**Once in Every Life** Kristin Hannah, 1992-12-23 A poignant, profoundly emotional tale of a woman on a remarkable journey toward her own destiny, from the #1 New York Times bestselling author of *The Women* “Hannah is superb at delving into her main characters’ psyches and delineating nuances of feeling.”—The Washington Post Book World She dares to love a man who doesn’t dare to love. . . . Tess Gregory’s brilliant career as a research scientist hides her longings for a husband and child. Though deaf, she is a free spirit—a woman full of life and love. She is struck down all too soon, but for Tess, a new life begins at death, in post-Civil War America. She is now Amarylis Rafferty, wife and mother of three—and she can hear. Shocked and disoriented by her new surroundings, she is drawn into the heartache burdening the family, especially her husband, Jack. Pioneer living is rough for a woman used to modern conveniences, but Tess flourishes, bringing happiness and hope to her daughters and her son—to all except her husband, a man haunted by angry, violent voices that give no rest to his bitter soul. A man who fears himself capable of anything. Through it all Tess’s faith remains unshakable. Sheer determination will drive her as their hearts become entwined in a fierce struggle that can be tamed only by love itself. . . .

**SongCite** William D. Goodfellow, 2014-02-04 First Published in 1999. This is the first supplement to the initial SongCite publication and serves as an index to recently published collections of popular songs. 201 music books have been included, with over 6,500 different compositions listed. The vast majority of the collections is comprised entirely of vocal music, although, on occasion, instrumental works have been included.

**The Last Balladeer** Gregg Akkerman, 2012-06-14 Just after recording with John Coltrane in 1963, baritone singer Johnny Hartman (1923-1983) told a family member that “something special” occurred in the studio that day. He was right – the album, containing definitive readings of “Lush Life” and “My One and Only Love,” resides firmly in the realm of iconic; forever enveloping listeners in the sounds of romance. In *The Last Balladeer*, author Gregg Akkerman skillfully reveals not only the intimate details of that album but the life-long achievements and occasional missteps of Hartman as an African-American artist dedicated to his craft. This book carefully follows the journey of the Grammy-nominated vocalist from his big band origins with Earl Hines and Dizzy Gillespie to featured soloist in prestigious supper clubs throughout the world. Through exclusive interviews with Hartman’s family and fellow musicians (including Tony Bennett, Billy Taylor, Kurt Elling, Jon Hendricks, and others), accounts from friends and associates, newly discovered recordings and studio outtakes, and in-depth research on his career and personal life, Akkerman expertly recollects the Hartman character as a gentleman, romantic, family man, and constant contributor to the jazz scene. From his international concerts in Japan, Australia, and England to his steady presence as an American nightclub singer that spanned five decades, Hartman personifies the “last balladeer” of his kind, singing with a sentiment that captured the attention of Clint Eastwood, who brought Hartman’s songs to the masses in the film *The Bridges of Madison County*. In the first full-length biography and discography to chronicle the rhapsodic life and music of Johnny Hartman, the author completes a previously missing dimension of vocal-jazz history by documenting Hartman as the balladeer who crooned his way into so many hearts. Backed by impeccable research but conveyed in a conversational style, this book will interest not only musicians and scholars but any fan of the Great American Songbook and the singers who brought it to life.

Portraits in Jazz Howard Reich, Chicago Tribune, 2014-08-26 A collection of articles on and interviews with jazz greats Jelly Roll Morton, Louis Armstrong, Billie Holiday, Wynton Marsalis, Miles Davis, and others. Howard Reich has reported on jazz for the Chicago Tribune for almost four decades, and in this time, he has met musicians both celebrated and obscure. From his exclusive interviews with Frank Sinatra, Tony Bennett, Lena Horne, and Ella Fitzgerald, to profiles of the early masters like Louis Armstrong, Duke Ellington, and Billie Holiday, this book illustrates Reich’s deep understanding of the

performances, recordings, and cultural legacies of these jazz masters. This book, comprising Reich's award-winning Chicago Tribune articles, shows readers his unmatched critical insight and unrivaled access to the diverse range of jazz musicians the world over, including the little-known artists who, while never in the national spotlight, were nonetheless instrumental to the evolution of jazz. Divided thematically, *Portraits in Jazz* is a journey from the time of jazz music's originators, great singers, and early masters through to its courageous standouts, game changers, and regional influencers from Chicago to Cuba and across the globe. Reich, himself a piano performance major at Northwestern University, says in the introduction that studying theory and history are essential to understanding jazz's inner-workings. But these portraits weren't created as academic theses or history-book lessons. They are on-the-spot, in the heat of the moment questions of its greatest practitioners, articles and essays in the here and now, taking readers one step closer to the meaning of sound.

