London Fields* is set ten years into a dark future, against a backdrop of environmental and social decay and the looming threat of global cataclysm. As the dreaded Y2K approaches, Nicola Six, a “black hole” of sex and self-loathing, has chosen her thirty-fifth birthday, November 5, 1999, as the date of her own murder. Whom to manipulate into killing her is the question; her choice wavers between violent lowlife Keith Talent, who is obsessed with winning a darts tournament, and a dimly romantic banker named Guy Clinch. When Samson Young—a writer suffering from a long bout of writer’s block—stumbles upon these three, he believes he has found a story that will write itself. A highly unusual mystery with an unexpected twist at the end, *London Fields* is also a corrosively funny narrative of pyrotechnic complexity and scalding moral vision.

Reacher Said Nothing Andy Martin, 2020-03-16 It had never been attempted before, and might never be done again. One man watching another man write a novel from beginning to end. On September 1, 2014, in an 11th floor apartment in New York, Lee Child embarked on the twentieth book in his globally successful Jack Reacher series. Andy Martin was there to see him do it, sitting a couple of yards behind him, peering over his shoulder as the writer took another drag of a Camel cigarette and tapped out the first sentence: “Moving a guy as big as Keever wasn’t easy.” Miraculously, Child and Martin stuck with it, in tandem, for the next 8 months, right through to the bitter-sweet end and the last word, “needle”. *Reacher Said Nothing* is a one-of-a-kind meta-book, an uncompromising account in real time of the genesis, evolution and completion of a single work, *Make Me*. While unveiling the art of writing a thriller Martin also gives us a unique insight into the everyday life of an exemplary writer. From beginning to end, Martin captures all the sublime confidence, stumbling uncertainty, omniscience, cluelessness, ecstasy, despair, and heart-thumping suspense that go into writing a number-one bestseller.

Democracy, the Courts, and the Liberal State David Miles, 2020-10-26 Reformulating a problem of both constitutionalism and liberalism discussed in the works of Ernst-Wolfgang Böckenförde, Hannah Arendt, and Alexis de Tocqueville, the book examines one generally overlooked manifestation of constitutionalism: the role of the courts in shaping democratic politics and the inter-relationship between citizens and state. Drawing on constitutional history, law, and political theory, David Miles argues that constitutionalism cannot be seen merely as an institutional mechanism to limit government, as it also has a crucial civic dimension upon which the liberal state depends. Utilising the works of Böckenförde, Arendt, and Tocqueville, constitutionalism is conceived in the book as part of a broader system of communal norms which sustains representative democracy and liberalism. Through an analysis of judicial interventions in the electoral processes of the United States and Germany, Miles explores the role of civil society actors in transforming constitutionalism through legal challenges to oligarchical or exclusionary practices. He assesses how, in adjudicating these cases, the US Supreme Court and the German Constitutional Court have mediated the tension between threats to stability and the imperative of democratic renewal. *Democracy, the Courts, and the Liberal State* will be of interest to scholars, students, and practitioners interested in comparative politics, political theory, and constitutional law and history.

Inscribed Identities Joan Ramon Resina, 2019-01-22 Autobiography is a long-established literary modality of self-exposure with commanding works such as Augustine's *Confessions*, Rousseau's book of the same title, and Salvador Dalí's paradoxical reformulation of that title in his *Unspeakable Confessions*. Like all genres with a distinguished career, autobiography has elicited a fair amount of critical and theoretical reflection. Classic works by Käte Hamburger and Philippe Lejeune in the 1960s and 70s articulated distinctions and similarities between fiction and the genre of personal declaration. Especially since Foucault's seminal essay on *Self Writing*, self-production through writing has become more versatile, gaining a broader range of expression, diversifying its social function, and colonizing new media of representation. For this reason, it seems appropriate to speak of life-writing as a concept that includes but is not limited to classic autobiography. Awareness of language's performativity permits us to read life-writing texts not as a record but as the space where the self is realized, or in some instances de-realized. Such texts can build identity, but they can also contest ascribed identity by producing alternative or disjointed scenarios of identification. And they not only relate to the present, but may also act upon the past by virtue of their retrospective effects in the confluence of narrator and witness.

