Man on the Run Tom Doyle,2014-06-17 An illuminating look at the most tumultuous decade in the life of a rock icon—the only McCartney biography in decades based on firsthand interviews with the ex-Beatle himself. As the 1970s began, the Beatles ended, leaving Paul McCartney to face the new decade with only his wife Linda by his side. Holed up at his farmhouse in Scotland, he sank into a deep depression. To outsiders, McCartney seemed like a man adrift—intimidated by his own fame, paralyzed by the choices that lay before him, cut loose from his musical moorings. But what appeared to be the sad finale of a glorious career was just the start of a remarkable second act. The product of a long series of one-on-one interviews between McCartney and Scottish rock journalist Tom Doyle, Man on the Run chronicles Paul McCartney's decadelong effort to escape the shadow of his past, outrace his critics, and defy the expectations of his fans. From the bitter and painful breakup of the Beatles to the sobering wake-up call of John Lennon's murder, this is a deeply revealing look at a sometimes frightening, often exhilarating period in the life of the world's most famous rock star. Sensing that he had nowhere to go but up, Paul McCartney started over from scratch. With emotional—and musical—backing from Linda, he released eccentric solo albums and embarked on a nomadic hippie lifestyle. He formed a new band, Wings, which first took flight on a ramshackle tour of British university towns and eventually returned Paul to the summit of arena rock superstardom. In Man on the Run, Doyle follows McCartney inside the recording sessions for Wings' classic album Band on the Run—and provides context for some of the baffling misfires in his discography. Doyle tracks the dizzying highs and exasperating lows of a life lived in the public spotlight: the richly excessive world tours, the Japanese drug bust that nearly ended McCartney's career, his bitter public feuds with his erstwhile Beatle bandmates, and the aftermath of an infamous drug-and-alcohol-fueled jam session where McCartney helped reconcile the estranged John Lennon and Yoko Ono. For Paul McCartney, the 1970s were a wild ride with some dark turns. Set against the backdrop of a turbulent decade, Man on the Run casts the "sunny Beatle" in an entirely new light. Praise for Man on the Run ""Tom Doyle's detailed chronicle, which includes rare interviews with McCartney and former Wings members, portrays a band that was far more contentious than eager-to-please hits like 1976's 'Let 'Em In' had us believe, fronted by a legend who wanted to be both boss and buddy. The book is larded with tales of Seventies rock-star excess, Paul and Linda's love of weed, docked paychecks, and grousing

musicians."—Rolling Stone "Well-researched but still breezy and engaging, the book offers a comprehensive tour of the shaggy, bleary-eyed decade when the hardest-working ex-Beatle reached the zenith of his creative and commercial success. . . . Man on the Run makes an excellent contribution to the burgeoning literature devoted to McCartney's post-Beatles career."—The Boston Globe "In the 1970s, a depressed, heavy-drinking Paul McCartney walked away from The Beatles and reinvented himself as the leader of another hitmaking rock 'n' roll band. A new book by longtime Q magazine contributing editor Tom Doyle about that turbulent period in the legendary rock star's life, Man on the Run, catches him in mid-flight."—Billboard

50 Years Tim Bowden,Wendy Borchers,2006 From its (at times) not-so-smooth launch in November 1956 from a studio in Kings Cross, some of the best-loved, most iconic programs in Australian memory have been seen on the ABC. Here are some memories you are sure to remember, some so vividly that it will seem like yesterday that you watched them - although it may have been 20 years ago! Tim Bowden remembers decade by decade not just the great shows, the brilliant mini-series and drama, the cutting-edge current affairs, the springboard to success for so many young comedians, but also the changes to the ABC itself, the way the public broadcaster has evolved and grown, the successes and challenges to maintain its integrity and to live up to its charter, to be the most trusted public institution in Australia. Featured programs include Mr Squiggle, Playschool, Adventure Island, Bananas in Pyjamas, Weekend Magazine, This Day Tonight, Four Corners, Media Watch, Lateline, Foreign Correspondent, Australian Story, Bellbird, Certain Women, GP, Seachange, Phoenix, Seven Little Australians, Rush, Power Without Glory, Brides of Christ, Aunty Jack, The D-Generation, Frontline, Mother and Son, The Games, Kath and Kim, Why is it So?, A Big Country, The Inventors, In the Wild, Towards 2000, The Investigators, Nature of Australia, Bush Tucker Man, Gardening Australia, Message Stick, Enough Rope and Countdown.

Bum Fodder Richard Smyth,2012-10-01 This is the hidden history of an invention that we use every day but seldom dare to speak of. In medieval China it was cutting-edge technology. For 19th-century Americans it was a newfangled alternative to dried corncobs and the Sears & Roebuck catalogue. Wits in Georgian London preferred pages of bad poetry. The sages of ancient Athens were content to wield the xylospongion instead. It's the tale of toilet paper; the biography of bumfodder. From its origins at the Imperial court of Emperor Hongwu to its reinvention as a quack remedy for haemorrhoids in 1870s New York city; from the Dutch and their mussel-shells to Henry VIII and his Groom of the Stool; from Madame de Prie's pioneering bidet to the space-age Washlet; from leaf-wielding chimpanzees to Mr Thirsty Fiber and the world's first three-adjective loo-roll - it's a story of necessity and invention, luxury and squalor, experiment and tradition. What does a submarine crew do when it runs out of toilet paper? Who stole the Pope's loo-roll? Does printer's ink cause piles? How do you fold a sheet of toilet paper in half more than seven times? What did 'bumphleteers' do, and why? Richard Smyth answers the questions you never thought to ask about the product we can't live without.

Wiped Ronald H Blumer,2013-05-21 FULL COLOR LARGE FORMAT EDITION How did people clean their rear ends before the invention of paper? The ancient Greeks used stones! Really! This rear-window view of the history of the world also details how the kings and queens of England and France wiped their royal asses? Not like you and I. What does Judaism, Islam and Buddhism have to say about this act? Surprisingly a lot. How did an ass-kisser -- that is, man who actually kissed his patron's ass -- almost become pope. Who is the real father of toilet paper? You won't find the answer on the Internet. Why do most people in the world think that wiping with paper is disgusting? Is there a better way? This is the first book ever written which presents a well-documented history of something that every human being has done every day since the beginning of time.