After a violent fight with his alcoholic mother, a visibly injured Renji begins knocking on the doors of houses in his neighbourhood. When his quest for help leads him to Aisuru's house, she reluctantly lets him in and offers comfort. But she has no idea that Renji is also dealing with mental trauma related to his brother's untimely death and an absentee father. He is desperately trying to find a reason to go on. Once Upon a Yugoslavia Surya Green,2015-11-17 It is 1968. Across America, citizens march for social reform and an end to the Vietnam War. Amid all this, Surya Green--a New York-born, self-absorbed, modern young woman--is a student at Stanford University, blithely pursuing a graduate degree in communication. Her view of life's purpose unexpectedly starts to

expand when she says Yes when her Stanford film mentor selects her for a writing job at Zagreb Film in Yugoslavia. Family and friends marvel at her courage, or foolishness. The Zagreb studio may be the renowned producer of the first non-American animated film to win an Oscar, but it is in a country most Americans fear and reject as communist. Green has no idea that her stay in Yugoslavia will ultimately take her beyond national borders to the outermost limits of her mind. Although penned in the first person against the backdrop of Tito's Yugoslavia in historic 1968, *Once Upon a Yugoslavia* is, paradoxically, most timely. The global economic crisis has compelled people to question excessive consumption and redefine success and the good life while embracing new lifestyle priorities--just as Yugoslavia required of Surya Green decades ago. *Once Upon a Yugoslavia* addresses this present-day longing while also offering a lively history lesson. History books have objectively described the former Yugoslavia, but *Once Upon a Yugoslavia* gives personalized look at the everyday lives of people in pre-1989 Eastern Europe that shows how the experience transformed one young woman's American Dream. Chronicling the sights, sounds, and ups and downs of the everyday Yugoslav existence, Green speaks to both the positive and negative aspects of the contemporary phenomenon known as Yugo-nostalgia. The pros and cons of the American and Yugoslav societies fly to and fro during Surya's conversations with a host of colorful characters--some of whom she lodges with and travels the countryside with, others of whom she dates. In this strange Big Brotherish country of perplexing language, culture, and customs--which gives Surya an early experience of living a monitored life without privacy in a land where paranoia is contagious--more than once readers will hear her sobbing at night. Ultimately, the Yugoslav social experiment--its plus points, at least--were to give Surya Green a considerably altered view of the American values with which she was raised. And it is what led to that perspective--a personal transformation that started for her in explosive, memorable, life-changing 1968 in Tito's Yugoslavia, and continues to this day--which makes *Once Upon a Yugoslavia* such a unique and remarkable book. From the Trade Paperback edition.

Reflections Through an Hourglass E.M. Souza, 2012-03-21 The human mind, body and spirit is in constant need of an oasis to which it can constantly resort. In a world that is traveling faster than a rollercoaster, we will always find ourselves in a valley of decision. The search for enlightenment, motivation and inspiration is the fuel that drives us and keeps us on the path we need to go. It allows us to go forward and not keep on going through the same revolving door in life. Words that inspire us and allows us to gain insight and question ourselves, will require answers to how we look at life and what we might have to do to change our perception about many different things. Sometimes words suddenly make us surprise ourselves, in realizing somewhere along life's roll call, we have been missing a beat. We shock ourselves into admitting we were wrong or right about some things, but totally out of touch about other things, and like it or not we have to change our outlook. Such is progress, but it also tells us something about ourselves, and how essential change is in all our lives in order to move forward in the march of time. When wisdom enters your heart and knowledge is pleasant to your soul, discretion will preserve you,

understanding will keep you. Proverbs 2:verse 10 & 11 Reflections through an Hourglass takes you on a tour of your heart and mind to your inner being so you might look into and question the meaning of your purpose in this life Every life is a Storybook. from the Introduction

**Church Doctrine, Volume 5** Paul C. McGlasson,2018-07-02 The present volume is the fifth in a five-volume study of church doctrine. The multivolume set covers the major parts of church doctrine: Canon, God, Creation, Reconciliation, and Redemption. The first volume begins with an introduction to the entire project on why doctrine matters, which stresses the ecumenical, global, and above all biblical horizons of church doctrine as a primary expression of Christian witness. The purpose of this fifth volume is to explicate the full reality of God's redeeming love for the whole creation. In the doctrine of redemption, the church looks forward in hope. Through the gift of the Spirit at Pentecost the church is gathered out of all nations and peoples of the earth, and looks forward to the coming day of final redemption for the whole cosmos. Yet even now, the promise of God's coming is active in the world, rendering the church into a new humanity, establishing a new society, calling every individual to a new life of joy in discipleship. Church doctrine is not a luxury, but a necessity for the living community of faith, by which its witness in word and deed is tested against the one true measure of Christ the risen Lord.

Being Human, Being Migrant Anne Sigfrid Grønseth,2013-10-01 Migrant experiences accentuate general aspects of the human condition. Therefore, this volume explores migrant's movements not only as geographical movements from here to there but also as movements that constitute an embodied, cognitive, and existential experience of living "in between" or on the "borderlands" between differently figured life-worlds. Focusing on memories, nostalgia, the here-and-now social experiences of daily living, and the hopes and dreams for the future, the volume demonstrates how all interact in migrants' and refugees' experience of identity and quest for well-being.

Design and Emotion Moves Pieter M.A. Desmet,Jeroen van Erp,MariAnne Karlsson,2020-11-09 Design & Emotion Moves is an edited collection of papers presented at the 5th international Design and Emotion Conference in Gothenburg, Sweden. In spite of the wide variety of angles and approaches, all authors share the basic proposition that in order to understand

users (or consumers) and their behaviour, one must understand the affective responses that are involved in the processes of buying, using, and owning products. The book should appeal to anyone interested in understanding emotions involved in human-product relationships, and in techniques that can help utilising these insights in design practice.
