S. Groes

The Information Martin Amis, 1995 How can one writer hurt another where it really counts - his reputation? This is the problem facing novelist Richard Tull, contemplating the success of his friend and rival Gwyn Barry. Revenger's tragedy, comedy of errors, contemporary satire, *The Information* skewers high life and low in Martin Amis's brilliant return to the territory of Money and London Fields.

The Information Martin Amis, 2025-10-07 A wry, incisive satire of envy and ambition following a failed novelist's absurd quest to sabotage his more successful rival—with a new introduction by James Wood. Richard Tull, a failed and disillusioned novelist, seethes with envy as he watches his longtime friend Gwyn Barry, a talentless, populist charlatan, rise to literary superstardom. Barry is adored by readers, celebrated by critics, and constantly in the public eye, while Tull sinks deeper into middle-aged obscurity, unable to escape the evidence of his own defeat. In a trance of impotent rage, Tull devises a vicious plan to ruin his friend—or at least hurt him as badly as possible—and finds himself tumbling into London's criminal underworld, as well as the darkest precincts of his own soul. Laced with Martin Amis's signature linguistic brilliance and exquisite satirical bite, *The Information* probes the corrosive power of envy, the absurdity of rivalry, the hollow victories of modern fame, and the agonizing smallness of man's place in the universe. By turns hilarious and devastating, it is the work of a literary master at the peak of his dazzling powers.

New York Magazine, 1995-05-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Information Martin Amis, 2011-01-26 Fame, envy, lust, violence, intrigues literary and criminal—they're all here in *The Information*, as one of the most gifted and innovative novelists of our time explores the question, How does one writer hurt another writer? Satirical and tender, funny and disturbing...wonderful. —The New York Times A portrait of middle-age realignment with more verbal felicity and unbridled reach than [anything] since Tom Wolfe forged *Bonfire of the Vanities*. —Houston Chronicle Richard Tull, a frustrated, failed novelist, stewes with envy and humiliation at the success of his oldest

friend, Gwyn Barry, who is a darling of book buyers, award committees, and TV interviewers. He's a terrible writer, but that doesn't comfort Tull as he sinks deeper into the sub-basement of literary obscurity. The only way out of this predicament, Tull believes, is to plot the demise of Barry—to gather the information that will lead to his downfall. Meanwhile, both men are being watched by a psychopathic ex-con and a young thug, who have staked out their homes, watching their wives and Richard's small twin boys, waiting until the time is right... Amis is at his savage best in what has been hailed as one of his greatest books, full of wicked humor and exquisitely turned, cutthroat sentences, never out of reach of a sparkly phrase, stiletto metaphor or drop-dead insight into the human condition, as the critic Christopher Buckley put it. This is a mesmerizing and entertaining novel of midlife crisis and male friendship, of our brutal culture of fame and fortune and too much information. The Information contains some of the most pleasantly wicked passages Amis ever written. (San Francisco Chronicle)

Beyond Postmodernism Klaus Stierstorfer, 2003 After the veritable hype concerning postmodernism in the 1980s and early 1990s, when questions about when it began, what it means and which texts it comprises were apt to trigger heated discussions, the excitement has notably cooled down at the turn of the century. Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism, while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts, theoretical premises, and authorial practices. Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm, but deal with them in ways that promise new openings or a new Zeitgeist.

Martin Amis: Postmodernism and Beyond G. Keulks, 2006-08-25 This is the first collection of essays ever published on Martin Amis, one of England's most controversial and critically acclaimed authors. It assembles the ideas of twelve scholars

from different countries to clarify the major trends and transitions in Amis's work. The essays will become an authoritative resource for scholars and students alike.

Literature and the Writer ,2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft. It was the hope of the editor that the selected essays would examine not only writers' choice of vocabulary, but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery. Moreover, the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction. Thus, a wide variety of authors are deliberately selected to give the text depth: writers of popular fiction as well as modern classics are included, and contrasts are established between traditional writers and those who prefer to follow experimental trends. Modernists are set against postmodernists, absurdists vs. realists, minority ethnicities vs. majority cultures, and dominant genders appear in contrast to subordinated ones. Clearly, the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience, how texts are constructed by authors and yet deconstructed by the very words they choose to include, how silence functions as inaudible yet audible discourse; and how authorial self-concept shapes not only itself but is also echoed in the fictional characters / writers who appear in the texts.

The Making of London S. Groes,2015-12-04 London has become the focus of a ferocious imaginative energy since the rise of Thatcher. Novel Style Ben Masters,2017-12-15 We live in a time of linguistic plainness. This is the age of the tweet and the internet meme; the soundbite, the status, the slogan. Everything reduced to its most basic components. Stripped back. Pared down. Even in the world of literature, where we might hope to find some linguistic luxury, we are flirting with a recessionary mood. Big books abound, but rhetorical largesse at the level of the sentence is a shrinking economy. There is a prevailing minimalist sensibility in the twenty-first century. Novel Style is driven by the conviction that elaborate writing opens up unique ways of thinking that are endangered when expression is reduced to its leanest possible forms. By re-examining the works of essential English stylists of the late twentieth century (Anthony Burgess, Angela Carter, Martin Amis), as well as a newer generation of twenty-first-century stylists (Zadie Smith, Nicola Barker, David Mitchell), Ben Masters argues for the ethical power of stylistic flamboyance in fiction and demonstrates how being a stylist and an ethicist are one and the same thing. A passionate championing of elaborate writing and close reading, Novel Style illuminates what it means to have style and how style can change us. .

With approximately 450 entries, this A-to-Z guide explores the literary contributions of such writers as Joseph Conrad, James Joyce, D H Lawrence, Rudyard Kipling, Oscar Wilde, Katherine Mansfield, Martin Amis, and others.

