Mediatized Worlds A. Hepp, F. Krotz, 2014-03-06 How does the media influence our everyday lives? In which ways do our social worlds change when they interact with media? And what are the consequences for theorizing media and communication? Starting with questions like these, *Mediatized Worlds* discusses the transformation of our lives by their increasing mediatization. The chapters cover topics such as rethinking mediatization, mediatized communities, the mediatization of private lives and of organizational contexts, and the future perspective for mediatization research. The empirical studies offer new access to questions of mediatization an access that grounds mediatization in life-world and social-world perspectives.

Gendered (Re)Visions Marion Gymnich, Kathrin Ruhl, Klaus Scheunemann, 2010-11-17 In academic as well as in public debates audiovisual media have often been accused of perpetuating gender stereotypes and of confronting viewers time and again with traditional role models and binary concepts of masculinity and femininity. In recent years, films, television series and music videos increasingly have shown women and men who transgress the traditional gender dichotomy. One of the central ideas behind this volume is the attempt to bring together explorations of 'gendering' in different audiovisual media. The contributions seek to explore in particular shifting constructions of femininity and masculinity and aim to provide further insight into the media- and genre-specific ways of constructing, perpetuating and challenging gender concepts in audiovisual media, taking into consideration the interplay of the different levels on which gendering occurs in them. Thus, two articles in the present volume address the processes of constructing, perpetuating and challenging notions of femininity and masculinity in music videos, while other contributions are dedicated to the analysis of gendering in films and/or TV series.

Reading 'Desperate Housewives' Janet McCabe, Kim Akass, 2006-07-28 'Everyone has a little dirty laundry.' The darkly comic series about the secret lives of the ladies living on Wisteria Lane became an instant breakthrough hit for ABC. 21 million viewers tuned in for the first episode and this figure has steadily grown as audiences from around the globe have switched on to the shenanigans in suburbia. Desperate Housewives was subject to a backlash in America, where advertisers on the ABC network were lobbied by Christian groups and Parents' Associations. But the sponsorship withdrawal that resulted did little to dampen the enthusiasm of its legions of fans. Recipient of several awards including the People's Choice Award and Golden Globe for Best Television - Musical or Comedy, Desperate Housewives is a hit. Reading Desperate Housewives offers a critical response to one of the most talked about shows on contemporary television. Leading scholars and writers dissect the appeal of Desperate Housewives, tapping into early reactions and controversy. They consider the American sex wars, contemporary feminism, Republican politics and the rise of the Right, gender and femininity, motherhood and marriage - and that Vanity Fair shoot. The book includes an episode guide tracing all those goings-on beyond that white picket fence.

Power and Restraint Richard N Rosecrance, Gu Guoliang, 2009-03-03 Over several years, some of the most distinguished Chinese and American scholars have engaged in a major research project, sponsored by the China-U.S. Exchange Foundation (USEF), to address the big bilateral and global issues the two countries face. Historically, the ascension of a great power has resulted in armed conflict. This group of scholars -- experts in politics, economics, international security, and environmental studies -- set out to establish consensus on potentially contentious issues and elaborate areas where the two nations can work together to achieve common goals. Featuring essays on global warming, trade relations, Taiwan, democratization, WMDs and

bilateral humanitarian intervention, Power and Restraint finds that China and the United States can exist side by side and establish mutual understanding to better cope with the common challenges they face.

I Will Survive A Divorcee, 2019-10-24 This move back home represented for me another punch and I was reeling with it to the other side of the ring and the other side of the world. It felt like I kept bouncing off the boxing ring ropes. Boing! Boing! I was amazed that I could still feel something after all the punches I was the recipient of. I wished I were numb but I wasn't. You feel each blow and that is what divorce is. Blow after blow and you being bounced off the sides of the ring in the craziest scheme of things. Total loss of control as your body is flung to all sides like a rag doll. They packed. We smoked. I cried. A Divorcee Divorce is real self-discovery. Isn't it funny that all the letters of the word Divorce can be found in the word Discovery? Divorce is the catalyst for self-discovery: if life were logical, it would start with a divorce. Divorce is about Separation and Life is a series of successive separations that make up this story, as all of our stories. In my story, the accent may be on divorce, but we can also realize, that in life we all lead divorces. Divorce from a country of origin, a job, living with parents and then with children, our culture, our language, our youth...

Ephemeral Media Paul Grainge, 2019-07-25 *Ephemeral Media* explores the practices, strategies and textual forms helping producers negotiate a fast-paced mediascape. Examining dynamics of brevity and evanescence in the television and new media environment, this book provides a new perspective on the transitory, and transitional, nature of screen culture in the early twenty-first century.

Media Piracy in Emerging Economies Joe Karaganis, 2011 *Media Piracy in Emerging Economies* is the first independent, large-scale study of music, film and software piracy in emerging economies, with a focus on Brazil, India, Russia, South Africa, Mexico and Bolivia. Based on three years of work by some thirty five researchers, *Media Piracy in Emerging Economies* tells two overarching stories: one tracing the explosive growth of piracy as digital technologies became cheap and ubiquitous around the world, and another following the growth of industry lobbies that have reshaped laws and law enforcement around copyright protection. The report argues that these efforts have largely failed, and that the problem of piracy is better conceived as a failure of affordable access to media in legal markets.

