Presidential Sheet Music Danny O. Crew, 2001-01-01 Political historians have traditionally interpreted the people and events of each presidential era by studying books, periodicals, letters, diaries and speeches. One source of printed material that has not received much scholarly attention is published music, much of which has been all but lost in the archives of libraries and museums. These two volumes of Presidential Sheet Music present an exhaustive listing of presidential-related music in all printed forms, with information on each piece.

Ennio Morricone Alessandro De Rosa, 2019-02-01 Master composer Ennio Morricone's scores go hand-in-hand with the idea of the Western film. Often considered the world's greatest living film composer, and most widely known for his innovative scores to *The Good, the Bad, and the Ugly* and the other Sergio Leone's movies, *The Mission*, *Cinema Paradiso* and more recently, *The Hateful Eight*, Morricone has spent the past 60 years reinventing the sound of cinema. In *Ennio Morricone: In His Own Words*, composers Ennio Morricone and Alessandro De Rosa present a years-long discussion of life, music, and the marvelous and unpredictable ways that the two come into contact with and influence each other. The result is what Morricone himself defines: beyond a shadow of a doubt the best book ever written about me, the most authentic, the most detailed and well curated. The truest. Opening for the first time the door of his creative laboratory, Morricone offers an exhaustive and rich account of his life, from his early years of study to genre-defining collaborations with the most important Italian and international directors, including Leone, Bertolucci, Pasolini, Argento, Tornatore, Malick, Carpenter, Stone, Nichols, De Palma, Beatty, Levinson, Almodóvar, Polanski, and Tarantino. In the process, Morricone unveils the curious relationship that links music and images in cinema, as well as the creative urgency at the foundation of his experimentations with absolute music. Throughout these conversations with De Rosa, Morricone dispenses invaluable insights not only on composing but also on the broader process of adaptation and what it means to be human. As he reminds us, Coming into contact with memories doesn't only entail the melancholy of something that slips away with time, but also looking forward, understanding who I am now. And who knows what else may still happen.

The Music of Charlie Chaplin Jim Lochner, 2018-10-16 Charlie Chaplin the actor is universally synonymous with his beloved Tramp character. Chaplin the director is considered one of the great auteurs and innovators of cinema history. Less

well known is Chaplin the composer, whose instrumental theme for *Modern Times* (1936) later became the popular standard *Smile*, a Billboard hit for Nat King Cole in 1954. Chaplin was prolific yet could not read or write music. It took a rotating cast of talented musicians to translate his unorthodox humming, off-key singing, and amateur piano and violin playing into the singular orchestral vision he heard in his head. Drawing on numerous transcriptions from 60 years of original scores, this comprehensive study reveals the untold story of Chaplin the composer and the string of famous (and not-so-famous) musicians he employed, giving fresh insight into his films and shedding new light on the man behind the icon.

They're Playing Our Song Max Wilk, 2012-08-07 Originally published in 1973, when it won the ASCAP Deems Taylor Award , reprinted and revised several times since, *They're Playing Our Song* is a classic oral history of American popular music. Now further updated with new material and new photographs, this book is indispensable for anyone interested in the Great American Songbook of the 20th Century, original, classic and timeless songs and lyrics as popular today as ever.

Saying It With Songs Katherine Spring, 2013-11 Hollywood's conversion from silent to synchronized sound film production not only instigated the convergence of the film and music industries but also gave rise to an extraordinary period of songs in American cinema. *Saying It With Songs* considers how the increasing interdependence of Hollywood studios and Tin Pan Alley music publishing firms influenced the commercial and narrative functions of popular songs. While most scholarship on film music of the period focuses on adaptations of Broadway musicals, this book examines the functions of songs in a variety of non-musical genres, including melodramas, romantic comedies, Westerns, prison dramas, and action-adventure films, and shows how filmmakers tested and refined their approach to songs in order to reconcile the spectacle of song performance, the classical norms of storytelling, and the conventions of background orchestral scoring from the period of silent cinema. Written for film and music scholars alike as well as for general readers, *Saying It With Songs* illuminates the origins of the popular song score aesthetic of American cinema.