Contemporary Perspectives on Language, Culture and Identity in Anglo-American Contexts Éva Antal, Csaba Czeglédi, Eszter Krakkó, 2019-09-23 This collection of essays highlights the great variety one finds in contemporary scholarly discourse in the fields of English and American studies and English linguistics in a broad and inclusive way. It is divided into thematically structured sections, the first two of which examine the motif of travelling and images of recollection in literary works, while the third and the fourth parts deal with male and female voices in narratives. Another chapter discusses visual and textual representations of history. The last two subsections focus on the rhetorical and theoretical questions of language. The pluralism of themes indicated in the book's title can thus be regarded not as a limitation, but, rather, as evidence of its potential.

Interference Patterns Jon Adams, 2007 The story of twentieth-century literary criticism can be told as a story about methodological anxieties: anxieties fostered by the success of the sciences and enacted by critics who have tried to set the study of literary texts on a more scientific basis. At the macrostructural level were taxonomists: Northrop Frye attempted to locate literature's conceptual center and organize Ptolemaic satellite myths around it, inferring the existence of literature from the possibility of criticism. linguistic microstructure, seeking (and finding) unsuspected levels of complexity, first in Baudelaire and Shakespeare, then in lesser poets, then in advertising slogans. After the collapse of the structuralist project, calls for the scientization of literary study have increasingly come from outside the humanities, where, despairing of criticism's native efforts, cognitive scientists and

An English-French Dictionary of Clipped Words Fabrice Antoine, 2000 This dictionary deals with the little words which

everyone uses every day without even noticing them and which are so liable to escape the grasp of a speaker of another language - clipped words, obtained by back-clipping or apocope (the dropping of one or more final syllables), by front-clipping or apharesis (the dropping of one or more initial syllables), by the combination of these two processes and sometimes further transformed, especially in slang, by the addition of a new ending. The aim is not of course merely to list all these words and say from which longer words they were obtained; an attempt is made here to retrace the history of each of them, its stylistic, semantic and often morphological evolution, to illustrate this with authentic and often pungent or humorous quotations and also to show how each can be translated into the other language. Indeed this is an English-French bilingual dictionary, whose aim is to translate clipped words according to principles of historical and register fidelity which bilingual dictionaries do not ordinarily set for this type of headword. Thus, clipped words will be shown to have meaning precisely because they are clipped; consequently, this meaning must be preserved and conveyed in translation. This dictionary thus aims at being different from traditional bilingual dictionaries, dictionaries of slang and colloquialisms included, in the structure and content of its articles, in which much space is devoted to the lexicological data, which inform the strictly lexicographical information. Special attention and care have been devoted to the system of cross-references, the recording and presentation of derived forms, variants and compounds and to the presentation of slang or colloquial synonyms of the headwords. The body of the dictionary is preceded by a preface in which the editing principles and methods are outlined and an attempt is made at analyzing the corpus: its historical, sociological and morphological aspects are reviewed, together with the motivations of those that coin or use clippings. These motivations appear essential to the proper appraisal of this body of slang and colloquial words; this dictionary's intention is to pay homage to all the unknown people who have made the lexicon richer by playing with and on words, with joyful humour, zest and gusto. It is hoped that all lovers of words will have the same pleasure exploring this dictionary as its author had writing it. Professor Fabrice Antoine teaches English at the Université Charles-de-Gaulle Lille III (France). His research fields are bilingual lexicography, lexicology and translation; he has been a consulting editor for a dozen bilingual dictionaries, general as well as slang ones. He is especially interested in French and English slang and colloquialisms and co-edited ELEXTRA (Etudes sur le Lexique et la Traduction), a research centre at the University of Lille.

Father and Son Gavin Keulks, 2004-12-27 An innovative study of two of England's most popular, controversial, and influential writers, *Father and Son* breaks new ground in examining the relationship between Kingsley Amis and his son, Martin Amis. Through intertextual readings of their essays and novels, Gavin Keulks examines how the Amises' work negotiated the boundaries of their personal relationship while claiming territory in the literary debate between mimesis and modernist aesthetics. There was a battle over the nature of reality itself, a twentieth-century realism war conducted by loving family members and rival, antithetical writers. Keulks argues that the Amises' relationship functioned as a source of

literary inspiration and that their work illuminates many of the structural and stylistic shifts that have characterized the British novel since 1950.

New Makers of Modern Culture Justin Wintle, 2016-04-22 *New Makers of Modern Culture* is the successor to the classic reference works *Makers of Modern Culture* and *Makers of Nineteenth-Century Culture*, published by Routledge in the early 1980s. The set was extremely successful and continues to be used to this day, due to the high quality of the writing, the distinguished contributors, and the cultural sensitivity shown in the selection of those individuals included. *New Makers of Modern Culture* takes into full account the rise and fall of reputation and influence over the last twenty-five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union; the rise and fall of postmodernism; the eruption of Islamic fundamentalism; the triumph of the Internet. Containing over eight hundred essay-style entries, and covering the period from 1850 to the present, *New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film-makers and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley, next to John Ruskin is Salman Rushdie, alongside Darwin is Luigi Dallapiccola, Deng Xiaoping runs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin. Once again, Wintle has enlisted the services of many distinguished writers and leading academics, such as Sam Beer, Bernard Crick, Edward Seidensticker and Paul Preston. In a few cases, for example Michael Holroyd and Philip Larkin, contributors are themselves the subject of entries. With its global reach, *New Makers of Modern Culture* provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross-referencing. There is an index of names and key terms.

The Good of the Novel Liam McIlvanney, Ray Ryan, 2011-10-13 Brings together leading critics and novelists with some of the finest contemporary novels to answer probing questions about the role of the modern novel.