What a Girl Wants? Diane Negra, 2009-06-02 From domestic goddess to desperate housewife, *What a Girl Wants?* explores the importance and centrality of postfeminism in contemporary popular culture. Focusing on a diverse range of media forms, including film, TV, advertising and journalism, Diane Negra holds up a mirror to the contemporary female subject who finds herself centralized in commodity culture to a largely unprecedented degree at a time when Hollywood romantic comedies, chick-lit, and female-centred primetime TV dramas all compete for her attention and spending power. The models and anti-role models analyzed in the book include the chick flick heroines of princess films, makeover movies and time travel dramas, celebrity brides and bravura mothers, 'Runaway Bride' sensation Jennifer Wilbanks, the sex workers,

flight attendants and nannies who maintain such a high profile in postfeminist popular culture, the authors of postfeminist panic literature on dating, marriage and motherhood and the domestic gurus who propound luxury lifestyling as a showcase for the 'achieved' female self.

Beyond Gender Greta Olson, Mirjam Horn-Schott, Daniel Hartley, Regina Leonie Schmidt, 2018-01-17 Scholars and activists often narrate the history of gender and feminism as a progression of waves, said to mark high points of innovation in theory and moments of political breakthrough. Arguing for the notion of multiple futurities over that of progressive waves, *Beyond Gender* combines theoretical work with practical applications to provide an advanced introduction to contemporary feminist and sexuality research and advocacy. This comprehensive monograph documents the diversification of gender-related disciplines and struggles, arguing for a multidisciplinary approach to issues formerly subsumed under the unified field of gender studies. Split into two parts, the volume demonstrates how the notion of gender has been criticized by various theories pertaining to masculinity, feminism, and sexuality, and also illustrates how the binary and hierarchical ordering system of gender has been troubled or overcome in practice: in queer performance, legal critique, the classroom, and textual analysis. Taking a fresh approach to contemporary debates in feminist and sexuality studies, *Beyond Gender* will appeal to undergraduate students interested in fields such as Feminism and Sexuality Studies, Gender Studies, Feminist Theory, and Masculinity Studies.

Unacceptable Melissa Korn, Jennifer Levitz, 2020-07-21 *FORBES TOP 10 HIGHER EDUCATION BOOKS OF 2020* The riveting true story behind the Varsity Blues college admissions scandal, a cautionary tale of parenting gone wrong, the system that enabled families to veer so far off course, and the mastermind who made it all happen. When federal prosecutors dropped the bombshell of Operation Varsity Blues, it broke open the crimes of exclusive universities and wealthy families all over the country, shattering the myth of American meritocracy. In *Unacceptable*, veteran Wall Street Journal reporters Melissa Korn and Jennifer Levitz dig deep into how otherwise smart, loving parents became caught up in scandal, led through the side door by one man: college whisperer Rick Singer. *Unacceptable* traces how, over decades, the charismatic Singer easily reeled in parents hoping to guarantee top educations for their children, and exploited a system rigged against regular people. Exploring the status obsession that seduced entitled parents in search of an edge, Korn and Levitz unfurl a scheme that entangled more than fifty conspirators, from wealthy CEOs to famous actresses, leading to imprisonments, ruined careers, and terminated enrollments. An eye-opening account of corruption in America's most exclusive institutions, *Unacceptable* tells the story of helicopter parenting, coddled teens, and the man who thought he couldn't be caught. Detailing Singer's steady rise and dramatic fall, Korn and Levitz expose the ugly underbelly of elite college admissions, and the devastating consequences of buying success.

Media-Ready Feminism and Everyday Sexism Andrea L. Press, Francesca Tripodi, 2021-03-01 Feminism can reflect the

cultural moment, especially as media appropriate and use feminist messaging and agenda to various ends. Yet media can also push boundaries, exposing audiences to ideas they may not be familiar with and advancing public acceptance of concepts once considered taboo. Moreover, audiences are far from passive recipients, especially in the digital age. In *Media-Ready Feminism and Everyday Sexism*, Andrea L. Press and Francesca Tripodi focus on how audiences across platforms not only consume but also create meanings—sometimes quite transgressive meanings—in engaging with media content. If television shows such as *Game of Thrones* and *Jersey Shore* and dating apps such as *Tinder* are sites of persistent everyday sexism, then so, too, are they sites of what Press and Tripodi call media-ready feminism. In developing a sociologically based conception of reception that encompasses media's progressive potential, as well as the processes of domestication through which audiences and users revert to more limited cultural schemas, Press and Tripodi make a vital contribution to gender and media studies, and help to illuminate the complexity of our current moment.

