Ailsa Peate

Subverting Sex, Gender, and Genre in Cuban and Mexican Detective Fiction Ailsa Peate, 2024-09-25 The presence of bodies and sex in detective fiction has been a long-term feature of this internationally popular genre. Titillation is at the centre of narratives reliant upon discovery and revelation: motives and criminals are slowly revealed, along with sexualized and violated bodies – from femmes fatales to the corpses of victims. A satisfying, gratifying genre for its readership, the detective novel promises the disruption and subsequent restoration of order in societies tarnished by disillusionment which hope for a better future. This book takes as its focus examples of detective fiction from Cuba and Mexico during or in the aftermath of huge social upheaval (the Special Period and the War on Drugs), analyzing representations of sexualities, bodies, and the genre itself. Through an investigation of novels by Leonardo Padura and Amir Valle of Cuba, and Belfrage and Rogelio Guedea of Mexico, this work investigates increasingly fluid sexualities and bodies in challenging examples of metaphysical detective fiction, a particularly anxious subgenre which challenges both the structures and limits of the detective novel and the reader's understanding of true and false and right and wrong, representative of troubling periods of severe social disruption for Cuba and Mexico.

Tratamiento ético de la violencia de género en los medios María Sánchez-Ramos, Belén Zurbano-Berenguer, Aurora Edo-Ibáñez, 2024-01-18 En esta Guía se plantean una serie de recomendaciones sobre el tratamiento comunicativo correcto de la violencia de género. Para ello, las autoras comienzan preguntándose qué es la violencia de género (desde un prisma teórico, pero también jurídico y periodístico) y cuándo empieza a conocerse y reconocerse como un problema social y sobre todo mediático. A partir de estas reflexiones se identifican y analizan las propuestas deontológicas existentes hasta la fecha en el estado español y en otros contextos hispanófonos para contribuir a la erradicación de este problema desde la comunicación mediática. Por último, las autoras realizan una propuesta compilada y actualizada de recomendaciones para el tratamiento correcto de este tipo de noticias y, con arreglo a éstas, se facilita una herramienta sencilla y eficaz para el autodiagnóstico de la calidad deontológica de las informaciones.