Nabokov's Favorite Word Is Mauve Ben Blatt, 2017-03-14 Blatt brings big data to the literary canon, exploring the wealth of fun findings that remain hidden in the works of the world's greatest writers. He assembles a database of thousands of books and hundreds of millions of words, and starts asking the questions that have intrigued curious word nerds and book lovers for generations: What are our favorite authors' favorite words? Do men and women write differently? Are bestsellers getting dumber over time? Which bestselling writer uses the most clichés? What makes a great opening sentence? How can

we judge a book by its cover? And which writerly advice is worth following or ignoring?--Amazon.com.

Orders to Kill Amy Knight, 2017-09-19 An in-depth and no-holds-barred account of the practice of covert murder in Russian politics, beginning in 1998, when Vladimir Putin became head of the FSB, and continuing to the present day.

The Palgrave Handbook of Testimony and Culture Sara Jones, Roger Woods, 2023-04-19 This Palgrave Handbook examines the ways in which researchers and practitioners theorise, analyse, produce and make use of testimony. It explores the full range of testimony in the public sphere, including perpetrator testimony, testimony presented through social media and virtual reality. A growing body of research shows how complex and multi-layered testimony can be, how much this complexity adds to our understanding of our past, and how creators and users of testimony have their own complex purposes. These advances indicate that many of our existing assumptions about testimony and models for working with it need to be revisited. The purpose of this Palgrave Handbook is to do just that by bringing together a wide range of disciplinary, theoretical, methodological, and practice-based perspectives.

Perpetrators in Holocaust Narratives Joanne Pettitt, 2017-04-19 This study provides a comprehensive analysis of representations of Holocaust perpetrators in literature. Such texts, often rather controversially, seek to undo the myth of pure evil that surrounds the Holocaust and to reconstruct the perpetrator in more human ("banal") terms. Following this line of thought, protagonists frequently place emphasis on the contextual or situational factors that led up to the genocide. A significant consequence of this is the impact that it has on the reader, who is thereby drawn into the narrative as a potential perpetrator who could, in similar circumstances, have acted in similar ways. The tensions that this creates, especially in relation to the construction of empathy, constitutes a major focus of this work. Making use of in excess of sixty primary sources, this work explores fictional accounts of Holocaust perpetration as well as Nazi memoirs. It will be of interest to anyone working in the broad areas of Holocaust literature and/or perpetrator studies.

Psychoanalysis, Historiography, and the Nazi Camps Dan Stone, 2024-07-10 In the postwar years, Dutch survivors Eddy de Wind, Louis Micheels, and Elie A. Cohen, who went on to become practicing psychoanalysts, penned accounts of their survival of the Nazi camps. Their sober assessments contrast sharply with those by Bruno Bettelheim and Viktor Frankl, which emphasized decisiveness, 'positive thinking', and resistance, missing the fact that many Holocaust victims with those characteristics or other qualities did not survive. De Wind's, Micheels' and Cohen's accounts are more sober, (self-)critical, and shaped by analytical practice. By analyzing them anew and comparing them with accounts by female doctors who survived Block 10 in Auschwitz, this book argues that their theories of survival accord with contemporary sensibilities in psychoanalysis and Holocaust historiography. Psychoanalytic concepts have changed over time in response to greater understanding of the Holocaust and recent Holocaust historiography makes us more receptive to insights that were unfashionable in the first postwar decades.

Thinking the Twenty-First Century Malcolm McIntosh, 2017-09-08 In a sophisticated and far-reaching blend of theory and reflection, *Thinking the Twenty-First Century* takes a provocative look at the changes required to build a new global political economy. McIntosh charts five system changes essential to this transition: globality and Earth awareness; the rebalancing of science and awe; peacefulness and the feminization of decision-making; the re-organization of our institutions; and, evolution, adaptation and learning. That they are all connected should be obvious, but that they are written about together is less common. McIntosh argues that these five changes are already under way and need to be accelerated. Combining science, philosophy, politics and economics, *Thinking the Twenty-First Century* questions our current model of capitalism and calls for a much-needed new order. This forceful call to action advocates a balanced political economy with transdisciplinarity, connectivity, accountability and transparency at its centre, as an alternative to a world built on the failing system of neoliberal economics. From one of the pioneers of the global corporate sustainability and social responsibility movement, this unique book combines analysis, diary and reflection to present a radical way forward for the twenty-first century.
