J.B. Phillips

Men Who Can't Love Steven Carter, Julia Sokol, 1994-03 This optimistic book states that failed relationships are not always a woman's fault, adding a much-needed counterpoint to the many one-sided advice books now available. A choice of LG.

What Men Want to Say to Women (But Can't) Denise McAllister, 2020-02-11 No matter one's political persuasion, most of us agree there's something deeply wrong in America today. Conflict has reached a fever pitch as our nation has become alarmingly polarized in the political arena. Many look to politicians and public policies for solutions, but journalist Andrew Breitbart rightly said that politics couldn't be fixed if culture is ignored, because "politics is downstream from culture." McAllister would take this observation a step further—politics might be downstream from culture, but culture is downstream from relationships. If we don't focus on the personal building blocks of society, we will fail to fix problems in culture and the politics that flow from it. If relationships are sick or broken—especially those between men and women—then everything else is affected. If there's little love, respect, and trust there, you won't find it anywhere else. Men are tired of being dumped on. They have a lot to say to women about sex, equality in the workplace, raising boys, and the lie of "toxic masculinity," but modern feminism and a politically correct culture have silenced them. This "war on men" has disrupted relationships and caused men to question their place in American society. "Misogyny," "male privilege," and "the Patriarchy" are buzzwords that shut men down. Some are so frustrated they've given up entirely—"Who needs women if all they're going to do is use you and treat you like garbage?" Anger, separation, and simply giving up aren't solutions to a festering problem. Instead, we need to heal relationships by learning to respect the designed purposes of masculinity and femininity. For this to happen, women will need to hear some hard truths about themselves and those they love. In *What Men Want to Say to Women (But Can't)*, cultural commentator and New York Times bestselling author Denise McAllister speaks to women on men's behalf—exposing the lies of modern feminism and offering insights on how to rebuild broken relationships in the workplace, at home, and in the bedroom. Here's a sneak peek at a few things men would like to say to women, but can't: • "When I look at your cleavage, it doesn't mean I want to rape you." • "Stop complaining about equal pay when you don't do equal work." • "Children need their father—stop shutting men out of the picture because you think you do everything better." • "I will teach my son to compete—now go toss that participation trophy in the trash!" "A triumph of compassion, insight, and good sense.

Denise McAllister doesn't just want to fix how men and women talk to each other. She wants to heal a fraying holy sacrament. Read this book to save your marriage—or to find one.” —Milo Yiannopoulos

Morning and Evening Meditations from the Word of God Michael J. Akers,2014-03-18 There are many devotional books available containing brief, daily inspirations that benefit all who read them. This book is different in two respects. The first is obvious: it contains two readings per day—732 in all. The second, more important difference is that the author wanted to do more than offer inspiration; this would make this book no different than so many others. The messages in the book are study sketches in that the content is not only inspirational, but also educational, challenging, and encouraging. Most of these writings were based on author Michael J. Akers's teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God.

Inside the Circle Casey James Miller,2023-06-16 Drawing on over a decade of ethnographic fieldwork in northwest

China, Casey James Miller offers a novel, compelling, and intimately personal perspective on Chinese queer culture and activism. In *Inside the Circle: Queer Culture and Activism in Northwest China*, Miller tells the stories of two courageous and dedicated groups of queer activists in the city of Xi'an: a grassroots gay men's HIV/AIDS organization called Tong'ai and a lesbian women's group named UNITE. Taking inspiration from "the circle," a term used to imagine local, national, and global queer communities, Miller shows how everyday people in northwest China are taking part in queer culture and activism while also striving to lead traditionally moral lives in a rapidly changing society. The queer stories in this book broaden our understandings of gender and sexuality in contemporary China and show how taking global queer diversity seriously requires us to de-center Western cultural values, historical experiences, and theoretical perspectives.