Soft Power and Great-Power Competition Joseph S. Nye, 2023-04-26 This open access book consists of essays selected from Joseph S. Nye, Jr.'s last three decades of writing and illustrate a variety of perspectives on the nature of power, the role of the United States in the world and US-China relations. Through this collection, it is hoped that readers will gain a better understanding of today's global environment and find that while great power competition may be inevitable in a world as centers of power shift, cooperating to address transnational challenges can be a positive sum game. The contents of this book are divided into four main parts. Part One discusses the origins and political progress of the concept of "Soft Power". Part Two explores soft power in the American experience, its sources and interaction with US foreign policy, as well as its ebb and flow in the age of Obama, Trump and Biden. Part Three examines the rise of and the opportunities and difficulties for Chinese soft power, focusing on China's investment in soft power and how this demonstrates its commitment to a peaceful rise. However, it also addresses the question of how can China get "smart" on how it uses soft power. Part Four provides a bird's-eye view of power shifts in the 21st century and the interactions between the US as an established power and China as a rising power, while also reassuring readers that Thucydidean fears are unnecessary and a Cold War is avoidable. Both countries have to realize that some forms of power must be exercised with others, not over others, the development of soft power need not be a zero-sum game. Ultimately, the US-China relationship is a "cooperative rivalry" where a successful strategy of "smart competition" is necessary and cooperation on transnational challenges like climate change, pandemics, cyberterrorism and nuclear proliferation, will serve to benefit not only China and the US, but the world as a whole.

In the Face of Adversity Thomas Nolden, 2023-02-20 *In the Face of Adversity* explores the dynamics of translating texts that articulate particular notions of adverse circumstances. The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator; how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead

gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result; and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding. The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored, misperceived or ignored. They look at translation and adaptation as a project of curating textual models of personal, communal or collective perseverance, and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks, as well as through a set of concrete case studies drawn from different cultural and historical contexts. The collection also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings, media and arts.

Television and New Media Jennifer Gillan, 2010-10-18 Television and New Media introduces students to the ways that new media technologies have transformed contemporary television production, distribution, and reception practices. Drawing upon recent examples including *Lost*, *24*, and *Heroes*, this book closely examines the ways that television programming has changed with the influx of new media—transforming nearly every TV series into a franchise, whose on-air, online, and on-mobile elements are created simultaneously and held together through transmedia storytelling. This book is essential for understanding how creative and industrial forces have worked together in the new media age to transform the way we watch TV.

New Media for a New China James F. Scotton, William A. Hachten, 2010-03-16 New Media for a New China is a timely introduction to the current state of the mass media in China and its growing role in the 21st Century global communication system. Brings together an international cast of scholars to analyse the diverse roles of China's media, covering all the major industries (advertising, newspapers, broadcasting, magazines, film, TV, PR). Considers the position of China's media in the middle of the country's tremendous social, economic and political changes. Explores the concept of the 21st century as "China's Century" because of the nation's unprecedented growth.

Look Closer David R. Coon, 2013-12-17 In recent years, the media landscape in the United States has followed a pattern similar to that of the physical landscape by becoming increasingly suburbanized. Although it is a far cry from reality, the fantasy of a perfect suburban life still exists in the collective imagination of millions of Americans. This dream of suburban perfection is built around a variety of such ideologically conservative values and ideals as the importance of tradition, the centrality of the nuclear family, the desire for a community of like-minded neighbors, the need for clearly defined gender roles, and the belief that with hard work and determination, anyone can succeed. Building on the relationships between suburban life and American identity, *Look Closer* examines and interprets recent narratives that challenge the suburban ideal to reveal how directors and producers are mobilizing the spaces of suburbia to tell new kinds of stories about America.

David R. Coon argues that the myth of suburban perfection, popularized by postwar sitcoms and advertisements, continues to symbolize a range of intensely debated issues related to tradition, family, gender, race, and citizenship. Through close examinations of such films as *American Beauty*, *The Truman Show*, and *Mr. & Mrs. Smith* as well as such television series as *Desperate Housewives*, *Weeds*, and *Big Love*, the book demonstrates how suburbia is used to critique the ideologies that underpin the suburban American Dream.

Shouting at the Telly John Grindrod, 2014-04-17 A host of comedians, writers and viewers, including Rebecca Front, Andrew Collins, Kevin Eldon, Emma Kennedy, Richard Herring, Jim Shelley and David Quantick share funny and heartfelt rants and raves on everything from soaps to sitcoms, sci-fi to reality shows, HBO to QVC. All of TV is here: the age-old rift between BBC and ITV that tore families apart; the secret shame of crying at adverts; and those significant moments in life when television has made for an unforgettable backdrop. Richard Herring has a controversial new theory about *Goodnight Sweetheart*, Boyd Hilton shares his all-time comedy top ten and Rebecca Front demolishes the clichés of news reading. They're joined by a list of fellow telly addicts with axes to grind, . So, if you have ever rooted for the most offensive candidates in *The Apprentice* or repeatedly corrected *Supernanny* Jo Frost's pronunciation of 'unacceptable' then this book will give you and your spleen many happy memories of the hours you've spent shouting at the telly.
